

## SEWER PROBLEM STUDIED

### 7-12 YEAR OLD BANTAM BOWLERS

Newmarket PTA 7-12 year old Bantam League members who are enjoying a summer of bowling fun at the Exeter Bowling Lanes pictured here are, kneeling, left to right, Richard Harclerode, Fred Puchlopek, Susan St. Amour; sitting, left to right, Faith Silver, Marlene Filion, Mrs. Gerard Filion, Susan Filion, Jon Otash; standing, 1 to r, Mike LaBranche, Mike Pazdon, Tommy Moore, Jacquelyn Varney and Jackie Pazdon.

Clarence Metcalf, representative of the State Water Pollution Commission, met Wednesday night with representatives of the Planning Board, Budget Committee, Water Works and Selectmen to discuss the matter of water pollution abatement. He referred to a study completed after six months of work by his department to classify data compiled on pollution in the Great Bay.

Results of this work will be used in future programming to make the bay water more acceptable for recreational activities, improvement of wildlife, development of the area and shellfish and marine growth. He stressed the fact that the study was carried out for the purpose of classification.

In reference to Newmarket, experts of the Pollution Department had found that the sewers, even after many years of use, are still in good condition, adequately sized and wisely installed. The textile industry, which appears to have had a major say in the matter, chose to exclude the run-off of storm water. The three main systems, one on Creighton street, the second on Bay road and the third in the New Village, are all still in excellent shape and should continue in operation for many years to come.

The state proposed two different methods of elimination of Newmarket's contribution to the pollution. In Group A, a sewer treatment plant and pumping station on Bay road, a pumping station and force main at the New Village and a pumping station and like force main at Creighton street. A total of three stations and the treatment plant.

The cost of such a project is estimated by the state to be \$343,000. The Federal governments share (30%) would be \$103,000, the states share would be \$69,000; leaving the town with a balance of \$171,000, which could be financed by a bond issue over a period of years. This would only add about \$1.50 to the tax rate.

New Hampshire towns are fortunate in that our state is the only one which guarantees bond issues for the abatement of pollution from sewer treatment plants.

Group B recommends the construction of gravity sewers, one at Main street beyond the present existing limits of the sewer, another on Packers Falls road to serve houses there and the third on New road.

This plan could easily cost \$100,000. New road is estimated at \$20,000, Packers Falls road at \$67,000 and a Main street sewer extension at \$26,000.

Mr. Metcalf reminded his listeners that he was quoting from a study, not an engineering plan, but that the results of an engineering plan would follow the figures quoted very closely. The Group B plan, although not eligible for Federal assistance, would provide often requested extension.

A preliminary study can be made only after the Board of Selectmen decide to present the matter for a vote at the town meeting in March or the matter could be brought up at a special town meeting. Once the voters express their wish to conduct a study, a loan for that purpose could be obtained. This is no matter which can be solved in a few weeks.

Once a hearing on the question of pollution is held, the New Hampshire Legislature will act upon the matter. When the Great Bay area is classified and the tributaries leading to the bay, towns pouring their untreated sewage through these rivers can be ordered to treat their sewage within a reasonable length of time, possibly five years.

These towns should consider now the course of action to be taken to prepare for that event. Arthur Beauchesne, chairman of the Planning Board, explained that funds are available through the State Department of Health to encourage the good planning and management of water and to assist in the extension of water services.

A later meeting of town officials and departments will be held when a speaker will be present from that department to explain details relating to local sewage disposal needs.

## Industrial Group To Form Here

The Times learned today that a special meeting will be called on Thursday, August 18th at 7:30 p.m. at the Town Hall to formulate plans for an industrial group in Newmarket.

The purpose of the group will be to aid in the financing and construction of manufacturing buildings in town. Many inquiries have been made by out-of-town concerns in regards to establishing manufacturing businesses here, but the lack of space has been a discouraging factor.

The State of New Hampshire now offers financial aid of up to 90% for programs of this type of building. The local group would supply the additional 10% required.

