## Vandalism Reported At Riverside Cemetery

The Newmarket Board of Selectmen has notified THE TIMES that due to the many acts of vandalism and continued trespassing at the Riverside Cemetery, a new set of By-Laws has been approved.

These By-Laws were made necessary by the complete disregard for town property at the cemetery.

Many grave markers placed on Veteran's graves have been removed and destroyed. A number of headstones have been broken and mutilated and persons unknown have smashed empty beer bottles against headstones.

In addition to all this, people have been driving into the cemetery and using the water facilities to wash their cars. Boat trailers are hauled through the cemetery and boats launched in the river. In fact, in recent weeks a funeral procession had to wait while a car, boat and trailer went through the cemetery. There are also indications that horseback riding has taken place on the cemetery paths.

Effective from this week on, the cemetery will be policed and the gates opened at 8 a.m. and closed at 8 p.m. The new By-Laws follow:

Rules and Regulations of Riverside Cemetery, Newmarket, New Hampshire.

1. Management:  
The selectmen of the town of Newmarket shall be the governing body of the cemetery.

The selectmen shall appoint the superintendent who shall be governed by these by-laws, rules and regulations and the amendments thereof.

2. Title: To Cemetery Property:

Title in and to the land and premises set apart as a cemetery and known as Riverside Cemetery is now and shall at all times be vested in the town of Newmarket, notwithstanding any lot deed heretofore or hereafter granted, and notwithstanding any other provisions of these by-laws.

3. Title to Lots or Graves:  
(a) That the town of Newmarket may issue a deed to any person for burial of self, family or relatives and friends, to be used and occupied as a cemetery lot and for no other use or purpose whatever.

(b) No interment shall be permitted in any lot or grave until satisfactory financial arrangements have been made for said lot or grave.

(c) No monument or marker shall be erected on any new lot until full payment of the charge for the lot or grave, including perpetual care has been made.

(d) All purchases of lots or graves are made through the superintendent. The deed-hold-

er of the lot upon which no cutting of grass, the raking and cleaning of grounds, meaning and intending the general preservation of the lots and grounds shall remain and be reasonably cared for as cemetery grounds forever.

(e) The transfer of a lot-deed by the holder may be made to any person, provided such transfer is approved by the superintendent and is recorded in the books of Riverside Cemetery and the town of Newmarket and consent of the town must be indorsed on said deed or transfer. The town may fix a charge for all transfers of ownership of plots.

4. Lots:  
All grave markers shall be set at ground level. Only one monument extending above the ground may be erected in the center.

The minimum amount of perpetual care for a ten-grave lot is \$200.

The minimum amount of perpetual care per grave is \$75.00. Measurements of lots are 19

## Selectmen Give Water Board Check

As previously stated in THE NEWMARKET TIMES, the total expense involved in the repair of the water tank will be considerably less than the \$8,000 which was considered the amount needed.

At the request of the Water Board, the Selectmen have given the Board a check for \$6,000 which, according to estimates, will probably take care of all the expenses. If this reduction in the cost of the tank repairs is realized, it will be a saving to the taxpayers of \$2,000.

## BEEKEEPER COMES TO RESCUE

Professor J. R. Hepler of Durham, considered one of the best beekeepers and experts in his field, was called to the home of G. E. Wellington on Lee Hook road last week when a swarm of bees took off from Wellington's hive and gathered in an apple tree where they looked all the world like a small bear hanging from the branch. With a smoke pacifier and the know-how of many years association with his bee friends, Prof. Hepler coaxed them with their new queen into a hive, sustaining not a single sting.

## The Revolutionary War in Newmarket

There are several versions given of the first hostile act of the Revolution, which as we know, the capture of Fort William and Mary at New-castle. King George III prohibited the exportation of guns, powder and all military stores to America. When the news reached Boston Paul Revere rode express to Portsmouth with the news that the Scar-

borough, a British ship, was coming with soldiers to reinforce the fort at Newcastle. John Sullivan of Durham and John Langdon of Portsmouth got together and made some plans, which were known to only a few friends. Benjamin Mathes' gundalow took these men out with the tide. They safely reached their destination, captured Fort William and

Mary without loss of life and returned to Durham with one hundred barrels of gunpowder, sixty stands of arms and fifteen cannon. These supplies were all carefully hidden during the winter. On April 21, 1775, the news of the battle of Lexington reached Newmarket. A special town meeting was called. A vote was taken to send thirty men under the command of Captain Samuel Gilman to the relief of the colonies, against the regulars and that each soldier be paid and billeted against the town.

