

SCHOOL BOARD IN NEWMARKET STILL CRITICIZED AFTER REPLY TO LANGMUIR REPORT ON FUEL

The Newmarket School Board, in a letter to the Manchester Union-Leader, has answered the criticism recently voiced by John D. Langmuir, executive director of the N. H. Federation of Taxpayers' Associations, regarding the board's coal purchases.

In the Jan. 16 issue, this newspaper also published the statements made by Mr. Langmuir. We have received no communication from the school board, but nevertheless we are glad to reprint its statement, as published in the Manchester Union this week.

The letter to the editor read as follows:

There are always two sides to a question. Since you have already printed one side we would like you to print the other for us.

Anent the article in your issue of Jan. 14, 1942, printed in heavy type about the prices of coal bought by the Newmarket School District, who or what is that Taxpayer's association?

"A little knowledge is a very dangerous thing." I do not remember who said it but I can vouch for its truth. Because we bought of the same parties, we, of course, bought the same grade of coal! Merely a presumption but how they did ride on it!

Here are some facts, not guesses. The coal bought for the high school was a much better grade than that bought for the two elementary schools. Previous to buying this better grade we bought 90 to 120 tons a year for the high school, depending on whether the 'run of the mine' held a lot of slag or not. We bought a small car of the better grade which was delivered sometime in February 1941, between 42 and 45 tons, and we have just ordered another car to be delivered around the first of February next. Does not an average of \$1.65 a ton in unit price seem a bit

significant when you save half the tonnage—some 45 tons?

For your information, we have tried the better coal in the two smaller plants but found that in the smaller boilers it could not be held in check so well and therefore did not pay.

If Mr. Langmuir had come around to see us he could have found out these facts.

Editor's Note: This newspaper refuses to enter into a controversy of this sort with any comment of its own but the opinions from reputable sources are not ignored.

That is why we went to the extreme length of applying a large pair of scissors to another newspaper to clip the School Board's letter, which presents that group's side of the story.

After that letter appeared, however, a reputable and informed resident of Newmarket still did not seem to be convinced that the board's methods of purchasing fuel were entirely satisfactory.

This observer expressed the opinion that the School Board should first become thoroughly acquainted with the various grades of fuel, which he doubted had been done. Then, he added, competitive bids should be sought from the Newmarket dealers. Apparently, he declared, this has not been the practice.

He produced a town report issued last March showing that during the year 1940, the town purchased \$1,735.98 worth of fuel from one local concern (controlled by the Fillion family), while the H. R. Haines Co. received \$533.29 worth of business, and Joseph H. Soper ran a poor third in the race with orders totalling \$93.

Town Clock On Unusual 'Strike'

The Newmarket town clock is back in step with the times again.

For several days recently, the town's closest semblance to London's "Big Ben" was pretty reckless with its strokes. When it should strike eight times, for instance, well, it didn't strike eight.

One resident, who likes to place considerable faith in the clock, made a chart to follow, and learned that, while it was wrong every hour, at least the errors were always consistent. He soon became accustomed to the variations and could follow the time without watching the sun.

ARTHUR COBB, BRASS WORKS HEAD, IS DEAD

Arthur T. Cobb, 51, treasurer and general manager of the Exeter Brass Works, is dead in Exeter after a long illness.

He was born in Milan, a son of Dr. and Mrs. Joseph J. Cobb, and moved to Berlin with his parents at an early age. He was graduated from Berlin high school and Dartmouth College. While at Hanover, he held the college ski championship.

Coming to Exeter in 1914, he became prominent in the Masons, being a past master of Star-in-the-East Lodge and a past patron of Orient Chapter, Order Eastern Star.

He is survived by his widow, Mrs. Hazel B. Cobb; a son, Robert W. Cobb and a brother, Herbert Cobb of Berlin.

The funeral was held from the home on Pine street Sunday afternoon.

MANY TOWNS GET DURHAM ARP TUTORS

Seventeen communities in New Hampshire and one in Maine have asked for the services of University of New Hampshire faculty members in giving air raid precaution instructions.

The instructors have reported a large attendance at the classes and Dr. Everett B. Sackett, registrar and chairman of the university's defense committee, has promised that instructors will be provided as long as their services are requested.