It is hoped that fifty members will join the group. It is not necessary that you be a business person — everyone is cordially invited. Plans call for investment of \$10 per month. This money will be invested and when a sufficient amount is realized it will be applied to new construction of industrial buildings.

A program such as this would certainly start the economy of Newmarket on an upward trend. With the addition of new industry in town, all business and townspeople would benefit to a great extent and our town would again prosper as a manufacturing center. This is an important step forward. It is hoped that all interested parties will attend this meeting. A suggested name for the group is the "Under 50 Club."

## KENNETH VARNEY RESIGNS POSITION ON SCHOOL BOARD

The Newmarket School Board met Monday night and appointed John A. Dodds as an interim school board member to replace Kenneth Varney, who has resigned from the board to enter the field of teaching.

Mr. Dodds is a graduate of the University of Vermont with several years of teaching experience as well as a five year term as headmaster in Weare, N. H. He is an assistant professor of Dairy Science at the University of New Hampshire and received his Bachelors in Agricultural Education from the university last June.

Mr. Varney, who has served on the School Board for four years, will teach Social Sciences and do Vocational Guidance work at Newmarket High School. He holds an AB in Education from UNH, where he majored in Psychology and he has completed half of the work necessary for a Masters degree. He is continuing his studies at the university working for his Masters degree.

The School Board also re-appointed Mrs. Isabelle Dearborn as supervisor of the hot

### N. H. Third District Convention To Be Held Here Saturday, August 13

The Third New Hampshire District of the New Hampshire Department, the American Legion will hold its 13th annual District Convention with the Robert G. Durgin Post as hosts on Saturday, August 13th at Legion Hall.

Supper will be served from 5 to 6:30 at the Legion dining hall. A parade through the business streets starting at the Library on Elm street and proceeding to Kitteridge square, down Gerry street to Exeter street and then back to the Legion Hall, where they will fall out.

The business session will start at 8:00 at Legion Hall and the most important business will be the election of the balance of the District officers as required by the department by-laws. The district commander will appoint

his standing committee and chairmen. Action will be taken on any district business to come before the convention. An enjoyable evening is provided for all attending following the business session.

### Joliet Court To Hold Outing

Joliet Court #634 will hold its annual outing on Sunday, August 21 at Barth Leblanc's camp on Wheelwright Pond.

Members are urged to contact the outing committee prior to August 18th in order that the committee have an accurate count of members that will attend.

Outing committeemen are as follows: Robert Ferland, Terry Labranche, Adelard Rousseau, Joseph Rousseau, Raymond Bernard, Archie Labranche and Robert Rousseau.

### Vacations In New York

Mr. and Mrs. Arthur Pease and daughters Nancy and Linda of Newmarket, recently motored to Long Island, N. Y., where they visited with Mr. and Mrs. Howard and son Wesley.

Mr. and Mrs. Howard had just flown in from Germany where they had been living for the past three years.

Mrs. Howard and Mrs. Pease are sisters. The Howards then came to Newmarket where they visited the Pease family.

### CARD OF THANKS

We wish to express our deep appreciation for the beautiful flowers, cards, letter of condolence and other kindnesses, which were so comforting during our recent bereavement. We also wish to extend our sincere thanks to the Veterans who expressed their sympathy in so many ways.

Mrs. William E. Neal  
Mr. and Mrs. Robert Otash

### Recent Births

Mr. and Mrs. Wilfred Beaulieu of the Plains road are parents of a baby daughter born August 7th at the Exeter Hospital.

### TIGER TO COMPETE AT RHODE ISLAND MUSTER SATURDAY

The Tiger #1 is entered in 64th Annual Muster, a New England Veteran Firemans Muster to be held at Eldridge High School in East Greenwich, Rhode Island.

This will be the biggest muster the Tigers will be in this year. The prizes are over \$800 and the first prize will be \$350 which the crew hopes that they will bring home.

Anyone who is interested in going to this muster, be at the old fire house at 5:15 Saturday, August 13th, and we'll see to it that you get down and back and also that you will have a good time.