On April 24, there was a special town meeting and it was voted that 43 men be enlisted as Minute Men to be always ready.

All the lead in Newmarket was collected and made into bullets.

Many town meetings were held at the Moody parsonage. Wentworth Cheswell was the messenger. Riding his big gray horse, he carried news to Exeter and on his return brought back startling news from Boston. At one of the meetings a committee of safety was appointed and on May 17, 1775, they voted that Captain William Torry, Captain Daniel Rogers and Dr. Marsters, who were suspected as Tories, each stay at home and not under any consideration leave the town without permission of the committee of safety. Dr. Marsters and Rogers continued to make trouble.

They were taken to Exeter and jailed as Tories but were released under orders not to go half a mile from their home without a permit. Jacob Brown and George Bell of Newmarket were driven from town and forbidden to return to the state.

On June 1, 1775, 233 men, whose names are recorded, were furnished by Newfields and Newmarket, then one town. It took fifteen days for the news of the signing of the Declaration of Independence to reach Newmarket.

The Declaration of Independence made by the original thirteen states in Congress, in Philadelphia was unanimously adopted July 4, 1776, by members of Congress from the thirteen colonies, which included New Hampshire, New York, Massachusetts Bay, New Jersey, Rhode Island, Connecticut, South Carolina, Pennsylvania, Delaware, North Carolina, Maryland, Virginia and Georgia.

In Congress January 18, 1777, it was ordered that an authenticated copy of the Declaration of Independence with the names of the members of Congress subscribing the same be sent to each of the United States and that they be desired to have the same put on record. By order of Congress:

John Hancock, President  
The men from New Hampshire who signed the Declaration of Independence were Josiah Bartlett, William Whipple and Matthew Thornton.

The last Revolutionary soldier in Newmarket, Mr. David Watson, died at his residence here, September 20, 1855 at the age of 97. He was in the service of his country during the whole Revolutionary War.

## Buchan Named Swim Director

Robert Bruce Buchan of Lee, N. H. and Wellesley, Mass., has been named director of this season's swimming program in the town of Lee, according to Mrs. Tom Mahoney and Mrs. Lloyd Stevens, co-chairmen of the Lee Fire Department Auxiliary sponsored swimming and water safety project.

Buchan was recently awarded certification as an American Red Cross Water Safety Instructor from Camp Tevya in Brookline, N. H. He is the first swimmer to complete the American Red Cross course under the new program being sponsored jointly by the Lee Chapter of the ARC and the Lee Fire Department Auxiliary whereby one qualified young person in the community is sent to Aquatic School each year.

Camp Tevya is considered the best of the twenty-five ARC Aquatic Schools throughout the United States. Here, in a rugged ten day session, swimmers undergo concentrated courses in boating, canoeing, first aid and junior and senior life saving. This year the swimmers helped celebrate the 50th anniversary of the founding of the ARC Aquatic Schools at which distinguished graduates were honored for their contributions in the swimming and water safety field.

Mr. Buchan expressed his sincerest appreciation to all the people in Lee who made his scholarship possible, adding his enthusiastic approval of the new program.

Buchan comes to the Lee swimming program well qualified as he served last summer as assistant of Miss Nancy Bales who was Lee's ARC instructor. A recent graduate of Wellesley Senior High, Buchan was a two letter man on the wrestling and gym teams, a member of the National Honor Society and served as Senior class treasurer. He plans to enter the University of New Hampshire in September.

Swimming classes will be held for the regular four week period from July 18 to August 12. Mr. Donald Thompson has again offered the use of his private beach for the program.

Monday, July 18, will be registration day but it has been requested that anyone wishing to attend the classes contact either Mrs. Tom Mahoney at Oldfield 9-3406 or Mrs. Lloyd Stevens at Oldfield 9-3827 immediately in order to determine the number of classes to be held. Instructor Buchan will offer junior and senior life saving courses if there is enough interest shown.

### EAGLES SOCIAL ACTIVITIES

With Arthur J. LaBonte

Wednesday, June 22, a very interesting meeting of the Fraternal Order of Eagles was held at the Eagles hall conducted by their recently installed president, Harold Dawes.

Two new candidates were accepted unanimously for membership. The two, Joseph A. Schanda and Walter Davis, will be initiated into the order next month.

During the business meeting, two committees were appointed by the president. Serving on the Outing committee will be Eddie Renzulla, chairman, John A. Schanda, Eddie Dostie, Ken White, Jr., Romeo Lemieux, Roderick, MacDougall, William Duffy, Arthur Provost, Jr., and Charles A. Brisson. The annual outing will be held Sunday, August 21, at Simpsons at Dover Point.