Towns which have had the course or have arranged for it include: Salmon Falls, Littleton, Dover, Sanbornville, Portsmouth, Newmarket, Bennington, Kensington, Somersworth, Epping, Hampton Falls, Exeter, South Hampton, Candia, Conway, Deerfield, Seabrook and Kittery, Me.

UNH STUDENTS ARE PREPARED FOR BLACKOUT

Students of the University of New Hampshire are being acquainted with campus blackout regulations by the Air Raid Precaution Committee so they will be fully prepared for Gov. Robert O. Blood's blackout order sometime next month, it has been revealed by Chairman Eugene K. Auerbach.

Students have been instructed to extinguish lights, leave their dormitories and assemble in the thick-walled corridors in the event of night air raids. The halls have no glass and will be known as refuge rooms.

Other precautions taken include placing buckets of sand, shovels and other necessary equipment for putting out fires in all dormitories, sororities, fraternity houses, and classroom builds. All inflammable goods have been removed from attics of university building.

Don't Miss Big News Next Week!

In the next issue of this newspaper, there will be surprising news about plans for a revolutionary change in our publication, and we hope no one in our territory will miss the announcement.

Since our present publisher took control just a year ago, it has been his constant aim to improve the paper. Appreciation of his efforts has been most gratifying, as shown by constantly increasing circulation and support from advertisers, particularly national advertisers who are quick to recognize a good medium in which to promote sale of their products.

Anyhow, we must keep you in suspense until next week—and, we repeat, watch for next week's issue.

NHS DEFEAT IN HAMPTON LAID TO REFEREE

BY "SPECTATOR"

Chet Kingsman's Newmarket High school five showed themselves far superior to the Class B-leading Hampton team coached by Mr. Sulloway, in the game last Friday night. The local boys went to Hampton as underdogs at odds of about 4 to 1 against them, but when they got into action they not only out-played and out-fought the Hampton outfit, but outwitted one of the officials who seemed determined that he was not there to referee the game, but to make sure Newmarket did not emerge victors by the scoreboard.

But it was evidently decided between halves that the only way Hampton could win that game was to put both of the Newmarket first-string guards on the bench, so that is what did happen. They were put on the bench and Hampton finally did win the game from the Newmarket Jayvees.

The Hampton forwards, Blanchford and Stover, who have been the high-scoring stars for their team all season, were out-played by the Newmarket guards, Humphrey and March.

NEWMARKET PEOPLE EXPECTED TO KNOW JUST WHAT TO DO WHEN GOV. BLOOD ORDERS BLACKOUT

It is hoped that everyone in Newmarket will be fully prepared to do his part for successful execution of the blackout order which will be issued some night shortly, probably between 6 and 10 o'clock, by Gov. Robert O. Blood.

The rehearsal for an actual air raid will be state-wide, of course, but, as far as Newmarket is particularly concerned, the local civilian defense officials feel that sufficient instruction has been given so that the test should be carried out very nearly as efficiently as though enemy bombers were roaring overhead. Air raid wardens have been thoroughly schooled and householders have been advised what to do through a number of organizations.

At a session of the Newmarket Defense Council, Monday night, Chief Air Raid Warden A. J. McCaffrey stressed the statement of Governor Blood that the mere extinguishing of lights and sitting in the dark is not sufficient preparation. People should conduct themselves as if in real bombing danger.

When the red light signal comes from Portsmouth, the local siren will blow four blasts, four times. Persons in outlying areas, beyond the sound of the siren, will be phoned and notified each other as pre-arranged.

Blackout Officer Herbert Philbrick, will inspect the town for any possible show of light. The blackout may last about one hour. Two blasts is the all-clear signal.

Meanwhile, a number of new developments have been reported in Newmarket's civilian defense activities.

Sand was delivered during the past week to persons who left containers on the streets, and any resident who failed to put out receptacles or for other reasons did not receive sand, may have their share to store away in case of an emergency.

Mrs. Helen Wills has devised a unique and efficient first-aid bag with zipper, which will be made by members of the Newmarket Women's Club. At the last Defense Council meeting, enough money was raised to make 25 of these handy bags.

William L. Priest has donated his home on Exeter street, which for several years has been a tourist home, as Newmarket's second emergency hospital.

Plans for the approaching trial blackout will be made at a meeting of air raid wardens, deputy wardens and women wardens at the high school next Monday night.

The high school manual training class has completed 25 sets of arm, leg and thigh splints.

The air raid warden's test has been passed by 69 persons.

