NHS AGAIN VICTOR, LED BY HUMPHRIES

The Newmarket high school basketball team took the measure of the Exeter High outfit last Tuesday night at the Newmarket Town Hall, by the close score of 36-33. The game was won through the fine basket shooting of Rousseau and Loughlin, the excellent backboard work of Andy March and Cliff Griswold and the superb all-around play and generalship of Captain Humphreys in leading the team to another victory.

Coach Kingsman figured to have a pannant-winning five this year, especially after the first game of the season in which the current team defeated the star players of the past two or three years in the annual Alumni game. After the victory over the alumni, the boys started to see who could shoot the most baskets, regardless of team play, and as the result, they lost the next two games to a couple of teams which they should have easily defeated.

Here Is Revenge For Pearl Harbor

The war means that Albert L. Bergeron, tax collector in Newmarket, will have to pause a couple of times a week from the figures on the town's evaluation to write a letter.

The letters will go to his only son, who had barely completed a regular enlistment in the United States Navy when the news of Pearl Harbor electrified the nation.

Young Bergeron lost no time in getting back in uniform.

His father—perhaps on the popular song idea of "we did it once, and we'll do it again," has resumed his former practice of writing two letters a week to his boy in Uncle Sam's blue.

CARNIVAL AT UNH REDUCED TO TWO DAYS

The annual winter carnival of the University of New Hampshire will be held in Durham, Feb. 13 and 14, it has been announced. There will be considerable curtailment in its features, however.

It was originally planned to open the event on Thursday, Feb. 12, but all the events planned for that day, including the ice follies, midnight show and basketball game between the Girls' All-Stars and the senior men of the Blue Key honorary society, have been cancelled.

The Carnival Ball, which begins at 9 p. m. Friday and lasts until 2 a. m. Saturday, leads the social events. "A Winter Scene" will be the theme for decorations when the gala ball takes place.

Other social activities include a barn dance on Saturday afternoon at the Grange hall in Durham, and house dances at the 13 fraternities on Saturday evening.

Highlight of athletic events will be the invitation ski meet in which Dartmouth, Middlebury, Norwich and the universities of Maine, Vermont and New Hampshire will compete. Opening at Gilford on Friday with slalom and downhill races, the meet moves to Durham Saturday morning where the cross country event will be held. Early in the afternoon ski jumping, the final contest of the meet, will take place at Beech hill, Durham.

On Friday afternoon the University's varsity hockey team meets Boston university at 3 p. m. At 4 there will be a basketball game between New Hampshire freshmen and Bridgeton academy, and at 5 the freshman hockey team plays Boston university freshmen.

BY "OLD-TIMER"
"He who lives in a glass house should not throw stones". This statement may well apply when, during the early part of this basketball season, the Newmarket high school basketball team suffered a defeat at the hands of little Epping high school. Forthwith followed a shower of derisive comments and remarks against the team.

This was all handed out by local fans and former high school players themselves. Upon digging through past records by chance was discovered an old score book with the records of several games of years past. And, "believe it or not," was found the N.H.S.-Epping game of 1934, Nov. 12 to be exact. Final score was Epping 24, N.H.S. 5. Furthermore, the Newmarket boys did not make a single field goal and the book shows that 40 attempts were made. The five points were made out of 10 free throws.

The above facts and figures may recall the game to several local basketball fans. The past often uncovers many situations that are not wanted to be known in the present.

Firemen Rescue Cat From Tree

The Newmarket fire signal screeched and the town's "smoke-eaters" raced madly to the home of Mrs. Leo Beaulieu on Forest street, Wednesday morning.

A large blanket was spread out in preparation for the thrilling rescue.

Then one of the brave firemen, Robert Albie, hurried up a long ladder to reach Mrs. Beaulieu's cat, which had refused for two days to leave its perch in a tall tree in front of the Beaulieu home.

Albie grabbed the feline and tossed it down into the blanket, but apparently the cat didn't appreciate its rescue and ran from the scene.