The second committee will begin preparations for the annual Christmas Party which is one of the chief civic activities carried on by the Aerie. Each year, considerable planning is devoted to this project to insure the success of the venture, begun 22 years ago. John A. Schanda will serve as chairman assisted by Roderick MacDougall, Richard Artz, Joseph Dupre, William DeSalvo, Charles Rear-don, Walter Goudreau, Romeo Lemieux, Charles W. Lang, Harold Melendy, Eddie Dostie, Eddie Renzulla, George Pelletier, Ralph Larrivee and Arthur J. LaBonte.

It was voted and approved

that the Aerie make a substantial contribution to help send a local Boy Scout to the National Boy Scout Jamboree July 29 in Colorado Springs, Colorado.

The membership also voted and approved the organization of a ritual degree team. Past state president Joseph A. Dupre will serve as directors. Members interested in this new venture are requested to meet at the Aerie home Monday, July 11th at 8 p.m.

A report of the state Aerie Convention held in Concord recently was given by Roderick MacDougall, state Aerie outside guard.

The next regular meeting will be held Wednesday, July 13 at 8 p.m.

Our next FOE Code is (52) X. Remember, all members, you must be present at each meeting to benefit from this code, providing Lady Luck smiles on you. Don't miss a meeting and be one of those who say, "If I had only been present!"

### Civil Defense Units Readied For Emergency Tornado Alert

The Civil Defense groups had an opportunity to put their practice training to good use last Friday when a call came through on the Red Line Network at 3:45 p.m. ordering a Tornado Alert.

Members of all units were notified of the warning and put on a stand-by basis. The Fire department and Auxiliary Police were stationed at the fire house monitoring broadcasts from state headquarters as well as weather bulletins given periodically over the regular radio channels and the engineering unit of the Highway department readied for an emergency.

Police Chief John Valliere had alerted his force of regular and part-time officers with the department ready to use the available auxiliary police unit if necessary.

The alert, which had been declared for Mass., Conn., R. I. and southern New Hampshire ended locally at 1:30 a.m. Saturday with many CD members having remained for an additional one and one-half hours

as a precautionary measure.

The use of the fire alarm was reserved for the event of an actual emergency, should that have occurred. All units would have been available after the height of the storm.

In addition to the CD group, local industries and utilities had received a similar warning and were prepared with stand-by personnel and reserve manpower.

The flexible coordination of all town departments and agencies provides the logical explanation for the fact that Newmarket now has one of the most active Civil Defense units in the State of New Hampshire.

Mrs. Gielar will soon move to Penacook, N. H., where her husband is employed at the Bow Generating Plant.

### NEWMARKET ARMY MAN RECUES GERMAN BOY

An article taken from a Regensburg (Germany) newspaper states:

"An American soldier has been credited with saving the life of a 3 year old German boy here. Private First Class Richard E. Finn, HQ. and HQ Troop, 3rd Bn, 11th Armed Cav. Regt., while on his way to meet a friend, saw the young boy lose his balance and fall into the water. Immediately taking off his shoes, Finn, fully clothed, jumped into the river after the child.

"Trying to get ashore with the boy, he encountered difficulties. The steep straight quay-wall does not have hooks or other devices to hold on to,

forcing him to remain in the cold river for ten minutes while the little boy in his arms screamed and kicked.

"A young German, who had observed the incident from his balcony, helped the exhausted soldier to reach shore. The child was unharmed, but Finn received first aid for an injured toe encountered when he jumped into water. The child's mother thanked the soldier heartily."

Kenneth Grant, Camping and Activities chairman, recently announced that the final arrangements for the event are nearly completed. This camporee and many more like it throughout the nation will be held in conjunction with the Fifth National Jamboree, at the 2,000 acre Scout ranch at Colorado Springs, Colo., making it the largest such event in Scouting history.

The local camporee will be held at a site on Lafayette road, in Portsmouth just north of the intersection of Ocean road.

Friday the scouts will set up their tents and ready their area after being assigned a camp site.

After the evening meal and cleanup, units will participate in unit testing. On Saturday a conservation fair, demonstration of Scout skills and patrol skill contest will take place. There will also be exhibits, such as archery, presented by several local clubs and organizations. Troops will also be exchanging visits during the day. A sound stage will be available for the evening campfire, with participation by all area units and Scouts.

Sunday's events include provision for Catholic Mass and Protestant Church service, a patrol challenge contest, lunch, and policing the grounds before a closing ceremony.

Sidney Knight, of the registration committee, made an appeal for all troops that have not returned their completed registration, to do so before the registration deadline of July 7.

