

Pictured above are some scenes showing the results of the recent high flood water in the area. Shown on the left is the "S" curve on Route 152 just over the Lee-Newmarket line below the Beaver Dam.

The center picture is a view taken below the Macallen Dam. This is the highest the water has been since the 1938 floods. On the right is shown the field across from the residence of Herbert Richmond.

Photos by Richard Schanda

High Water Highlights

Mr. Charles Hobbs of Wadley's Falls went down his road early Thursday morning to check on the highway that had been closed because of flood conditions. He was non-plussed when he found a car stalled in the middle of the overflowing river, with the water up above the running board. A worker returning home to Nottingham evidently thought the chance

of getting through was worth a gamble and tried bucking the high water covering Rt. 152. Mr. Hobbs hurried home, launched his boat and went to the rescue rowing the wet and chagrined traveler to dry land. One neighboring farmer, Paul Laröche, had to use a motor boat to get his milk out to the main road as the last half mile of his driveway was flooded.

Water Tank Drained; Work To Begin Soon

The Newmarket Board of Water Commissioners met Monday night and decided to delay any announcement on bids for the repair of the stand pipe until a final inspection had been made of the tank by members of the Board and representatives of the company interested in doing the work.

Wednesday, the tour of inspection was made, the tank was completely emptied, and the amount of damage determined. Contracts will be awarded in the near future.

Meanwhile, preparations are under way at the pumping station for the additional precautionary measures necessary to assure the town of adequate water during the 14-15 day period the work is in progress.

30 "Wake Up And Read" Posters Mark National Library Week Here

National Library Week was observed at the library last week with very good success. N.L.W. book marks were distributed to library patrons, all restaurants, local organizations and schools. Also fines were eliminated for that week.

About 30 posters with "Wake Up And Read" as the predominant theme, were made by the 5th and 6th graders, under the supervision of their teachers, Mrs. Rooney and Mrs. Robie. The judges, Mrs. Frank Labranch and Mrs. Charles Labranch selected posters made by Thomas Moore and John Rollins as first and second place winners.

27 book marks were made by St. Mary's 8th graders, under supervision of the Sisters of the Holy Cross. Paul Baillargeon and Miss Jacqueline Grochmal were chosen winners by the judges, Mrs. Roy Kent, Mrs. Lionel Proulx and Mrs. Gordon Rodrigues.

Three short essays with "read" or "reading" in the title were written by two high school students, and one from the 8th grade, Junior High.

Owing to very heavy school work, two students were unable to cooperate with the committee.

Mrs. Martha Elliot, Mrs. Herbert Philbrick and Mr. Kenneth Varney, school board member, selected Chester Johnson's essay as first prize and Miss Jean Cissell (8th grade), as second. Johnson's essay is listed below.

WHY READ?

Why do people read? Is it for entertainment, for self instruction, for adventure? The answer is, not one, but all of these are the main motives for reading.

Reading brings comfort to weary minds, opens the eyes of the ignorant, and keeps the "status-seeker" abreast of the latest happenings. Reading frees

Planning Board Maps Of Newmarket To Be Available In Near Future

The Newmarket Planning Board held its regular meeting April 6th in the court room and devoted time to the inspection of the new town maps sent by the State Planning and Development commission for approval by the Board. Several minor corrections were made, and the maps returned for reproduction.

Maps will soon be available to the general public. A small charge will be made to cover the cost of printing. One map shows the center of town in detail and the second illustrates the community as a whole.

Superintendent of Public Works, Richmond Walker reported that a request had been received from the Southeastern Investment Corporation for a joint meeting with Planning Board, the Board of Selectmen and the Water Board to secure the approval of the town for proposed facilities at the development on Bay road. These include a sewage disposal plant (approved by the State), an artesian well which has a flow of 20 gallons per minute, installation of a water storage tank and approval of roads and proposed water lines.

The Newmarket Planning Board will meet Thursday night with officials of the Southeast-

ern Investment Corp. to review and approve the new construction scheduled for the development on Bay road.

Youth Fellowship To Attend Easter Sunrise Service

The Youth Fellowship of the Community Church has made plans to hold a morning Sunrise Service at 6 a.m., on Easter Sunday morning. Members will assemble in front of the church at 5:45 a.m. and go to the camp of Dr. L. Forbes Getchell on Little Bay where the services will take place.

James George, Sr., is serving as advisor to the group and will continue to do so until the appointment of a new minister to the church.

USN Chief Visits Parents Here

Chief Leslie A. Hood, U.S.N., and his family have been in town visiting his parents, Mr. and Mrs. Joseph A. Hood of Main street. Chief Hood is a veteran of 22 years service in the navy.

A small pump in use for some time will supply power for the water pressure system, method to be used. A larger pump now being installed will be used to augment it when necessary. A man will be on 24 hour duty at the pumping station once the work on the tank has begun.

A system of automation has partially been installed, with automatic devices to control many operations now performed manually.

Work will begin on the right of way necessary for access to the stand pipe site. One route crossing the property of Ralph Haines has an existing road in passable condition. The second route across the land of C. E. Batchelder will require preliminary "swamping out" and gravelling.

Chlorine has been added to the water supply as recommended by the State Board of Health. At the beginning a small amount was added and recently it has been increased to the amount recommended by the State Board of Health.

Some complaints have been received about the taste of the water, but when the safety factor is taken into consideration, the chlorine is definitely a safeguard to the health of the residents of the town.

EASTER ORGAN RECITAL TO BE PRESENTED THIS SUNDAY

At 3:30 p.m. Easter Sunday afternoon, Miss Roxana Tourigny will present an organ recital on the lawn of her home at 225 Main street in Newmarket.

Miss Tourigny is the daughter of Mr. and Mrs. Edward Tourigny and at 12 years of age is an outstanding musician with exceptional talent.

She is being instructed by Mr. Benjamin A. Richardson, a famous musician in his own right.

The public is cordially invited to this recital which will be the first of its kind in this area.

In case of inclement weather the recital will be held two weeks later on Sunday, May 1, at the same time and place.

Gregg Emphasizes Preservation Of Historic Sites In New Hampshire

CHARLESTOWN, N. H. Friday, April 15 — "The preservation of historic sites associated with the rich heritage of New Hampshire can be rewarding in economic, as well as spiritual returns," former Governor Hugh Gregg said here last night in an address before the Charlestown Rotary Club. "Our own citizens will benefit from such tangible reminders of their past, as a restored Fort Number Four. Such features will serve

also as a magnet to draw many visitors to this State where Freedom's war began and where limited government was instituted to preserve the natural rights of man.

"During my administration, the State acquired the Wentworth-Coolidge House in Portsmouth, one of the foremost historic shrines of New Hampshire's colonial era. I deeply believe that State government must cooperate fully with all its citizens' groups in acquiring and preserving the lands and buildings that have meaningful association with our past and enhance our attractiveness as a tourist area. Appropriations to this end can be justified as sound investment for our future."

