“Look that man’s address up in the Directory,” said the modern high power Executive.

Why?

Because it is an immediate point of contact when you address your customer correctly. Carelessly addressed mail presupposes a carelessly conducted business.

GET ACQUAINTED WITH THIS "STORE OF QUALITY"

"Look that man's address up in the Directory," said the modern high power Executive.

Why?

Because it is an immediate point of contact when you address your customer correctly. Carelessly addressed mail presupposes a carelessly conducted business.