As soon as tutors can be secured, 60 Newmarket firemen will take first aid instructions.

It is expected that the town's Red Cross first aid teachers will complete their instructors' training about March 1.

Tire Rationers Move In Exeter

The District No. 20 automobile tire rationing board has moved into new quarters in the old office of the town clerk and tax collector on the second floor of the Town Hall in Exeter. Although local quotas for February had not been received early this week, it was expected they would follow the Federal pattern of 73 per cent of the January allotment.

The list of inspection stations in the district was increased to seven as a result of the appointment of Frank C. Haselton of Fremont.

Vehicle owners who have recently received purchase certificates entitling them to new tires are Arthur W. Perkins, Candie; A. S. Welch, Raymond; Fred L. Colcord, Exeter; Dr. Max Baker, Newmarket; Dr. A. D. Mihachik, Northwood; and the Exeter Water Works.

N.H.S. Loses To Concord 51 to 31

The high school basketball team ran into a tartar Tuesday night at Concord when St. John's convincingly whipped our team by a wide margin.

The score at half time was 24-19, only a 5 point lead for the parochial school boys, but the 4th quarter spelled disaster as a storm of baskets swept through. Burke and Venne, St. John's forwards scored 20 and 19 points apiece. Rousseau and acting captain Griswold made 14 and 11 points.

The starting combination was Rousseau and Waldron, forwards, Griswold, center, and Laughlin and Hale, guards.

Humphreys and March, guards were substituted for Hale and Waldron in the second half. Humphreys left the game after a short time on 4 fouls. Laughlin also left the game as he was playing with a severe cold.

LANGMUIR SAYS COUNTY SHUNS BIDS ON FUEL

A revelation that Rockingham county purchases neither coal, fuel oil nor gasoline on bids, despite the large quantities bought annually, has been made by John D. Langmuir, executive director of the N. H. Federation of Taxpayers' Associations, who made an exhaustive study of what he terms waste in public purchasing.

His report in this respect said: "Coal is purchased in large quantity for the county farm; it was bought on bids in 1940 but not in 1941; the price is fairly low. Coal for the Portsmouth jail and Court House, however, is at a high price, and is not on bids although the quantity would seem to require it. The county office reported verbally that no bid forms have been made out since the passage of the new law on any commodity with which the office has had contact, nor have the commissioners indicated in writing any reason for not asking bids.

"The county is getting its fuel oil in lots of 400 gallons, at the retail price, to a total of around 3,000 gallons a month, but not on bids. The county is getting its gasoline at a moderately reasonable price, in quantities which are very close to and occasionally above the \$50 limit, but not on bids.

Committees Are Named By Grange

Lamprey River Grange, of which Edward Mullenis master, has elected these standing committees for the year:

Defense, Fred Philbrick, chairman, Marion Griswold and Charles Stevens; Home and Community welfare, Nora Sewall; charities, Virginia Pearce.

Mrs. Sewall was instructed to select a gift for Gerard Jordon who has entered the service. During the social hour Nellie Halko presented a patriotic pageant in which Leonard Philbrick, John Edgerly and Miss Pearce appeared. Benjamin Kendrigan played for dancing.

Fund Sought For Civilian Defense

Contributions of money for Newmarket's civilian defense work are being sought by a finance committee of which Bela Kingman is the chairman.

Other members of the committee are the Rev. Hector A. Benoit, D. D.; Selectman Stanley Szacik, Mrs. Ernest Trottier, Mrs. Fred Philbrick and Defense Council Treasurer Fred Durell.

The Pills Chance

Doctor: My dear sir, nothing but an operation will save your life.
Patient: What will it cost?
Doctor: About \$500.
Doctor: But I have only \$100.
Doctor: In that case, let's see what pills will do.