FURNITURE
THREE COMPLETE ROOMS
Desire responsible party to take possession of 3 rooms of furniture after small down payment. Includes 5-piece BEDROOM: Dresser with mirror, chest, double bed and boudoir lamps. Also 8-piece CONVERTIBLE LIVING ROOM: Sofabed, chair, rocker, cocktail table, 2 end tables, 2 lamps and 5 pc. DINETTE . . . all NEW! Well Child Clinic To Be Held April 19

The next in the series of Well Child Immunization Clinics sponsored by the Civics Department will be held Tuesday, April 19 at 9:30 a.m. at the fire house. Dr. Gerald B. Shattuck will be attending physician assisted by Miss Barbara Doody, R.N., Public Health Nurse, and Mrs. Norma Jarosz, school nurse.

1st, 2nd, 3rd, 4th and booster polio shots, 1st, 2nd, 3rd or booster in the triple-toxoid series, and vaccinations will be offered.

This clinic is not by appointment. Mothers are advised to have their children at the fire station before 9:30 in order to take advantage of this opportunity.

Supply Minister Here For Easter

The Reverend George E. Cary conducted Maundy Thursday Services at the Community Church. Mr. Cary will serve as supply minister Easter Sunday when special music will accompany the Easter Service.

Newmarket Water Board To Meet With Soil Conservation Expert May 2

The Water Board will meet May 2nd with a Soil Conservation expert secured through the efforts of the Planning Board, who will explain the possible uses of soil conservation which will be of benefit in the Newmarket watershed area. One method of securing this benefit will be to utilize the

services of the land owners whose properties abut the watershed and through their cooperation arrange increased flow of water through conservation practices which could benefit the farmer, the water supply and increase wild life in the area.

The local water source for the watershed is LaFollettes Brook which flows primarily through Durham and is commonly referred to as "Folletts Brook" on current maps.

Lee Booklets Are Now Ready For Free Distribution

The 6th Annual Lee Community Booklets containing pertinent information about the town and its activities were brought to the April meeting of the Lee Fire Department Auxiliary held at the home of Mrs. Denis Haine, Monday evening for members to receive and distribute throughout the town. Serving on the booklet committee this year were Mrs. Maurice Hatch, Mrs. Charles Woodward and Mrs. Ewell Morrison.

The forthcoming Firemen's Fair was discussed and members were asked to bring Top Value or Green Stamp that they are willing to donate, to the next meeting. Stamps will be used to purchase prizes for the Fair.

The Auxiliary voted to donate \$10 to the Dental Health Clinic scheduled for Oyster River School next year.

President Julie Cook reminded the group that the first of three free Well Child Clinics sponsored by the Auxiliary will be held Tuesday, April 26th, from 10 to 11:30 a.m., at the Lee Church Vestry. Mrs. Winston Durepo and Mrs. Hugh MacDonald volunteered to serve as recorders.

Cleverly decorated cupcakes made in the shape of Easter baskets with candy eggs resting in nests of coconut on top and an Easter bunny cake were served by Mrs. Robert Badger, Mrs. George Healy, Mrs. Thomas Mahoney and Mrs. Dennis Haine.

C. D. Unit To Prepare For Alert

The Newmarket Civil Defense Unit will meet at the fire house at 7:30, April 18. Instructions from State CD Headquarters regarding Operation Alert May 3-5, have been received and will be discussed. Preparation for the role to be played by the local unit in the nation-wide alert will be completed.

Refreshments will be served.

Hair Stylist To Address Club

The Newmarket Women's Club will meet at 8 p.m., Tuesday, April 19 in the vestry of the Community Church. Mrs. Joseph Culick-of-Exeter, president of the New Hampshire Federation of Womens Clubs, will be guest speaker. Norman Langlois will demonstrate hair styling and arrangement. Mr. Langlois has beauty salons in Newmarket and Durham.

Through The Years . . .

With Mary Richardson

The Story of Lazarus

Once upon a time as stories go, there dwelt two sisters and a brother, in the little town of Bethany. Their parents died while they were quite young.

Martha, being the eldest, took charge of the household. She was a fine house-keeper and cook. Her sister Mary loved to study. She did beautiful embroidery and also had a lovely flower garden.

When anyone was ill in the neighborhood Martha would cook something tasty and Mary would take it to them. Their brother Lazarus was a fine young man. He was the youngest of the family. He used to go to the temple every day to copy passages of the Old Testament onto a scroll. It was very particular work, and he would be very tired when he came home at night.

The sisters and brother had a friend they loved very much. Jesus, the Son of God. He often visited them, and sometimes remained over night. When they heard he was coming, Martha would start cleaning the house and cooking. Mary would help.

She would cut fresh flowers for his room and set the table with their best china.

Jesus came one day and Martha began bustling about to get dinner. Mary brought cool water and bathed his tired feet, gave him the best chair in the house and then sat down to listen to the gracious words that fell from his lips. Martha came into the room and said, "Lord, dost thou not care that my sister hath left me to serve alone? Bid her therefore that she help me."

And Jesus answered and said unto her, "Martha, Martha, thou art careful and troubled about many things, but one thing is needful and Mary hath chosen that good part which shall not be taken away from her."

One evening, Lazarus came home saying he didn't care for any supper and thought he would go to bed. He said he would be all right by morning.

He became feverish and rapidly grew worse. Mary said they better send for Jesus who they were sure could cure him. They therefore found a messenger and asked him to find Jesus and bring him as soon as possible.

Now Jesus and his disciples were beyond Jordan at the place where John the Baptist had baptised and many people came to him there. The messenger finally found Him and gave Him the sisters message — "Lord, behold he whom thou lovest is sick."

When Jesus heard that he said, "This sickness is not unto death but for the glory of God." Now Jesus loved Martha and Mary and Lazarus. He was very sorry his friend was so sick, but he abode two days in the place where he was and after

that said to his disciples, "Let us go into Judea again."

But his disciples said, "Master, the Jews tried to stone you, and goest thou thither again?" Jesus told them they would go in the day-time and be safe.

When they reached Bethany, which is near Jerusalem, about 15 furlongs off they found Lazarus had been in the grave four days. Many of the Jews came to comfort the sisters. When Mary heard Jesus was coming she went to meet him.

She said to the Savior, "If thou hadst been here my brother had not died." Jesus said unto her, "I am the resurrection and the life. He that believeth in me, though he were dead, yet shall he live. And whosoever liveth and believeth in me shall never die. Believest thou this?"

She said unto him, "Yea, Lord, I believe that thou art the Christ, the Son of God, which should come into the world."

Martha then went and called Mary and said, "The Master is come and calleth for you. Mary arose quickly and came to him. The friends who came to help her said, "She goeth unto the grave to weep there."

When Mary came where Jesus was she fell at his feet and said, "Lord, if thou hadst been here my brother had not died." Jesus said, "Where have you laid him?"

They said, "Come and see." It was a cave and it was closed by a large stone. Jesus said, "Take away the stone."

Martha said, "He had been dead 4 days." He then prayed and thanked his Father that he had heard him. Then he cried with a loud voice, "Lazarus, come forth." And he that had been dead came forth bound hand and foot with grave clothes and face bound about with a napkin. Jesus said, "Loose him and

let him go." Many of the people could not believe their eyes, and many of the Jews came to believe Him the Son of God.

Six days before the passover Jesus came to Bethany to see Martha and Mary and Lazarus. There they gave him a supper and Martha served. Lazarus was at the table with Jesus.