Let's see a large group of rugged men and boys from Newmarket there this coming Saturday.

### Joins Husband In Florida

Mrs. Madeline (Clough) St. Hilaire has left for Florida with her infant daughter to join her husband, Donat St. Hilaire, stationed there.

### Letters To The Editor

To The Editor:

I would like, as I am very sure every parent would, to express my deep appreciation and gratitude to Mr. Dow and Mrs. Paradise for the splendid job they have done at the playground this year.

My children have done a great variety of work in arts and crafts this year. The list of things in my house from the playground is far too long a list, but I can say that I have enough pot holders to serve an army.

However, the children have enjoyed themselves tremendously and at the same time have made many things that they themselves may give as Christmas gifts.

They enjoy the sports also, but as yet my children are a little too young to derive the full benefit of this part of the

program. However, in future years I know this will constitute a great part of their work at the playground.

To me the playground is not just a place for me to "get rid" of my children for a few hours a day; it is a place that is teaching them good sportsmanship, competition — as the recent costume party showed, and skill and neatness in their work.

I again thank Mr. Dow and Mrs. Paradise, the Civic Club and the Town of Newmarket for making this possible for all the children of Newmarket.

/s/ Mrs. William Downs

### Red Cross Lists New Swim Hours

For the month of August the new swimming hours at Kingston State Park, Kingston, New Hampshire will be as follows:

From 9 to 10 — Adult Beginners, Swimmers and Life Saving.

From 10 to 11 — Beginners, Advanced Beginners and Intermediates.

From 11 to 12—all Beginners. Mrs. Gordon Cheney, the Exeter District Chapter's Water Safety Chairman and instructor has announced that registrations for the 1961 season will start in February of 1961 and everyone interested in being early kindly call the Red Cross rooms in Exeter, PR 2-3321, or Mrs. Cheney in Newton Junction, EV 2-5331.

## Town Meeting in the Olden Days

Many years after the Civil War, what might be called not be able to believe their eyes. No saloons in town and headquarters, were held for the no drunks on the streets and Republican and Democratic the women voting with the men. parties. The Republicans congregated at the Northern part of Newmarket and the Democrats drifted southerly to the store of J. S. and E. Bennett.

At each place, voters who didn't care who they voted for as long as they got something out of it, were cordially welcomed. Trading votes for merchandise, liquid or solid, was regular business and always in order.

Plans for town meeting were carefully made. So keen were both parties to secure these doubtful voters that they were closely watched and before election day each one was put under the care of a reliable voter until the votes were cast and the polls closed.

If some of the old voters were to come back they would

consist of polls, real estate, horses, oxen, cows, sheep, hogs, fowls, carriages, stock and banks, money on hand, money in banks, factories and machinery. Total \$1,318,534.

The appropriations made at the town meeting, March 10, 1896, for schools, to maintain the poor, to build and repair sidewalk and highways, to decorate the graves of soldiers, to light streets, to maintain Public Library, payment of bonds, police and town officers; total \$26,196.33.

Marriages, Births and Deaths: 1896, Sept. 26, J. A. Boucher, M.D., 17 births, 10 deaths, \$6.75; July 23, George L. Dearborn, burial permits, 95, \$9.60; Jan. 15, Charles A. Morse, M.D., returning births and deaths, \$425; Feb. 3, S. H. Green, M.D., returning births and deaths, \$14.75; Feb. 5, C. N. Tilton, reporting marriages, \$1.00; T. Lebel, M.D., 31 birth, 3 deaths, \$8.50; C. E. Tasker, returning 44 deaths, \$11.00.

Fires and Alarms: The fires in buildings have resulted in a loss of \$1,502. Insurance paid on account of property damaged or destroyed, \$1,075. There have been six alarms for brush and forest fires during the past year, by which the damage to property has not been great, but they represent many hours of hard work by the department. The damage by brush and forest fires has not been estimated. They were nearly all of an incendiary origin.

The arrest and conviction of a person detected in caliciously starting a brush fire had a good effect as there has been no fire of that kind since.