Hours later, Mrs. Beaulieu had not found the cat, but felt cer-

but in this case it will serve well as an example.

FOUR PERSONS HURT AS FIVE CARS PILE UP

Four persons were injured, but none seriously, when five automobiles became involved in an unusual accident near the Higgin's ice cream establishment on Portsmouth avenue in Exeter last Sunday afternoon.

Investigators reported a car driven by Lewis D. Rogers of 163 Front St., Exeter, was proceeding along Portsmouth avenue toward Exeter when there was a collision with a machine operated by Conrad Wesselhoeft of South Hampton. The Rogers car then veered across the road, police said, and struck a car driven by Mrs.

A wedding of much interest to Newmarket people took place in St. Mary's Church, Newmarket, last Saturday morning, when Miss Katherine Sobonzenski, daughter of Felix Sobonzenski, became the bride of Stanley Szacik, chairman of the Newmarket Board of Selectmen and son of Mr. and Mrs. John Szacik. The Rev. J. Desmond O'Connor, assistant pastor, performed the double ring service, while Miss Lena Grant served as maid of honor and Walter Szacik, brother of the bridegroom, was best man.

The following is the last paragraph of an address made by the late William B. Bankhead, speaker of the house of representatives. Thanks to his daughter, Tallulah, who reminded us of it. "Allow me to make this final observation: Until the one-man nations of the world can produce greater military leaders and strategists than Joshua; until they can point within the circle of their own men who have stood closer to God than Moses; until some Aryan is wiser than Solomon or a sweeter singer of lyrics than David; until they can produce a greater moral philosopher than Jesus of Nazareth—let them beware of asserting that no good can come out of Palestine, that there is no heroism or genius among the fellow citizens of Isaiah, no heritage of character left to the descendants of the Maccabees."

Of course, it will be necessary to cancel games scheduled after May 9, when the university will close, but other contests will be played as arranged. The committee went on record as saying "now, more than ever, the athletic program in our colleges should not be curtailed. LARGE COUNTY FUEL OIL COST

The high cost of fuel oil purchased by the Rockingham County commissioners for the county buildings in Exeter is criticized in a report written by John D. Langmuir, executive director of the N. H. Federation of Taxpayers' Association. The report said: "ROCKINGHAM county's purchases of fuel oil for the Exeter buildings are excellent examples of what happens when little or no attention is given to careful buying principles. The county buys 8,000 gallons yearly, paying full retail for it. Apparently no questions are asked of oil dealers, whatever the prices are charged. For example:

NEWMARKET TRIMS TRAIIP

The Newmarket high school team finally geared its wheels into full power and steam-roller over its worthy opponents from Traip Academy of Maine by the score of 47 to 29.

Playing a wide open style of basketball, the boys displayed a high-powered scoring club. Three players, Loughlin, Griswold, and Rousseau, contributed 15, 14 and 10 points respectively.

The defense is well taken care of by two big, rugged guards, Charlies Humphreys and Andy March. Thus combining speed on the offensive and height on the defense, the team clicked well and early outshone a good opponent.

The girls' varsity also played its best to win its fourth victory of the season. Miss Morin's team displayed a fine passing attack. Audrey Phalen, junior center, continued her scoring surge by adding 17 points and Virginia Walker played a fine defensive game at guard.

Dear Mrs. Dog, Take A Litter

(Photographer's Note: If the above picture seems a bit diffused, you are reminded that to keep six hungry pups quiet for even a moment is practically an impossibility. They are all there being fed by their mother, however, and with a bit of patience they may be counted, from one to six.)