Many of the Jews came to the supper not only to honor Jesus but to see Lazarus whom Jesus had raised from the dead. After supper Mary took a pound of ointment of spikenard, which was very costly, and anointed the feet of Jesus and wiped them with her hair.

The room was filled with the smell of the ointment. Judas Iscariot, who later betrayed him, said, "Why was not this ointment sold and given to the poor?"

Judas didn't care for the poor. He was a thief and had charge of the money.

Then said Jesus, "Let her alone against the day of my burying hath she kept this. For the poor always you have with you, but me you have not always."

Legion Auxiliary Holds Card Party

A card party for the benefit of the American Legion Auxiliary was held Sunday night at the home of Mrs. Helen Silver with 5 tables in play.

Prizes went to Mrs. Tillie Gazda, Mrs. Celia Marelli, Mrs. Anna Wajda, Miss Florence Turcotte, Mrs. Helen Sharples, Mrs. Laurette Mitchell, Mrs. Toni Malek. Consolation prize, Mrs. Irene Vidler; specials, Mrs. Toni Malek and Mrs. Alice Bonenfant; and door prize, Mrs. Nellie Lizak.

P.O. Department Announces New Next-Day Delivery Of 1st Class Mail

A major improvement in postal service to provide next-day delivery of first-class letter mail for 935,000 people throughout the States of Vermont and New Hampshire was announced today by Postmaster General Arthur E. Summerfield. Speaking for the Postmaster General was Mr. John B. DeMott, Operations Director for the New England Region of the Post Office Department.

Postal patrons in the area were assured that, barring infrequent human errors in distribution, first-class letters mailed on a business day before 5:00 p.m., or at a limited number of smaller offices in time for final dispatch, if made prior to 5 p.m., will be delivered anywhere within the two states on the following business day.

"Mailing early, in the day thereby giving the post office time to sort and transport mail to its destination is the best way to make sure your letter is de-

livered the next day anywhere within the two states," Mr. DeMott said.

"This program for better first-class mail service has been in test operation throughout the Vermont and New Hampshire area since August 22, 1959. During this shakedown period results have exceeded expectations.

"The major improvements in the Vermont-New Hampshire area's first-class letter mail service are the result of extensive study and planning by Regional postal officials. The postmasters at the 622 post offices in Vermont and New Hampshire have worked as a team to put into effect the comprehensive service program," Mr. DeMott reported.

The volume of letter mail handled on an average day between post offices in the two states approximates 900,000 pieces.

Many of the postal buildings and facilities in the two-state area are outmoded and inadequate to efficiently meet the demands of today's growing mail load but the improved delivery of letters throughout Vermont and New Hampshire is being accomplished despite this handicap.

The revised service pattern makes possible the next-day delivery of first-class mail anywhere in the two-state area through a closely integrated timetable which governs the work of the States' postal units and the transportation linking them together. The intransit time of parcel post has also been reduced considerably under this service pattern.

Mr. DeMott paid tribute to the postmasters and other postal personnel throughout Vermont and New Hampshire in announcing these service improvements. He said that they had been accomplished with only a nominal increase in overall cost, resulting from increases in Star Route and other transportation expenses.

Parish Circle To Hold White Elephant Auction

The Parish Circle of the Community church held their annual meeting in the church vestry. Mrs. Bertha Gregory was devotional leader. The reports of officers and standing committees were read and accepted. Officers for the coming year were elected.

Those elected were Mrs. Mildred Rooney, president; Mrs. Frances Nesbitt, vice president; Mrs. Bernetta Major, secretary; Mrs. Elma Kitchin, treasurer; and Mrs. Ruth Richmond, auditor.

Mrs. Sylvia Getchell reported that the Thrift Shop will be open beginning April 22nd, from 9 a.m. to 8 p.m., in the old kindergarten room in the church basement. All types of articles are being solicited from parish members.

Mrs. Nellie Anderson reported on the new kitchen utensils purchased with the recent gift of \$75 from the Parish Circle, and explained the need for additional pieces of equipment.

Mrs. Jean Bloom appealed to members for donations of suitable craft articles for use at the Brentwood County Home.

Guest speaker was the Reverend Walter P. Brockway of Seabrook, who spoke on "Old New Hampshire Churches" and gave an illustrated lecture of 4 churches, those in Fremont, Sandown, North Danville and Newington, all of which are still in use.

The World Service Committee was in charge of the program.

The next meeting will feature a White Elephant Auction with Mrs. Stella Cilley as auctioneer.

April hostesses were Mrs. Kenneth Anderson, Mrs. Adelbert Clark, Mrs. Harry Bassett, Mrs. George Gregory, Mrs. Nora Bassett and Mrs. Thomas Rooney.

EXPERT ADVISES HOMEMAKERS ON "BATTLE OF THE BUGS"

Spring cleaning will give you a chance to insect-proof your home—effortlessly—if you follow a few tips from one of the country's leading entomologists. Dr. Harold Rife, chief entomologist of the Black Flag Laboratories, Cranford, N. J., says that in insect control a little prevention is better than a lot of cure. And your spring cleaning is the perfect time to do insect prevention for the coming hot months.

When you're insect-proofing for summer, you can depend on residual or surface sprays to keep out crawling insects, Dr. Rife says. These can be applied with a self-powered aerosol, a hand pump or a paint brush, as long as the liquid is worked thoroughly into cracks and crevices. Be sure to spray under the kitchen sink, behind the stove, at places where pipes enter the walls and at wall cracks and crevices in the basement.

If you want to kill flying insects in a room, your best bet are the "space sprays" which kill flying insects with tiny droplets in the air. Close all doors and windows in the room and spray the upper corners. Leave the doors closed for at least 30 minutes and then air the room thoroughly.

According to Dr. Rife, you can stop insect invasions before they get started if you use both space and residual sprays as you do your spring cleaning.

The historical novel gives us a new outlook on the struggles of the world as seen through our eye-witness hero or heroine.

The "who-dun-it" a long time favorite, still keeps us on the edge of our chairs to the last page. This type of reading is typical of the class of literature designed purposely to arouse the reader's emotions.

Still another phase of good reading is the instructive or "improve-yourself" type. Through reading these with comprehension, one may become an expert on any subject he or she chooses. By doing this, a person can expose hidden horizons that are made known by the flick of a page.

Reading has developed the minds of men to their fullest capacity. Each article a person reads, increases his ability to think and apply this newly-gained knowledge in his everyday life.

But, the greatest beauty of reading is, that you need not be wealthy to enjoy worth-while literature, for reading is the

poor man's gold, and the rich man's pleasure.

Chester Johnson

The Board of Trustees and the librarian extend their thanks to the teachers, Sisters of the Holy Cross, judges and students who helped with this worth-while affair.

Car Wash To Aid Chuch Bldg. Fund

The Youth Fellowship of the Community Church will hold a car wash Saturday, April 15 from 9 a.m. to 5 p.m., in Turcotte's Parking lot on Main street. Proceeds will benefit the church building fund.

A charge for 75c will be made for a wet wash, \$1.25 for a dry wash, \$1.75 for a car with white walls and \$5.00 for a wax job. All jobs include the cleaning of windows and interiors.