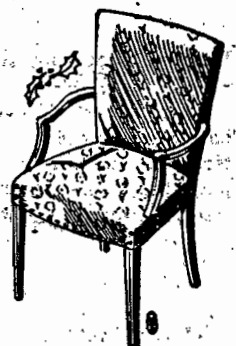

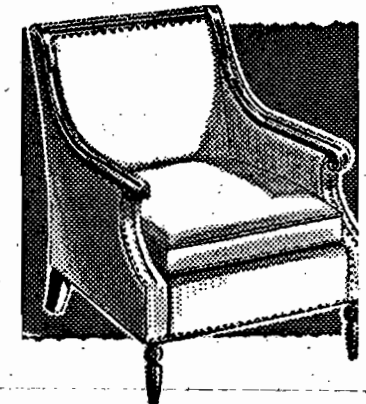

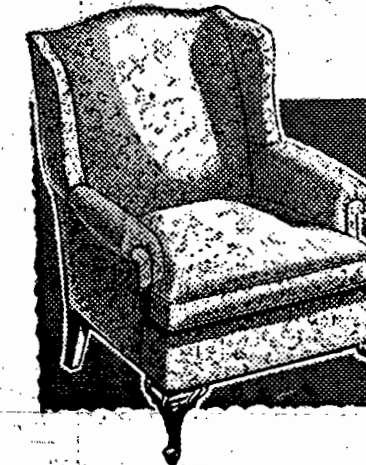

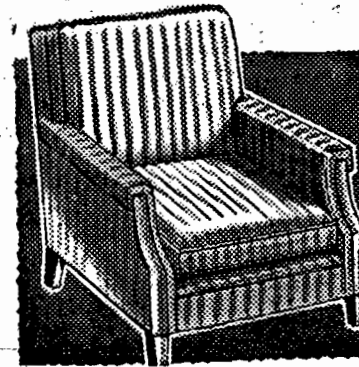

Closer cooperation everywhere between veterinarians and physicians is urged by Dr. Thurman B. Rice of the Indiana State Board of Health. Nearly half of the diseases which attack human beings are also diseases of animals.

Ready For Her

Two sweet young things were dis-cussing affairs of the heart.
"So you've accepted Tom?" said one, acidly. "I suppose he didn't hap-pen to mention that he had previous-ly proposed to me?"
"Well, not exactly," replied the other blandly, "but he did confess that he'd done a lot of silly things before he met me."

Friends Of America

Buried somewhere in this newspaper is an item so small in size that it will escape the attention of many readers. It is thus obscured because in ordinary news value, it could hardly be more prominently displayed.

However, in an editorial such as this, it can be expanded and praise can be given in some measure of fullness where it is due.

We speak of a little item that says the Newmarket Polish Club was the first contributor (with a \$50 check) to the Civilian Defense Fund in Newmarket.

This is saying a lot in a few words, indeed!

Here we have the descendants of a foreign land thinking so much of the United States, and all its happiness, opportunities and glories, that they beat all others to the punch in backing up their Godfather, Uncle Sam.

It is certainly no surprise that people of Polish extraction are loyal to America—in fact, it is by now quite an old story—but the continuation of this loyalty, with increased intensity, is refreshing, to say the least.

It is needless to go back through the generations of friendliness between the United States and Poland; but we may well look into the future and see the homeland of these people justly rewarded after the present war. The story of an all-heroic nation, which felt the first torture of Adolf Hitler's mad bid for world domination, will never be forgotten as long as the world exists. One of the greatest of peoples, and one of the greatest friends of America!

The loyalty of many other Americans of foreign ancestry, too, deserve the highest commendation, especially on the side of the United Nations, but, to take only a few, with large populations within reach of this newspaper, we would like to mention the Jews, the French, the Russians and (needless to say), the British.

Let's start with the people of Jewish nationality who are persecuted today in a vast section of the world. This writer is well aware from both professional and personal contact that no greater boosters of America exist than the Jews. Right in Newmarket, it is known that there is hardly

Atty. Henry Norris Hurd, 70, who was associated with law offices of Attorney General Eastman in Exeter for two years in the early part of his career is dead in Claremont.

Newmarket High School Notes

The Student Council has worked out a program whereby the students in the high school will aid in National Defense by purchasing defense stamps and bonds. In this program, a day will be set aside, when the pupils will bring their money to school, turn it over to the class treasurer who in turn will give it to Joan Berry, the school treasurer, and she will secure the stamps. These stamps will be placed in the defense bond booklets until the amount is sufficient to buy a bond. It is hoped that every pupil will take part and that the total investment will be substantial in an effort to be of real assistance to the defense efforts.

"The March of Dimes"

The girls in the eighth grade came to the assistance of Mrs. Max Baker this week in her drive to raise funds for the Infantile Paralysis Fund. Mrs. Baker has been working alone to make Newmarket's contribution a worth-while one. The girls who worked on this drive were: Margaret Cook and Dorothy Patat, New Village; Marjorie Hale, Packers Falls Road; Audrey Hilbourne, Norma Neal, Main street; Patricia Herman, Clark Malek, Betty Bearisto, North Side. Their collections have been encouraging for this cause which will help so many unfortunate girls and boys.