Following are a few of the fires which happened that year:

On Friday, April 3, fire was discovered at about 7 p.m. in floor over Charles H. Ellison's grocery store, North Main street. The fire was extinguished without general alarm. No insurance on building.

On Sunday, Nov. 8, there was a fire in dwelling house owned by Charles L. Gray, North Main street. There was great delay in ringing the alarm. Companies

responded to the cry of fire and had two streams on building 15 minutes before the fire alarm was rung in, which was at 3:10 a.m. Value of the building, \$1,000. Insurance on same \$700. Damage to building \$700. Insurance paid on account of loss, \$700. The dwelling was vacant at the time of fire and the cause of fire was unknown.

The fire companies raised \$800 by having a fair. The money was to be used for an electric fire alarm system. The fire companies then elected the following as a committee to put in the system.

From Tiger Hose: Director, William H. Small, Capt. Albert T. Stackpole, Clerk, George O. Hodgdon.

From Granite Hose: Director,

### PLAYGROUND OUTING SCHEDULED TO TAKE PLACE WED., AUGUST 17th

Watermelon Day was held last week at the playground and was accompanied by a contest to obtain the most seeds through the efforts of each individual participant. Scoring in this contest were Sandy Paradise, Dale Marden, Diane Van Fleet, Jane Hazeltine and Craig Grochmal, who were given prizes of watermelon.

The watermelon was supplied through the courtesy of La-Branches IGA on Main street.

In the Timing Archery Contest the players were allowed 6 arrows each and timed during the shooting of each. Results were as follows: Ronnie Roy Lemieux, 3½; George Phalen, 9; John Munroe, 18½; Bill Ernest, 21½ and Sandy Paradise, 25.

The Newmarket playground group visited the North Hampton playground for a kick-ball contest won by Newmarket with a score of 18 to 8. Playing in the game was John Langlois, captain, Timmy Marcoux, Dale Marden, Romeo Romero, Lionel Arsenault, Sandy Paradise, Bob Mitchell, Diane Van Fleet, Craig Grochmal, Ronnie Lemieux, Bumpy Filion, Peggy Shorey and Larry Beaulieu.

The North Hampton group won the tug-of-war held afterwards. All the players were given prizes of watermelon.

The Costume Parade was

held in the gym with several mothers, brothers and sisters and other relatives present. The curtains were opened and the spotlight shone on the 46 participants on the stage.

In the Original classification were Dale Marden and Bill Fecteau, one standing on the shoulders of the other as a robot; Tom Moore as the headless man; Lauren Beers and Paulette Pelletier as Peter and the Wolf, and Diane Munroe as the Fire Girl.

In the Beauty class were Melanie Larocca as a princess, Pam Tourigny as Little BoPeep, Cathy Miesowicz as the Good Fairy and Barb Shorey as a clown.

In the Humorous class were Sandy Paradise as a character, Diane Van Fleet and Jane Hazeltine as Aunt Jemima Twins, and Bobby Kartaszewicz as a chinese boy.

In the Historical category, Martha Washington, Patrice Olszanowski; Claudia Marcoux as a sailor, Mark and David Portyrata as a pirate team, Peggy Shorey garbed in a sack dress and Mike and Valerie Downs dressed as Indians with their papooses.

The annual playground outing is planned for Wednesday, Aug. 17. Anyone over 21 wishing to volunteer to assist on that day may contact either Jack Dow or Mrs. Doris Paradise.

The crafts groups under the supervision of Mrs. Paradise are making felt eye glass cases, paper fans, wall plaques constructed of paper plates with an appropriate wallpaper design attached. Also added to the crafts line were felt book marks and felt decorated lapel pins.

Scraps of yarn are still needed at the crafts room for use by the youngsters. Yarn is an easy medium for decorating and fastening small objects made of felt.

Present point ratings for the boys are Dale Marden, 603; Bill Fecteau, 568; Bill Ernest, 559; Tim Marcoux, 548; George

Phalen, 543 and Romeo Romero with 490.