Cars will be picked up by calling OL 9-3265 before 9 a.m. Saturday.

News From St. Mary's School

Grade One

We had a wonderful time Friday acting out one of our stories from "Our New Friends." The title was "When Friday Comes." We even had some boys and girls playing the parts of Spot and Puff.

We worked very hard learning how to write Roman Numerals up to 12.

We are also learning addition and subtraction with double combinations. It is so much fun to work them at our desks and at the blackboard.

Grade Two

News is reported this week by Linda Gonet, Joyce Langlois, Vincent Jordan, Patricia Jennings, David Baillargeon and Sandra Shea.

We are happy to say that Freddie Call is back with us after being hurt in an auto accident.

We have been working on projects for Easter. We made Easter baskets and bunnies.

In spelling the girls have four champions and the boys have three. Patricia Jennings won twice.

In Arithmetic, we are adding columns up to five numbers.

Most of us have finished our writing copies.

Grade Four

by Edward Camire

Spelling champions are Lauren Pelletier, Ernest Vachon, T. Pelczar, Gailanne Kruczek and Irene Levesque.

We are enjoying the section

of Famous Americans of other Times in our Reader. Stories about George Washington, Daniel Boone, Noah Webster, Robert Fulton and many others help us enjoy reading more and more.

We are looking forward to much map work in our social studies this coming week.

Grade Five

The fifth graders have completed their projects about the Pueblo Indian village. The different ideas and skills of each pupil made the exhibition attractive and interesting.

Next week, we shall study Mexico, which will complete our Geography program for the year.

We are fortunate to have a Mexican girl in our class. Diane Van Fleet is a native of New Mexico and has traveled to Mexico many times. Next week, Diane will have an exhibition on articles that have been made by the Indians in Mexico.

Grade Seven

Several pupils are absent on account of sickness. We wish them a prompt recovery.

Robert Bosinger was champion in arithmetic last week. He succeeded in using the Basic Rules and their Reversals in Percentage, Discount, Commission and Interest with great speed and accuracy. Other pupils are trying hard to claim the title for this week.

Joyous Easter to all!

Grade Eight

We are now studying World War II and it is proving to be interesting. The European battlefield is almost completed and we are transferring to the huge Pacific theatre.

I guess we'll have plenty of traveling to do in the deep waters of the Far East. Lots of acquaintances to be made with Tarawa, Corregidor, Luzon, Iwo Jima, Sona, Buna, Kwajalein, Marshalls, etc. What a perspective!

Some pupils are getting ready

GIRL SCOUT NEWS

by CAROLE WILLEY

The sixth meeting of the Newmarket Girl Scout Troop was held Wednesday, April 6, with 37 members present.

The troop voted to take money out of the treasury in order to buy the tenderfoot pins and badges.

After a short group meeting, the girls broke up into their patrols. They learned how to set a table correctly and read about the history of Girl Scouting. They also reviewed the flag ceremony and the correct use of the jackknife.

The girls have selected names for their patrols. The Cheska-May's with Lauren Beers as patrol leader and Peggy Shorey as assistant leader and members: Cathy Dostie, Mary Jordan, Linda LaBranche, Linda Larrivee, Carol Shea, Diane Van Fleet, Irene Renard and Regina Verville.

The Yankee Beavers with Sandra Langlois as patrol leader, Jill Carmichael as assistant leader and members Diane Gazda, Donna Gazda, Sharon Mariotti, Lana Rouselle, Donna Stevens, Leah Tilton, Greta Wilson and Dorothy Melindy.

The Rebel Rousers — leader, Linda Pohopek and Becky Walker, assistant leader. Members of this patrol are Linda Bernard, Christine Carpenter, Judy Dziecudzic, Jane Hazeltine, Linda Marelli, Norma Howcraft, Carol Randall and Dottie Vidler.

The Cheyenne's — leader, Nancy Demers; assistant leader,

for scholarship examinations! Susan Pelczar in the process of spelling and spelling and spelling. Good luck to Susan in the County Bee!

Lee Native Wins \$1,000 Loines Award From Nat. Institute Of Arts & Letters

Miss Abbie Huston Evans, a native of Lee, was recently announced winner of the coveted \$1,000 Loines Award for Poetry of the National Institute of Arts and Letters. Actual presentation will be made by Richard Wilbur at the Joint Annual Ceremonial of the National Institute and the American Academy of Arts and Letters on May 25th.

The Loines Award, which was set up in 1924 to perpetuate the memory of Russell Loines, himself a poet and a friend of poets, is given periodically to some American or English poet as a recognition of value, preferably of value not widely recognized. Previous winners of the award have been Robert Frost, Horace Gregory, William Carlos Williams, John Crowe, Ransom Edwin Muir and Robert Graves.

The choice of Miss Evans for the Loines Award is particularly appropriate to the intention of the donors. She has given a lifetime to the writing of poetry, which, though highly esteemed in a small circle of poetry lovers, is not known to the general public.

She was born in Lee, N. H., in 1881, the daughter of Mr. and Mrs. Lewis D. Evans; Mr. Evans was minister of the Lee Congregational Church. After

Claudia Marcoux, Cathy Bascom, Cathy Blanchette, Anne Baillargerion, Donna Bukowski, Lorraine Daney, Diane Rousseau, Sandra Paradise and Cathy Beauchesne.

The troop Investiture will be held Tuesday, April 19th at the Legion hall at 7:30 p.m. Invitations will be sent home to the parents.

living in Lee, she moved with her family to Camden, Maine, where she formed an enduring friendship with Edna St. Vincent Millay. At Radcliffe College, where she took her B.A. and her M.A., she distinguished herself by taking a poetry prize. Most of her life has been spent in social welfare work; she was a canteen worker in France in the First World War; she also served as a community worker in the coal camps in the Rockies, and later headed the Community House in Pittsburgh, before joining the staff of the Settlement Music School in Philadelphia, where she has worked for many years.

Miss Evans has produced two books of poetry: *Outcrop* (foreword by Edna Millay) and *Bright North*. She has contributed to such nationally known magazines as *The Nation*, *The New Yorker*, and *Poetry*, a *Magazine of Verse* and has appeared in many anthologies. A new volume of her poetry is in preparation.

In 1931, Miss Evans won the Guarantors Prize of Poetry.

WRITTEN WITH ENERGY

When x-ray film is developed it is very much like the negative of a photograph. The big difference, however, is that a photographic negative is "written with light" whereas an x-ray film is "written with radiant energy."

DEATHS and FUNERALS

Herman P. Lewis, 71, of Lee road, died Saturday morning at the Exeter Hospital. He was born in Kittery, Maine, January 1, 1889, the son of Albert and Elizabeth (Spinney) Lewis, and for the past 67 years had resided in Newmarket. He was a crane operator in construction work for many years and had been employed at the Macallen Company, retiring in 1958.

He was a former member of the Knights of Pythias and of the Newmarket Polish American Citizens Club.

Survivors include his wife, Mrs. Eva May (Booth) Lewis, a son, Ephraim, both of Newmarket, and a daughter, Mrs. Samuel D. Allen of Everett, Mass.; two grandchildren; an aunt, and several nieces and nephews.