## Durham T.V. Station To Show Series On "How To Water Ski"

Youngsters and adults who have longed to learn the skill of water skiing can do so this summer by watching WENH-TV and then practicing their television lessons in the ocean, rivers lakes and ponds of the New England area. WENH-TV begins telecasting "How to Water Ski" Monday, July 4 at 7:30 p.m. The eight programs in the series were produced by KCTS-TV, the University of Washington, Seattle educational television station.

The host for the series is Bob Flick with Dr. Lewis West, water skiing expert explaining and demonstrating water ski equipment, how to make dock and deep water starts, towing, wake crossing and saucer riding, one ski starts, and stunts and trick skiing.

Bob Flick, a recent graduate of the University of Washington, has recently become well known throughout the country as one of the "Brothers Four" quartet in national television variety show performances. Dr. Lewis West is regional representative of the American Water Skiing Association. He holds several skiing titles in the Northwest and in the nation.

Mr. Cabot Lyford, program manager of WENH-TV, was instrumental in procuring the program series on water skiing for Channel 11. If you are thinking of buying boat or skis for this sport, be sure to watch the first two programs for expert advice on the kind of equipment you should buy.

inhabitants, emphasizing principally the material aspects of Indian culture.

"Redman's America" represents the combined efforts of museums, universities, anthropologists and the Indians themselves to present a thorough overall view of the tribes stretching from the Atlantic to the Pacific and from the Great Plains to the seacoast of the Northwest.

Miss Underhill, nationally recognized authority on American anthropology and Indian studies, describes Indian histories, languages, customs and crafts, illustrating with artifacts from the rich supply available.

# Joe Dixx's Sport Corner

By Richard Schanda

A letter requesting that a survey be made of the Lamprey river to see if it would be suitable for Atlantic salmon has been sent to the Fish and Game Department in Concord. If and when I receive an answer, the contents of the letter will be published.

The annual fishing hearings will be held at Concord Superior Court House at 10:00 a.m., July 11th. This meeting is a public hearing and deals with proposed changes in fishing regulations. If you happen to be in the city on the 11th, drop in and let your opinions be heard.

Salt water fishing this past weekend ran from fair to poor, depending on the time of day. Early morning fishing, usually the best, ran a poor 2nd to late afternoon fishing. Some had-dock and cod were taken in the early morning, but the bigger fish seem to show up around 4 in the afternoon. Possibly the draggers were busy during the night.

Salt water fishing is odd at times. You may fill a boat at one spot at a certain time and tide and then come back a week later and catch nothing but dog fish. It is hard to predict where and when the fish will bite.

After the first of July, you may take 5 bass or 7 lbs., which ever limit you catch first. During the month of June, the limit was 3 fish or 7 lbs. As always, minimum length is 9 inches.

The game birds have started to show up with their broods and as always, a high mortality rate cuts the number of the newly hatched chicks. The duck have to contend with the snapping turtle, the grouse with the coopers hawk and coon, and the

pheasant with house cat, mowing machines and wet weather. There is not much the conservationist can do about the effect of nature upon the young birds. We can do no more than hope for the best.

## Summer Plans Now Complete For Red Cross Water Safety Classes

Plans are now completed for the Exeter District Chapter's water safety classes to be held at the Kingston State Park this summer. They will start on July 5th and run through July 28th — Mondays, Tuesdays and Thursdays. Then the August sessions will start on August 2nd and run through August 25th.

Adults please note: If you do not know how to swim, or very little about it, yet wish to register but are too timid to do so, our instructors will hold a special Adult Beginners class, if enough people register. However, do not stay away or hesitate to register even if there are only a few. Red Cross wants everyone to know how to swim by making every American a swimmer and every swimmer a life saver.

The sessions will be as follows for the various classes:

Beginners: 4 classes in all — July is all filled but there are August openings. Two classes from 9 a.m. to 10, 2 classes from 10 a.m. to 11.

Advanced Beginners: 1 class — July and August openings left. 1 class from 11 a.m. to 12 n. Intermediates: 2 classes in all — a few July and August openings left. 1 class from 9 a.m. to 10; 1 class from 10 a.m. to 11.

Swimmers: 1 class from 11 a.m. to 12 noon. Openings for both July and August.

The first homer of the 1960 Little League season was slammed out of the park by Craig Grochmal. This came with the bases loaded and proved to be the blow which sent the Red Sox on to win over the Giants.