Top high point winners for the girls are Sandy Paradise with 602 pts.; Diane Van Fleet, 328; Jane Hazeltine, 393; Peggy Shorey, 246; Claudia Marcoux, 227; Nancy Demers, 201; Jill Carmichael, 197 and Pat Munroe with 172.

To test the older sports minded group in their knowledge of sports figures in addition to their own particular prowess, Director Dow gave a quiz last week of matching the athlete to the correct sport.

Most of the figures were prominent in the past 3 decades proved ancient history to the average youngster, boys included. One of the group had 6 correct, another had 5 right. Most of the ten sports figures were unknown in local sports circles.

### Two Cases Heard At Police Court

At Police Court last Saturday, Leroy H. Syphers of Portsmouth avenue, Greenland, charged with speeding greater than reasonable and prudent entered a plea of guilty and was fined \$15.

Fred D. Moody of 14 Chapel street, Newmarket, entered a plea of guilty to brawling on Chapel street. He was found guilty and fined \$25.

In a companion case, Edwin E. Moody of 12 Chapel street, Newmarket, charged with raising a brawl, was fined \$25.

### GUBERNATORIAL CANDIDATE VISITS LEE

Pictured above on his recent visit to Lee is Republican gubernatorial candidate Hugh Gregg (left) of Nashua. He is shown discussing his campaign plans with (left to right) Lee Selectmen Keniston, Aaron Chadbourne & Mrs. David Clark, Lee men and women chairmen of the "Gregg for Governor" campaign.

### GREGG LAUDS LEE RESIDENTS ON BUILDING OF NEW SCHOOL

Hugh Gregg, Republican gubernatorial candidate, commended Lee residents on the new elementary school, the first outside unit of the Oyster River Cooperative School district to be built, now under construction at Lee Hill, where he met with a group of interested citizens Friday morning to discuss his candidacy and answer questions.

Mrs. David Clark and Aaron Chadbourne, Lee chairmen of "Gregg for Governor" campaign were on hand to introduce their candidate.

"It seems appropriate at this time," said the ex-governor, "to extend my congratulations to you on your new school. I was in office when your district was formed and I feel more small towns could benefit by joining just such cooperative efforts."

In answer to a question as to what he recommends as a solution to ease the cost of education on the local property owner he pledged more state aid to education and restoration of the promised funds for school construction which were denied last year by gubernatorial veto, adding that he would assist towns and cities to strengthen

primary and secondary education by making funds available. Gregg's visit to Lee was part of a tour through the small towns in Strafford County. It was the first time in recent memory that a candidate for governor had visited this small community.

Miss Sandra Dodds entertained her 13 senior classmates at the Concord Hospital last week at the home of her parents on Epping road.

## Additional Legion Activities At Department Convention Last June

By Fred L. Beale

Among the speakers of the Convention was the Governor of New Hampshire and coming from the Third District we have in the first picture following, left to right, District Alternate Director, Mrs. Rita McLeod of Dover; District Director, June Daley of Portsmouth and Gov. Powell and Mrs. Edith Still of Manchester N. E. C.

The second picture is a picture of the display of trophies which were awarded at this convention. Portsmouth Unit won the Pan-American Trophy and the Dover Unit won the Child Welfare trophy.

Other awards which were not trophies but are a necessary part of the convention as it helps defray the expenses were as follows. Electric can opener won by Mary Honeywell of Hudson, Savings bond won by John Fitzgerald of Peterborough and the Blanket won by Stanley Phillips of Grafton. Those of you who have tickets on these

items may throw them away as they are now useless.

The third picture is of the final installation of the Department officers. The four most prominently shown are, left to right, Department President, Adrienne Alix, Evelyn Bush, Muriel Graveline and at the speakers station, Mrs. Sally Simmons, National Vice President and Eastern Section Director.

In the membership awards the Farmington Unit won the department Class B trophy and they also won the district trophy for membership, The Elsie Brown Trophy.