Funeral services were held Tuesday at 2 p.m., at the Brisson and Kent Funeral Home with the Reverend Daniel Novothy of Durham officiating.

Bearers were: Charles Sewall, Charles Ramsdell, Chesley Ralph, William Neal, William Cassano and Frank Heney.

Letters to the Editor

April 11, 1960
THE NEWMARKET TIMES
72 Main Street
Newmarket, N. H.

To The Editor:

As a regular reader of THE NEWMARKET TIMES, I have noticed a very definite improvement in recent numbers of your paper. From time to time, however, I detect errors — both typographical and otherwise. May we call your attention to the March 31st issue.

On page one of the above-mentioned number, you ran as the feature story an article on the appointment of a new officer to the Newmarket police force. In this report, it was stated that Messrs. Graziano

and Pettingill were both veterans of the second world war. The ages of these two gentlemen were reported 22 and 24, respectively. World War II ended September 2, 1945; for these two men to have served in the war — even only if the last few months — they would have had to be 7 and 9 years old. Had they served earlier, they would have been even younger.

Please do not consider this letter as an attack on the character of yourself or on your paper, but merely as a communication from an attentive reader.

Looking forward to future issues of THE NEWMARKET TIMES with the greatest enthusiasm, I am,

Yours truly,
Paul D. Panaccione

CYO Whist Party Winners Listed

Winners at the CYO whist party April 7th at St. Marys hall were Miss Rita LaBranche, 1st prize; Mrs. Celia Marelli, 2nd prize; Robert Filion, 3rd; Miss Florence Turcotte, 4th; Mrs. Trudy Gielar, 5th; Mrs. Donat Roy, Mrs. Helen Filion and Mrs. Claire Hamel tied for 6th prize; Mrs. Ruth Norton, 7th; and Mrs. Anna Wajda and Miss Nicoletta Urbano tied for 8th prize.

Consolation prize was won by Mrs. Nellie Lizak. Door prize, Mrs. Helen Burke; floating prize, Mrs. Ruth Norton. Pool, Miss Rita LaBranche and Mrs. Helen Burke. Raffle, Miss Rita LaBranche and Mrs. Jennie Griswold.

Senior Rangers To Visit Museum

The 4-H Rangers held a meeting at the home of Mrs. Warren Russell on Cedar street with eight members signifying their willingness to enter the demonstration competition on April 20th in Epping. Boys practicing for the event are Warren Russell, Bruce Cleveland, John Carmichael, Ronald Sklarski, John Carpenter, Stanley Wojnoski, Timmy Russell and Stanley Walker.

Those who have attained a senior membership will have the opportunity of going to Boston during the coming school vacation and will have a choice of several interesting places, including the Museum of Science. In addition a week in citizenship will be offered senior members at the University of New Hampshire during the summer vacation.

Refreshments were served.

CANCER ADVANCES

Modern medicine now has the means to cure half of all cancer cases through radiation (X-ray) and surgery, according to the New York Cancer Committee.

Calas, a hot fried bread made with rice, is one of the oldest recipes of New Orleans. Old colored nannies of the last century would sell them right on the streets. Sometimes they made them in saucepans filled with hot lard while their customers waited. Or, they covered the Calas in brown paper while still piping hot and carried them through the streets in market baskets on their heads.

Children delighted in running out to buy them, when they heard the call "Calas" outside. They would carry them home to be eaten, while still hot and delicious, with coffee or milk.

CALAS

- 1 1/2 cups hot cooked rice (very soft)
- 1/2 package yeast, active dry or compressed
- 1/2 cup warm, not hot, water (lukewarm for compressed yeast)
- 3 eggs, beaten
- 1 1/4 cups sifted flour
- 1/4 cup sugar
- 1/2 teaspoon salt
- 1/4 teaspoon nutmeg

Mash rice and cool to lukewarm. Soften yeast in warm water and stir into lukewarm rice. Beat. Cover and let rise overnight.

The next morning, add eggs, flour, sugar, salt and nutmeg. Beat until smooth. Let stand in a warm place for 20 minutes. Drop by tablespoons into deep hot fat (360°F.) and fry until golden brown, about 3 minutes. Serve sprinkled with powdered sugar or sugar mixed with cinnamon. Makes 2 dozen.

Hospital Patients 4-H Mules Make Plans For Social

Mrs. Flora Brown of Bay road is a patient at the Exeter Hospital.

Mrs. Lucy Medding of Bay road is a patient at Exeter Hospital. She suffered a bad fall on her cellar stairs.

Mrs. Alice Hawkins of Exeter street is a patient at Exeter.

The 4-H Mules made plans for a social at their meeting at the home of Mrs. Helen Filion. Other 4-H clubs will be invited to participate. The date for the social will be announced later.

It has been decided to charge 25 cents per couple and to have the club advisors and parents of members supervise the affair.

Community Church Thrift Shop To Open Here On Friday, April 22

The Thrift Shop will open Friday, April 22nd at 9 a.m., in the old kindergarten room in the basement of the Community Church, and will remain open until 8 in the evening.

The present schedule calls for the shop to be open each Friday during those hours. Members of the parish are urged to donate suitable articles including good quality used clothing. Mrs. Robert Sewall and Mrs. William Cashman will assist with transporting merchandise offered for sale at the Shop.

Volunteers will be at the shop Monday, April 18 and Tuesday, April 19, from 1 to 3 p.m. for the purpose of receiving merchandise and pricing it for later sale. Anyone wishing to leave garments and

any other articles should take note of these two dates.

Serving on the shop staff opening day will be Mrs. Robert Sewall, Mrs. Edward Dondero, Mrs. Lloyd Cotton, Mrs. Nora Bassett, Mrs. Ronald Filmore, Mrs. Joseph St. Amour, Mrs. Charles Dearborn, Mrs. Lincoln Gowen, Mrs. Sara Gilbert, Mrs. Norman Cilley, Mrs. Albert Gilbert, Mrs. John Carmichael and Mrs. Adébert Clark.

Aux. Police Aid Fire Fighters

The Auxiliary Police Unit was scheduled to meet Monday night at 7:30 in the Civil Defense office at the town hall. This second in a series of training meetings was to be devoted to the presentation of hypothetical traffic problems and a satisfactory solution of each through group discussion. Circumstances alter cases. The meeting was never called to order. Members were completely occupied with the solution of an actual emergency traffic control problem at Rockingham.

During the burning season some members of the fire department are available to the public and offer the service of controlled burning of brush areas and back yards and hay fields.

The volunteer crew was quietly minding its own business, burning the area behind the refreshment stand at Rockingham, near the cemetery. The resulting billows and smoke and the tantalizing red glow in the sky drew so many interested spectators that other help was needed — traffic control.

This is the type of spontaneous situation for which the Auxiliary Police unit has been organized and trained. The orderly flow of traffic which resulted merely illustrates the benefits of such an organization and the credit due the men who give so generously of themselves for the welfare of the public.

EXPECTED HOME

Dick Demers, son of Mrs. Helen Silver of North Main street is expected home after being away for nearly two years.

IN THE CHURCHES

COMMUNITY CHURCH — Supply minister every Sunday. Sunday School 9:03; Morning Worship Service 11:00; Youth Fellowship, 6:00 p.m.