Said by dog fanciers to be quite an unusual occurrence, "Beauty," a 2½-year-old German police dog belonging to Mr. and Mrs. Armand H. Mailhot of Rochester, gave birth to six puppies, all male, in her first litter. It is said that in a first litter the female pup is in the majority, so it looks like "Beauty" hit the jack-pot the first time.
The canine sextuplets are named

Buster, Rinny, Rex, Prince, Randy and Duke. Their father is owned by Charles Smith of Lakeport.
In addition there are two kittens in the Mailhot animal family, one named Tommy who is the pet of the Mailhot's 3-year-old daughter, Jacqueline, the other, called Mickie, belonging to 6-year-old Freddie Mailhot.
The cute little brown puppies are for sale said Mr. Mailhot.

He Wanted a Raise!

An old-fashioned Hebrew employer remonstrated when one of his employees asked for a raise on the ground that he worked too hard. "Why," protested the employer, "you have an easy time of it. You do not work at all. Look! There are 365 days in a year. Eight hours each day you sleep. That makes 122 days leaving 243 days. Eight hours of every day you have for yourself. That leaves 121 days. I give you an hour for lunch every day and that amounts to 15 days more, leaving 106. You do not work on Sundays—52 days more off, leaving 54. You get Saturday afternoons off—another 26 days, leaving 28 days. You have two weeks vacation every summer, and you take off about a week for sickness. Only 7 days a year to work—and New Year, Washington's Birthday, Decoration Day, July 4th., Labor Day, Thanksgiving Day and Christmas holidays. Besides you take Yom Kipper off. I should give you a raise? You owe me money!"

This Is America!

Uncle Sam's part in the war is becoming more apparent every day to all of us, and all of us are fortunately becoming more aware of its key to life or death to the very life which we have always known.

Our commander-in-chief, President Roosevelt, has announced "The Yanks Are Coming," in 1942 American Expeditionary Forces headed for points of the globe where they can serve the United Nations the best. A year ago, this action would have been "unspeakable" to our isolationists, but Pearl Harbor—thank God for the incident, for all its cost—awoke all America.

During the past week, American bombers have shown their mettle in combats against superior odds of the Japanese. Unfortunately, however, several of our bombers crashed on native soil for reasons which to our knowledge have not been officially reported.

The picture assumes another solemn phase in the tragic plane crash which cost the life of beautiful Carole Lombard, the film star, as well as a number of the finest American Air Corps members. Carole's sole mission on the air trip which meant the death that stunned Hollywood was to help her Uncle Sam in selling Defense Bonds and she had made a fine record in this respect. According to press reports, the publicity representative accompanying her opposed the return trip to Hollywood by plane, but they compromised by flipping a coin. Carole won—but lost.

Carole won the admiration of the President of the United States, who wrote a very comforting message to the bereaved.

She lost, though, a life which all Hollywood agreed was most happy with Clark Gable, an actor the nation adores. To his sorry now, but at the time an assignment for the benefit of all man-

Lawyer in Same Office 40 Years

A. L. Churchill, Newmarket's, only practising attorney, can proudly display a letter attesting to the fact that he has maintained an office at 116 Main street, Newmarket, for 40 years.

He was also listed in the 1941 edition of "recommended attorneys" issued by the well known Rand NacNally publishing firm.

Attorney Churchill is well known in both Newmarket and Exeter. He is a frequent visitor in the latter town, where an 88-year-old sister, a retired teacher, resides.

Exeter High School Notes

Last Friday evening the Exeter high basketball team suffered a painful defeat at the hands of the powerful Hampton academy team. The Hampton team has a great advantage of height and can certainly use it to good advantage in passing and shooting. The game was a terrible setback for Exeter high.

Stover, one of the Hampton's stars, tallied for 22 points. This is a record to be proud of. The game was played in the Exeter high auditorium and ended in a victory for Hampton, 42 to 19. The Exeter high second team won by a score of 21 to 17.

As a fairly small amount of money is still needed to finish the payment of the electric scoreboard recently purchased at Exeter high school, the Hi-Y Club of Exeter is sponsoring a movie and dance to raise the needed money. The movie-dance is to be at 7 o'clock on Jan. 31 and will be held in the high school auditorium.

The admission will be only 40c, tax included.