In the past the Robert G. Durgin Unit have been constant winners and we are looking forward to the time when they again can achieve this and bring home those trophies and I will get them displayed in a store window. This year the Legion Post is making an effort to recapture some of the trophies they have won in the past.

## American Legion News

By Fred L. Beale

A regular meeting of the Post will be held on Monday, August 15th at 8:00 p.m. The Jackpot for the night will be over \$42 and well worth taking home. But you have to be present to get it.

Lucien P. DiFazio of Withersfield, Conn., has been elected president of the American Legion Boys Nation. Young DiFazio, running on the Federalist ticket, defeated Lynn S. Sutcliffe of Bellevue, Wash., by a vote of 62-36 in a spirited campaign during the 15th annual workshop on the University of Maryland campus at nearby College Park.

Cornelius Dolby of Warren, Ohio, who lost to DiFazio on the fifth ballot in the pre-election convention, made it a clean sweep for the Federalist Party by defeating William E. Jones, Jr., of Ashland, Ky., by a vote of 64-34 for the vice-presidency.

Both lads are former "governors" of their respective Boys States.

The Boys Nation was conducted July 25 to start a week of varied activities designed to give the 98 junior American statesmen a closeup view of the

operating machinery of the federal government.

These youngsters heard National Commander Martin B. McKneally, in a special address, describe the nation's need for a well-trained youth to qualify as tomorrow's leaders in the conquest of the outer space frontier.

The American Legion Baseball Program was represented by 39 of the 60 players of the American and National Leagues for the All-Star Games of July 11 and 13, according to Lou Brissie, the Legion's baseball commissioner.

National Commander Martin B. McNeally of the American Legion has forecast a heavy veterans vote in the 1960 Presidential election, predicting a majority of them will consider the candidates on the issues of military preparedness and national strength even though the ex-servicemen cannot be counted on to vote in a political block.

Speaking during the opening session of the Republican National Convention July 25th in Chicago, Lanny D. Unruh, 17, the 1960 National champion of the American Legion's High School Oratorical Contest, call-

ed the GOP leadership to put the interests of the United States above personal rewards.

A recent editorial in *The Arizona Republic* had praised the American Legion for refusing "to be seduced by the siren songs of appeasement...", declaring, "the Legion, by making 100% effort to fight communism, is still guarding the ramparts of freedom, still fighting for that better world."

Jesse B. Rand of Haverhill, Mass., and a member of the Robert G. Durgin Post, is at the White River Jct., Vt., Veterans Administration Hospital. A card or letter will give him encouragement and help him convalesce.

### SCHOOL BOARD —

Continued from Page One

lunch program which will this year be extended to include the high school students. The lunch room area has been improved to accommodate the number of students expected to utilize the service. The food will still be prepared at the Central School kitchen and will be transferred and carried in new warmer containers recently acquired for that purpose. An electric chopper and electric slicer have also been added.

In conformance with the long range improvement by the School Board, the grounds at the Stone School have been graded, fill has been added and hot topping has been used to provide a smooth recreation area.

The H. R. Haines Fuel Co. has been awarded the fuel heating contract to supply fuel to the three schools in town for the year 1960-61.

## EAGLES SOCIAL ACTIVITIES

With Arthur J. LaBonte

In preparing my recent article, entitled "Security for our Aged", I was aware that it would be impossible to condense such information and do full justice to the subject, for it concerns not only Eagle members, but every adult among the TIMES readers.

In that column I explained the meaning of the Social Security Law and what could be done in the way of expansion to provide more adequate coverage in the future for the aged.

Many of us in the older bracket can still recall 25 years ago when the establishing of a Social Security Law was questionable. I, for one, remember well because I was only 32 and 60 was in the faraway future, legislative battles in Washington where in 1935 many State Representatives criticized the plan as fantastic and foolish and predicted that it would never pass and above all, that "it could not be done" in a century.

With the help of the Almighty it has been done, and with the blessing of many of America's leading elder statesmen, although not yet perfect

and with need for future improvement and amendment.