LEE CONGREGATIONAL CHURCH—Mr. Richard Clark, Minister; Mrs. Volney Morey, organist; Sunday School at 10 a.m. Bus transportation provided. Church Service, 11 a.m. Nursery for children of all ages provided.

Two Fined On Speeding Charge

Judge Russell H. McGuirk presided at municipal court last Saturday at which two cases were heard. Vernard Latham, 27, of East Kingston, was brought in on a speeding complaint. Latham was charged with speeding on U.S. Rt. 4 in Nottingham. He entered a plea of guilty, and was ordered to pay a fine of \$15. The complainant in the case was Clifton Hildreth of the N. H. State Police.

Ronald B. Newall, of 2 Pearl street, Dover, was also charged with speeding on U.S. Rt. 4 in Nottingham. He was fined \$15 after being found guilty. Richard T. Cavenough of the N. H. State Police investigated the incident.

Local Realtor Sponsors Pamphlets As A Guide To All School Children

Newmarket Police Chief John Valliere has distributed pamphlets donated by BoChaine's Inc. to local school children. These are equally important to the parents of small pre-school children.

Among the many points emphasized are as follows:

To our children. Your parents, your teachers, and your Police Department wish to keep you safe and happy. They want you to be on guard against any danger. Always remember that your police officer is your friend. Always report or ask someone to report to a police officer the following:

1. Any stranger who tries to join in your play.
 2. Any stranger who asks you to go with him.
 3. Any stranger who tries to have conversation with you in the movies.
 4. Any stranger who tries to touch you in the movies.
 5. Any stranger who tries to have you disobey any of the rules of this folder.
 6. Always mark down the registration of the stranger's car.
 7. Always try to remember the description of the stranger.
 8. Study the pictures on the folder and carefully remember what each one means to you.
 9. Be sure to let your parents read the folder.
- Remember to report any of these to your Police Department promptly.

Parents should constantly remind their children of the following rules:

1. Never accept rides from strangers.

2. Never accept candy from strangers.

3. Always report any stranger seen loitering on foot, or in a car near schools, playgrounds or other places where children assemble, to their teacher, police officer, mailman, bus driver or parents.

4. Always try to secure the registration number of the car, write it with a pencil or scratch it with a stick in the road or on the sidewalk with a stone.

5. Always try to get a description of the stranger.

6. Remind your child that the police officer is his friend and for the child to go to the police officer at any time that he is in trouble.

Remember — Your care may save the life of a little boy or girl.

American Legion News

by Fred L. Beale

The final tabulation on the John H. McLin Memorial Trophy which closed March 17th, indicates the winning Post to be The Martel-Roberge Post #47 of Salmon Falls with a 158.18% of its potential membership enrollment for 1960. In second and third places respectively are LeClair-Caron Post #13 of Greenville with 126.56% and The Robert G. Durgin Post #67 of Newmarket with 120.37%.

The finals of the New Hampshire Department Oratorical Contest are as follows: 1st Prize \$100.00, Fred Jakobiec of Manchester; 2nd prize \$75.00, Gerard LeBlanc of Laconia; 3rd prize \$50.00 Patricia Rich of Newport and final prize of \$25.00 to Wayne Chich of Somersworth.

We understand that Fred Jakobiec also won the Regional Contest at Brookline, Mass., last Wednesday night.

The deadline for the Korean War State Bonus is December 31st of this year. In all probability it will not be extended again by the Legislature. Applications may be obtained from the Adjutant General's Office, State Military Reservation, Concord, N. H.

A testimonial Banquet in honor of Department Commander Willett will be held in Newport on May 21st.

The oldest American Legion member in The Department of New Hampshire appears to be Col. Melvin W. Rowell, Past Department Vice Commander and a member of the Northwood Post #73. He will be 93 years of age on June 21st of this year.

The Call to the 42nd Department Convention to be held in Manchester, N. H., on June 17, 18 and 19, 1960, is out. Now is the time to begin preparing for the convention. All interested Legionnaires should attend this event.

Following are the nominations for officers to the Robert G. Durgin Post and the election will be held Monday night, April 18th, and these boys desire your attendance and vote. Lets have a large attendance. Nominations for Commander, Charles A. Bennett, Jr.; Vice Commander, Robert McKenna; Junior Vice Commander, Albert Lepene; Adjt., Frank M. Schanda; F. O., Fred L. Beale; Chaplain, Frank Toland; Historian, William Hazeltine; Service Officer, Kenneth H. White and Sgt. at Arms, Frederick Degonyoun. There will be several

nominated and elected members of the Executive Board and also Delegates and Alternates to the Department Convention in Manchester this coming June.

Installations for the coming week are as follows: Salmon Falls April 13th, Durham April 14th and on Friday, April 22nd at the District Meeting at Milton.

The Installation of Officers of The Robert G. Durgin Post will be held on Saturday night, April 30th. We would like a large attendance this night. The Officers need your support. Our membership to date is 329 and the District is 3086 members.

Miss Allen Given Surprise Shower

Miss Carol Allen was guest of honor at a surprise bridal shower held at her home on Mast road, Saturday evening. Mrs. William Allen was hostess, assisted by Carol's sister, Laurie. Those present included Mrs. Melvin Crouse, Miss Jeannie Ryan, Miss Marjorie Call and Mrs. Roger Munroe from Newmarket, Mrs. Ronald Manning and Mrs. Charles Lynde of Dover, Miss Blanche Harvey of Haverhill.

Miss Sally Morgan of Rochester, Mr. and Mrs. Alvah Brown and daughter Barbara of York Harbor, Maine, Mr. and Mrs. Russell Allen and Mrs. Kenneth Allen of Lee and Carol Allen's fiancée, Stanley Brown of York Harbor.

Unable to attend but sending gifts were Mrs. Keneth Cooper, Mrs. Alice Crossman and Mrs. Ralph Booth of Lee, and Ginny, Jean and Tom Morgan of Rochester. Miss Allen and Mr. Brown plan to be married May 14.

Stamp Collectors News

by Mrs. Ione Kent

The Boy Scout of America Golden Jubilee stamp set a new record for first day covers at the Washington, D.C. Post Office. 1,419,955 covers were cancelled. The 4c Lincoln Sesqui-centennial set a previous record of 894,887 covers. The Boy Scout issue topped the total of the 4c and 8c Reuters Champion of Liberty stamps which were issued at Washington, D.C.

Cancellations of "Law Day U.S.A. Freedom under the Law May 1" are to be issued from April 1-May 1 in twelve cities. Concord, N. H. is one of them.

Until after 1948 the Postmaster General had issued any commemorative voted and passed by Congress. With each politician trying to get home backing by recommending subjects of local interest for stamps. Congress was flooded with ideas. Though many did not pass, some without country-wide interest did pass. So many were issued in 1948 that the Postmaster General spoke his piece and Congress listened. The Postmaster General was given authority to reject issues even though passed by Congress.

The Poultry stamp and Emblem of the Turners Society were examples of the 1948 series. Chemical, Steel and Oil are endured because of the companies. Campaign contributions and political pull. Evidently stamps of good design and subject matter instead of proven material for appeasement will not be possible in our generation.