The Braves posted their 6th straight win when they defeated the snappy Red Sox. The game, which was very tight until the 4th inning, when the Braves went on the warpath

and scored 5 runs. Jack Brown, who plays ball like a major leaguer, continues to knock the cover off the ball. This boy has a fine eye and a smooth swing. If he retains this gifted skill, he should turn out to be a 2nd Nellie Fox. The line drive hitter who also hits to all fields is a hard man to get out, as Jack's batting average will show.

The team standings as of June 25, 1960 were:

	W	L
Braves	5	0
Red Sox	3	2
Yanks	2	3
Giants	0	5

The top five hitters are:

Brown, Braves	.647
Piecuch, Braves	.548
Gage, Giants	.500
Grochmal, Red Sox	.471
Pohopek, Yanks	.445

Most runs batted in:

Grochmal, Red Sox	9
Arsenault, Red Sox	7
Lemieux, Red Sox	6

## PONY LEAGUE

The first game of the season played at the Nicholes avenue park was won by the Cubs who knocked off the Newmarket Dodgers by the score of 18-3. A fine group of fans were on hand to look over the new teams.

Newmarket has a good chance to bring the Pony League championship to town if the Cub team plays as well as we hope it will. They have the pitching and the fielding and with their Little League experience we look for a winner.

Comments on the condition of the ball field put the field in its best shape since the mill turned the field over to the town. A tip of the hat to the Little League officials, Eagles softball team and the Pony League for all the time they put into the reconditioning of the field.

# American Legion News

By Fred L. Beale

The Robert G. Durgin Post No. 67, AL, has been cited by the American Legion National Headquarters in Indianapolis, Indiana, for outstanding service to children and youth. Announcement of the citation was made by Charles A. Bennett, Jr., commander of the Robert G. Durgin Post. The commander gave much of the credit for winning the

award to Justin C. Renner, of the Post Child Welfare committee and Joseph Leo Ledger, who is liaison member between the Post and the Boy Scouts and the many members of the Post who are associated with the Little League Baseball teams and all donations that assist in children's activities.

"Child welfare is one of the American Legion's major programs," Commander Bennett said, "and we are proud that our efforts have been honored in this way."

The citation was presented by the department child welfare chairman, Albert H. Brooks of Tilton, N. H. It is personally signed by the American Legion national commander, Martin B. McKneally, national child welfare chairman Percy A. Lemoine, national child welfare director Randel Shake and by the department child welfare chairman Albert H. Brooks.

All American Legion Posts are required to submit an annual report of their work for children and youth. It was on the basis of the report that the Robert G. Durgin Post No. 67 won the citation for outstanding service during the past 12 months.

Commander Bennett attended the Class Day ceremonies recently at the Newmarket high school and presented the American Legion school awards to Terry Zych and Jean Cissell. He also presented the high school principal, Leo Landroche, a new plaque. Mr. Landroche is the Americanism officer of the Durgin Post.

The post commander also attended the graduation exercises at St. Mary's school and presented the school awards to Edward Ziemba and Lorraine Arsenault and also a new plaque to the principle Sister Superior of the school.

These plaques were set up and engraved by our local jeweler, also a member of the Durgin Post, Walter Andrew Gazda. It took some figuring but he did a fine job and we now are all set for the next decade or more. Each plaque

has both sides of the Medal that is awarded the children and same were for outstanding citizenship and Americanism for outstanding courage, leadership, honor, scholarship and service.

The following three boys are enjoying themselves this week at the New Hampshire departments Boys State held at the University of New Hampshire: Frank Szabo sponsored by the Robert Durgin Post, Richard Homiak sponsored by the Polish American Citizens Club and Peter Jordan sponsored by the Lamprey Aerie No. 1934, FOE.

There will be no meeting Monday, July 4th and the meeting will be held Monday, July 11th, instead. However, the 50/50 club drawing will be held at the club Social Friday night, July 1st, in order to help some of the members over the vacation period which usually takes place this week each year.

It seems that a great many of our members are not receiving the regular notices sent out by the Post. Now if you miss out on the activities of the Post it will be entirely your fault. All the activities of this Post and special Legion subjects will be printed in THE NEWMARKET TIMES each week. If you don't want to miss out

on the good things, subscribe for the paper and don't take a chance that they will all be sold before you can get a copy. There is much on the fire for this coming year.

Tickets are now out for the annual outing and children 12 or under will be admitted free if accompanied by a parent. Sports, boat rides and good things to eat will be featured. The membership drive will start shortly after the 1st of July and a new system will be used this year and will be canvassed in sections each week and the sections being contacted will be published the week before to cut down the necessary travel that crops up in membership drives.

An effort will be made this year to recapture several of the annual trophies awarded each year at the department convention. May we have your undivided assistance and cooperation in this forthcoming drive.