A revival issue of the Exeter high weekly newspaper, "The High Hat", was to be printed this week. Under the guidance of the new editor, the paper, it is hoped, will be a major success. The paper is written and printed by a number of capable high

Driver Fined \$50 in 5-Car Crash

A \$50 fine and costs of \$4.70 were imposed upon Lewis D. Rogers of Front street, Exeter, when arraigned Tuesday in Exeter Municipal Court on a charge of operating an automobile so as to endanger.

The mishap was investigated by Chief of Police Thomas R. Chrysler and Officer Benton J. Hoitt.

1,000 At Raid Warden School

Approximately 1,000 persons attended an air raid wardens' school held in Exeter last week for instruction in civilian defense.

Pirnie, chief of the local wardens, and Professor Kalijavi of the University of New Hampshire, chief air raid warden of New Hampshire. The climax of the meeting came in the Cage, adjacent to the gymnasium, where Theodore Gunn of Peterborough, gave a demonstration of incendiary bombs and how to control them.

Robinson Senior Gets D. A. R. Honor

Classmates have elected Eleanor Wentworth, Robinson Seminary senior, to represent Exeter Chapter, D. A. R., at a contest scheduled in Concord during February, when a New Hampshire girl will be selected to go to Chicago. Headmaster James A. Pirnie approved the choice of Miss Wentworth.

She has been president of her class at the seminary for three years. She is outstanding in scholarship, and also has taken part in interclass athletic contests.

Early Fertilizer Buying Advised

Jay Haddock, extension agronomist at the University of New Hampshire, has issued a warning that fertilizer materials are becoming scarce and farmers should order all fertilizers early.

To conserve all nitrogen possible, several farm practices can be followed, he says:

1. Prevent loss of nitrogen from manure.
2. Seed larger acreages of legumes.
3. Use liberal applications of potash and superphosphate.
4. Prepare seed bags thoroughly to get a good stand of legumes and other seedings.

University Gets \$1,000 Painting

The University of New Hampshire has received a large painting, valued at nearly \$1,000, from the artist, Miss Mildred Danforth of Hartford, Conn., a 1931 graduate.

The canvas, measuring 48 by 60 inches, depicts a doctor and nurse administering an intravenous injection to a patient, and will be hung in the physiology laboratory of the Biological Institute at Nesmith Hall.

tragedy in his life.
On a more material phase of the conflict, DeWitt MacKenzie, noted war analyst, was quite correct in emphasizing that Adolph Hitler, and not Japan, is the No. 1 enemy of the United States. As he pointed out "Allied strategy must not be pointed toward the smashing of Japan, but toward the crushing of the mainspring of the entire war—Adolph Hitler."

Meanwhile, a fellow called Joe Louis poured his muscular frame into one of Uncle Sam's uniforms, and if a Heinie named Max Schmelling really did survive that Nazi parachute jumping in Crete, his morale will be terribly shattered at the news.

In another corner of this real fight for the world's championship, ladies and gentlemen, we have the lesser known, but no less potent "Man Mountain" Dean. Of course, "Man Mountain" registers as a voter or to sign his income returns, or something, under the quite ordinary name of Leavitt, but, as "Man Mountain" he has engaged in the toughest sport of them all—professional wrestling. His durable physique has also brought him considerable fame in movies. Whatever may be said about professional wrestling as now staged, it still takes a real man to participate in it. The "Man Mountain" knows a lot about jiu-jitsu, and figures he could win at odds of a dozen Japs to one "Man Mountain." He's a real patriot, too, because, due to his age, only previous service would permit his present duty in the Army.

Gene Tunney, America's model in pugilism, holds a commission in physical training for our armed forces, after serving as a distinguished Marine in the first World War. At this writing, Jack Dempsey, from whom Tunney won the heavyweight title, has shown eagerness to help 'em fight, and has been invited into the Navy.

Note to Germany, Italy and Japan: Over here in the United States, we fight with MEN, and beautiful women, like Carole Lombard, die for your defeat.