Mr. and Mrs. Charles Lane of Whiteley road have received word that their son, Russell Lane, who has been stationed at Kelly Field, has been transferred to an aeronautics school in Oklahoma.

The Hampton high school basketball team scored its ninth straight victory, Tuesday night, with Traip Academy as the latest victim. The score was 36-22.

Chief of Police Thomas R. Chrysler "lectured" a four-year-old boy who stood on top of his tricycle and sounded a fire alarm from Box 61, Wednesday morning. Firemen made a needless run to Washington street.

Breeders Hear Durham Experts

Alfred T. Connor was named as Rockingham County director and Albert H. Littlehale of Durham as Strafford County director, at the annual meeting of the New Hampshire Sheep Breeders' Association in Concord, Tuesday night. The session was also attended by breeders of beef cattle, horses and other livestock.

Among the speakers were Walter F. Lewis, L. V. Tirrell and M. F. Abell, all of Durham.

\$3,250 Asked In Student Donations

A total of \$3,250 has been asked from the students of Phillips Exeter Academy for both the Red Cross and Student Fund campaigns. It is hoped to raise \$700 for the Red Cross and \$2,500 for the Student Fund.

At chapel Jay R. Benton of the class of 1904, a Boston lawyer, and past head of the New England Alumni association, spoke of the activities of the Red Cross, both in times of peace and of war, and urged each student to go as far as he could in the effort to put the school over its goal.

Sport Notes . . .