Do your stamps ever become stuck together in storage? Of

course heat and humidity soften the gum buy heavy weight on stamps will do so also. Stamps should not be continuously in an airtight inclosure, even safety deposit boxes without being brought out for an "airing" now and then. The paper deteriorates if shut off entirely from air.

Clue to the Big Question:

The South American stamp which nearly started a war is a map stamp. The country which issued it, colored a piece of land belonging to another country the same color as their own.

If you save U.A.R. (United Arab Republic) stamps, you may be glad to learn that the Postmaster Generals decided for each country to issue but one stamp for the Arab League Center's new headquarters celebration which took place in Cann, March 22nd. They also decided that the miniature imperforate stamp sheets be limited to one per year for each region and sell of face value. No other stamps connected with them.

The plate block of #26231 of the 8c Liberty bicolor on Givri Press is suggested as a good one to have and to hold.

Those of you who have Madagascar stamps under French Colonials should now look for Malgache Republic stamps. Their first stamps were placed on sale January 16th, and picture butterflies and agricultural products.

Greek stamps, especially the "oldies", may soon rise in value.

If you have a sports collection, you can add to the fun by sending stamped covers to Postmasters in such places as Polo, Ind.; Tennis, Kansas and Ball Club, Minn.

There are Marathons in Iowa, New York, Texas and Wisconsin.

Answers to the two simpler question last week: (1) Livingston 1c, Jefferson 2c, Munroe 3c and McKinley 5c. (2) Liberty Bell.

We were to have an Inter American Conference stamp Feb. 1st. The Conference certainly has been long delayed. U. S. Stamp notice:

April 18 — Water Conservation 4c, Washington, D.C.
April 22 — Airmail regular 25c, San Francisco, Calif.

May 18 — American Credo 4c Thomas Jefferson, Charlottesville, Va. Three more Credo stamps to coe.

May 28 — 2½ stamped envelope, Chicago, Ill.

May 31 — 4c SEATO, Washington, D.C.

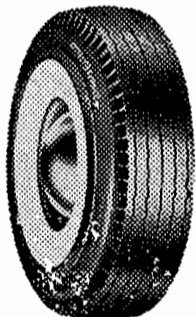

June 10 — Airmail regular 10c, Miami, Fla.

June 17 — 1¼ regular, 1¼ coil and 1¼c stamped envelope, Sante Fe, N. Mex.

WATER PLUG

STOPS LEAKS IN MASONRY

The practical uses for Waterplug are endless; because of its exceptionally fast-setting qualities, it has become a must for stopping water in masonry. Waterplug is used daily by thousands of experienced workmen who must depend on a sure, fast way of patching for permanency.

Important Discovery In
CEMENT PAINT

NEW FORMULA SILITEX

The silicones in Silitex, S. F. provide a superior barrier to the penetration of rain water above grade, and effectively control water seepage in basements below grade. Yet they permit the passage of water vapor, allowing the wall to breathe. This reduces paint peeling, efflorescence and saponification so frequently encountered with ordinary masonry paints. Remember Silitex, S. F. — containing silicones — will work when other cement base paints fail.

A BEAUTY!

Here is how they were biting at Lake Winnepesaukee. Shown above is Duane Marden with a nice 3 pound, 21-inch Lake Trout which he caught last season at Lake Winnepesaukee, with live bait. Duane and Art Provost, Jr., tried the lake and picked up the beauty pictured above and two smaller lakereels which were eaten on the spot!

WOMEN'S BOWLING LEAGUE STANDINGS

reported sightings of wild animals makes me want to take a walk out in back of Spring and Elm. The woods must be much thicker than most people think to draw these deep woods animals.

18TH CENTURY COLLECTION

Three fine old guns dating back to the 18th Century are pictured above. The top gun is the famous Wentworth Flint Lock. Dated 1764, it weighs 16 pounds, bored for 8 gauge and is 6 feet, 2 inches long. The gun in the middle is a 1860 Cap and Ball Sharps, is of 50 caliber and with a length of 5 feet. The lower gun is a 10-Gauge Cap and Ball, manufactured by the William Read Company of Boston. This gun is dated 1794. These guns are from the collection of Andrew Gordon, are all in fine shape and in firing condition.

LITTLE LEAGUE NEWS

By Richard Schanda

On Monday, April 11th, the monthly meeting of the Little League officials was held at the town hall. The meeting was well attended with 23 members present.

The condition of the ball fields and the lingering winter was the first items discussed. It was decided to set a day for the picking up of teams. This is a combination try out of ball players and the filling of team rosters. This tryout will be held at Nichols AOE field on the 25th of April. All parents interested will please see that their boys are at the field at 5:30 p.m. sharp. For those boys who have misplaced their applications, more will be available at the field.

The next item brought up was the naming of umpires. Jabber Silver was named umpire in chief and also named to the Inter League grievance committee. Jabby is well known for his horse sense around the diamond. His choice was approved by all present.

A ticket sale was planned with the first prize being a bike. The boy who sells the winning ticket will win a baseball glove for his effort.

All the equipment needed for four little league teams and two pony league teams was purchased and will be on hand for opening day.

The insurance for all teams, officials and spectators was voted on and approved. The price being much less than last year. The money saved will be used for additional equipment.

The Little League outfit, being a corporation of sorts, must file a report along with a fee to Concord. Attorney Russell McGuirk agreed to file the report and to donate the fee.

The meeting closed on a lighter note with a kickoff banquet. This will be held at Ed Finn's cabin up at Wheelwrights Pond in Lee.

A report on the cost per member and a date to hold it will be heard at the next meeting on the 25th of April. The

cost of the banquet will be paid for by the members.

In closing the report of last Monday's meeting the Little League officials would like to have the parents of children who live near the two ball fields to try to keep the boys off the fields until they dry up a bit. This would mean a lot less work for the kids and the officials who will have to fill in all those ruts and foot prints. Do not forget the next meet, April 25th.

P.C. Holds Lead In Shuffleboard

Thursday, April 7th at the Eagles hall, the PAC-Eagles Shuffleboard games were: 1st game, PC 21-8; 2nd, Eagles 21-7; 3rd, Eagles 21-7; 4th, PC 21-13; 5th, PC 21-12; 6th, Eagles 21-7. High PC scorer was Frank LePan with 16 pts. Eagles Bill Duffy had 17 pts.

Monday, April 11th at the PC hall the 1st game was taken by the Polish Club 21-14; 2nd, Eagles 21-11; 3rd, PC 21-19; 4th, Eagles 21-12; 5th, PC 21-12; 6th, PC 21-3. PC won 4 out of the 6 games and gained two points giving them a 20 game lead. High scorer for PC was Stan Silicki, 20 pts. and high scorer for the Eagles, Bill Duffy with 14 pts.

Four games remain to finish the series.

Joe Dixx's Sport Corner

By Richard Schanda

Well, the ink on the law which added the \$1.00 stamp to our fishing and hunting licenses is hardly dry and already the Fish and Game Director has a new plan to increase the department's annual cash surplus. Mr. Carpenter suggested at a conservation meeting to again add the \$1.00 stamp along with an additional \$1.00 raise. He also claimed that without this additional revenue the department could not give fishermen and hunters a planned 10% increase in benefits.