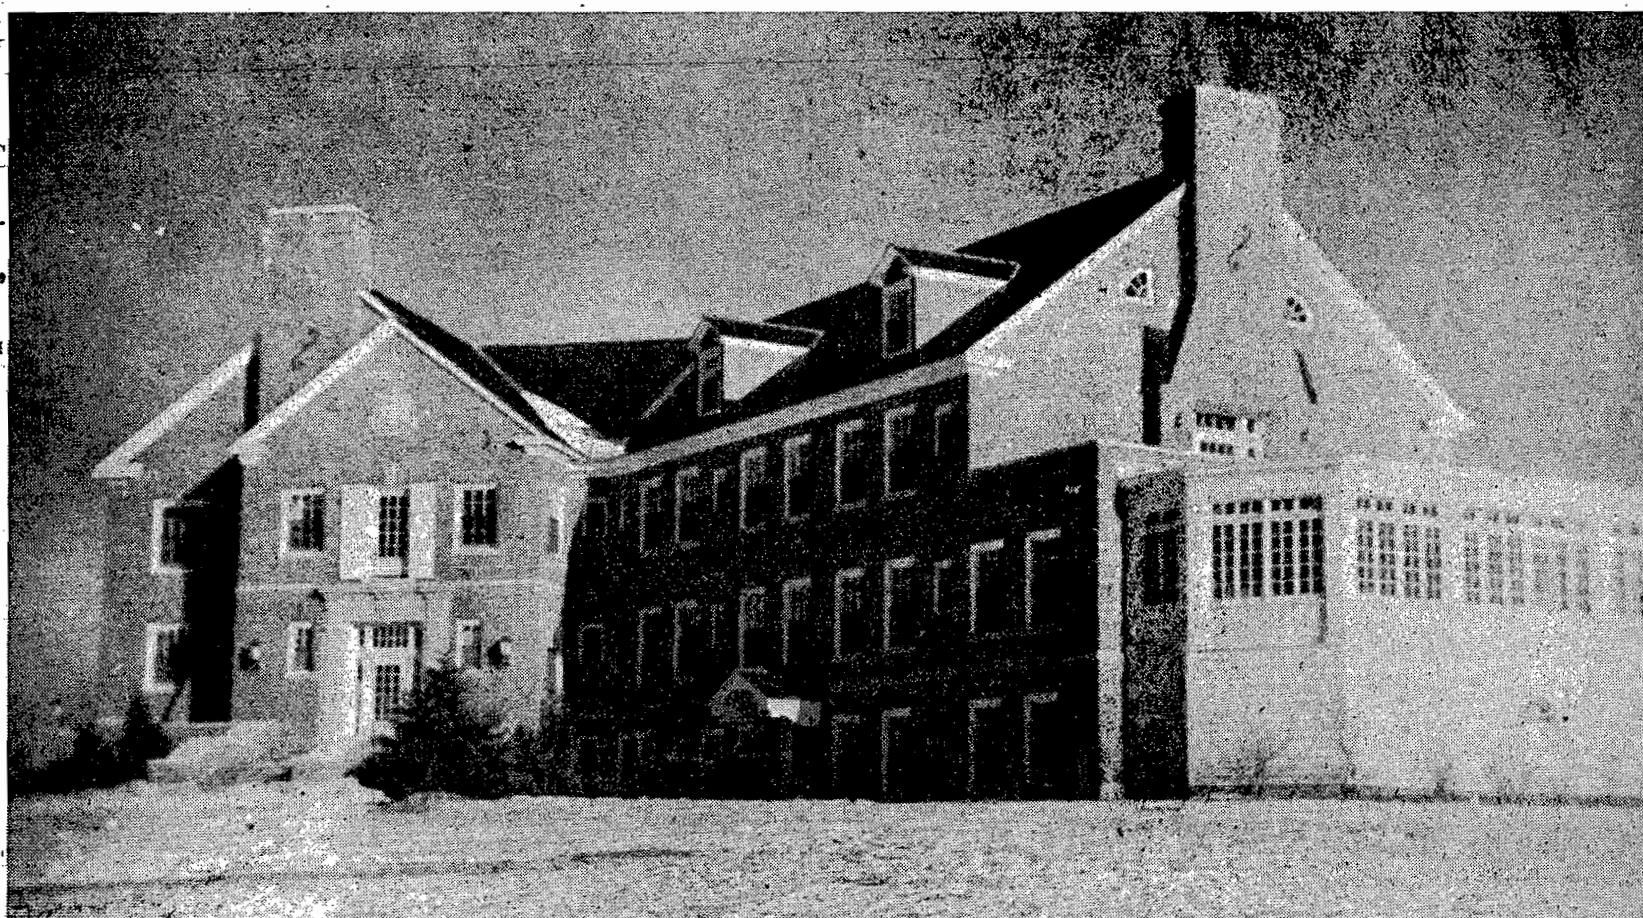

Exeter Academy defeated Hebron, 56-10 in swimming events held in Exeter last Saturday.

Green freshmen defeated Exeter Academy in track contests staged in Exeter last Saturday.

A new record for high scoring was made by Fred Green, Exeter Academy center, when he piled up 37 points in defeating Cushing Academy, 87-47, in Exeter last Saturday. The previous high mark was set by Jim Bennett in 1937, when he scored 29 points.

Elmore K. Putnam has returned to his teaching duties at the high school. Mrs. Putnam has joined him at their apartment on Exeter St.

gram, and for several weeks has given his entire radio salary for the relief of service men. The writer, one of those "Mayflower descendants" re-sents aspersions against any progressive and patriotic race.

As for the French—well, we're inclined to ask, "Which ones?" Of course, our very best friend, Canada, is predominantly French, and we call them French-Canadians. Then we have our old buddies of real France in the first World War. In the present conflict, France has been placed in the most miserable position of all nations. Marshal Petain, the grand old man who said at Verdun, "They Shall Not Pass," is forced to sacrifice temporarily, all the honor of his younger days to stall Hitler in robbing occupied France of the necessities of life. A very old man, he probably will not live to see all the world give him due homage. In Canada, of course, the French are giving a good account of themselves in the British forces.

As far as the British role in the war is concerned, it is absolutely unnecessary to write a single word.

We would like to repeat what was stated in the earlier part of this editorial—The Newmarket Polish Club made the first contribution to Newmarket's Civilian Defense Fund.

Exeter High School Notes

Last Tuesday evening, the Exeter high basketball team was defeated by Somersworth high. The game was played in the Somersworth high school gym and was attended by a large number of enthusiastic fans.

The first period ended with Somersworth way out in front, but in the next three periods Exeter came up rapidly, although they fell short of maintaining a sufficient lead. Brilliant basket-shooting was displayed by both sides. The game ended with a score of 43 to 30.

The Exeter Jay-vees played a hard and fast game but were also defeated.

It looks as though we have lost one of our best liked teachers to the service. Mr. Norris has been teaching at the Exeter high for the past three years and has been a great asset to the school. It is expected that he is going to take an officer's training course at Harvard.