It would seem strange to this writer to raise the fee 50% and

only receive a 10% increase in benefits.

I now quote the Fish and Game Biennial Report dated July 1, 1956-June 30, 1958 — "Balance fiscal year 1957-1958, \$338,141.43. Balance fiscal year 1958-1959, \$345,150.11."

Now it would seem that Mr. Carpenter should release his annual balances and save the increase in fees until they are necessary.

Trout season may open with near normal conditions if the weather holds. The brooks are rapidly dropping back to their normal flows and the fairly mild weather has taken most of the snow away. The lakes and ponds are still iced in, but by the 23rd of the month, this condition should be helped by the longer warmer days.

Remember the old saying and be a sport, take a boy fishing the first day.

The 15th of April will be the last day of smelting, salt water. I have tried several times, but if I were to live on smelts I would be quite hungry now as I have not dipped a single fish. High water's is as good an excuse as I could come up with.

Many fishermen would like to have the Fish and Game Department look over our Lamprey River and see if a stocking of Atlantic salmon would be possible. With some inexpensive fish ladders at the Macallen Dam and the old lower Dam up above the Highland House, this river could produce a fine sport for us local boys.

Atlantic salmon once ran the rapids by the thousands and with some good planning and conservation, they could run the river again. This very same deal has been put into effect all over Canada and Maine.

Spring and Elm street may be turned into a state game refuge soon. Shunks, jack rabbits, deer and now a big raccoon have been sighted.

Just kidding, of course, but looking back through the winter and remembering all these

NEWS FROM LEE

By Mrs. Lloyd Stevens

Lee Community Club

The Lee Community Club held its annual Guest Night Wednesday evening at the Lee Vestry. Speaker for the evening was Captain Burkee from Pease Air Force Base who gave an interesting talk on SAC and showed slides of the base. Hostesses for the evening were Mrs. Guy Angell, Mrs. Elizabeth George and Mrs. Sam Taylor. The annual meeting which will be held May 4, will start with a short business meeting and election of officers at the Lee Vestry at 11 a.m., to be followed by the annual luncheon at Flagstone's in Newington.

Lee Fire Department

Chief Lloyd Stevens and fireman Maurice Hatch attended the annual meeting of the Interstate Emergency Unit which was held at the North Hampton Fire Station last Monday evening.

Chief Stevens was one of the

fire officials in this area who attended the Governor's Fire Prevention Conference at Concord April 6.

The Fire Department was called out at noon Sunday to the camp of Mr. and Mrs. Harold Momes at Glenmere Village. Mrs. Holmees discovered her kitchen on fire as a result of an over heated pipe in the wood stove. Lacking water, the Holmes and neighbors used snow and snow water to throw one the flames while the Fire Department was on its way. Chief Stevens estimated a small amount of fire and smoke damage done to the kitchen. Mr. and Mrs. Holmes of Lynn, Mass., were spending the weekend at their summer cottage.

Well Child Clinic

The first of three free Well Child Clinics sponsored by the Lee Fire Department Auxiliary will be held April 26 from 10 to 11:30 a.m. in the Lee Church Vestry.

Funds are made available for this program through the Federal Government's Maternal and Child Health Program. All infants and pre-school children in Lee are eligible. A doctor will be on hand to confer with parents on child problems and to supervise physical examinations, immunizations, booster for baby shots (diphtheria, tetanus and whooping cough), vaccinations and polio shots. District nurse Lois Booth especially

urges children to be given polio shots before summer.

Lee Hill 4-H Club News

The Lee Riders held a regular meeting Thursday evening at the home of leaders Mr. and Mrs. Wallace Dennis. The group made plans for the 2nd annual Gymkhana to be held in conjunction with the Firemen's Fair this July. Other 4-H project groups will contribute their talents to the show; the clothing members will make ribbons. The members also discussed the possibility of entering horse shows throughout the state this summer, thereby gaining first hand experience in the show ring.

An executive meeting was held at the home of president Joan Chadbourn, Sunday afternoon. Present were vice president Ralph Granger, Jr., treasurer Sam Allen, secretary Nancy Chase, reported Sally Willard and leader Ralph Granger. The officers received new 4-H jackets. This is the first year club officers have had jackets and its is planned as a yearly event. The committee decided to divide the next general meeting into Junior and Senior meeting, the time of which will be announced later.

The Photography Unit ended its project last week with members completing the course by developing and printing their own film. Leader John Knabenschuh expressed his appreciation for the assistance of junior leader Ralph Granger, Jr., and for the use of Granger's dark room equipment.

Highway Department

Two small washouts were the

only damage done to town roads during the floods of last week, according to Road Agent Lloyd Stevens. One was near the bridge on High road and the other was at the beaver dam on Tuttle road where the flood necessitated closing the road until the high waters receded.

Further Flood Notes

The high water from our Little River, formed a large lake in our lower field, where two wild ducks found sanctuary. Upon returning home the other day we found our five tame Pekin ducks had left home and were sailing happily on the lake with the two wild ducks and twelve other wild playmates. Our veterinarian tells us it is biologically possible, though rare, for the two strains to breed. We're not counting our ducklings before they're hatched but we sure have our fingers crossed!

Final Reminder

April 15 is the deadline for filing veteran's exemption blanks. They may be deposited with any of the three selectmen, John Randall, Robert Keniston or George Bennett.

Tax Meeting Notice

The Selectmen will be in their office at the Town Hall to receive any inventories not previously filed, and to hear all parties regarding their liability to be taxed, on Thursday, April 21 from 7:30 to 9:30 p.m. Any property owner who fails to return his completed inventory form is not eligible for tax abatement. This is the one meeting of the year specifically

set aside for property owners to discuss with the selectmen problems concerning their assessments.

Personals

Mr. and Mrs. Herbert Thomson recently purchased the house and land formerly owned by Mr. and Mrs. Frank Hobbs at Wadleys Falls.

Mr. and Mrs. Dale Underwood and daughters recently spent a weekend in New Haven where they visited Prof. and Mrs. Charles Feidelson.

The Artesian Well Co. of Lee has expanded to include construction work, hauling gravel, sand and loam and custom work with its newly acquired backhoe.

Another sign of good weather ahead was the opening last week of The Krazy Kone ice cream and short order take-out stand at the Lee traffic circle.

Lee Congregational Church

Due to such a receptive response, the Child Care Service under the direction of Mrs. Charles Woodward will continue until further notice. Children of all ages are capably supervised by Mrs. Woodward and her staff during church services. Any adult volunteers who would be interested in helping out in this program may contact Mrs. Woodward at OL 9-3977.

The Lee Church has donated the use of the Lee Vestry for a series of Well Child Clinics to be held on the fourth Tuesday of April, May and June.

Lee Man To Make TV Debut

Lee neighbors will have the opportunity of watching Rev. Luther Tyson make his TV debut Easter Sunday at 9:30 a.m. on Channel 5, WHDH-TV when he will act as moderator on the program "Talk Back".

Rev. Tyson is chaplain of Industrial Relations for the Boston Area of the Methodist Church and it was through his experience in this field that he was chosen by the Mass. Council of Churches to moderate this particular program dealing with labor relations.