Right now, you understand, this improvement is exactly what we are trying to and going to do with your support of this cause during the coming months.

This year celebrates the 25th anniversary of the Social Security Act as a part of the law of the land and an integral part of the American way of life.

All Eagles had reason to rejoice when on August 14th, 1935, Eagle President Franklin D. Roosevelt signed into law the Social Bill authored by Eagle Senator Robert F. Wagner, the father of Social Security. Because of the wisdom and vision of FDR in signing this document even his critics often have had reason to be grateful to him. Eagles fought long years for this protection of the American workers despite strong and well supported opposition in the House and Senate.

Bitter and vengeful critics of the program referred to its supporters as wild-eyed wretches, freeloaders, dangerous radicals and branded them as dreamers encouraging the workers to a retirement of unwarranted ease and luxury. But we Eagles very stubbornly felt that our nation should hold out to its' citizens at least a HOPE for something BETTER than cringing charity or the alternative of spending the remainder of their lives in the poor house as many were forced to do at that time.

The good judgment of FDR prevailed for the benefit of his fellow citizens and after 25 years of witnessing the program in operation, these same critics admit humbly that the plan has worked far better than they ever thought it could despite obvious flaws, none of the dire predictions came true.

These critics never did want to help the working man and although they will never admit to such a statement, the facts

still are on record as well as their political status.

Let's look at the record! An American without Social Security is unthinkable in our own way of living!!

Eagles worked and have continued to work unceasingly to improve and expand our Social Security Law and have sought to correct its inadequacies and adapt its operation to constantly changing times and needs despite political opposition. It is interesting to note that to a great degree the forces now bitterly opposing betterment in our care for the aged are those self-same forces who battled to block the SS act in "35".

We notice too that their statements are carbon copies of the mass-backed arguments proved wrong a quarter of a century ago, when now under similar circumstances they reiterate, "it can't be done!"

As we well know from experience, things have reached the point where the average man claims that he just can't afford to be sick. Hospital rates are gradually increasing: since 1936 the cost of living index has risen nearly 100% while hospital rate costs have risen almost 300%, and in addition hospitals now add an amazing list of charges which make the cost of illness very steep for any pocketbook.

Only a millionaire can afford to be sick but there are so few millionaires among us! How can an elderly man or woman with a small income or maybe none at all face a situation such as this without fear?

I believe that's one reason to make them even sicker before they ever reach the hospital, and I've found it certainly does from personal experience. But as we say, "after the storm the sun shines." It is now encouraging to note that sunshine is now trying to pierce through the dark clouds of despair and fear for our aged because now the Congress of the United States at long last, seems to be seeking a way to provide adequate health and medical care for the aged to remove the very real fear of a chronic illness, or a financially catastrophic medical bill that can often cost an entire life savings.

Either leaves the elderly no choice but to depend on charity. The plight of the once productive worker living out his remaining years in unhappy resignation in a charitable institution is scarcely the fulfillment of his earlier days. Does this exemplify the typical aging American citizen in a land of plenty?

We all agree that the burden of health and medical care is

heaviest among our older people knowing that there are close to 16 million of our citizens over 65. And too, because of their age, they are in need of the greatest amount of medical care. A greater percent of this group lives on retirement income and life savings. Knowing this we better understand why Congress should and will do something to provide a solution.

At present there are two major proposals before Congress and considerable disagreement as to the best. Our representatives will choose the one they deem most suited to fill the present needs and future requirements of the nation.

All of us will be watching to be certain the choice is right, bearing in mind that each of us, regardless of race, creed, or political affiliation, will one day be classified in the older section of the population. The younger segment of the earning public must cultivate an awareness and an informed aggressive interest in this legislation which will play a prominent role in their own later years.

"While we're seeking a cure, let's provide a prevention!" knowing that it can be done providing all of us fight hard enough at the proper time for its accomplishment.

It's always a good idea to write to your Congressman and Senator to let them know that you as a voter approve or disapprove of pending legislation. Now is the time to inform them that we desire their support of the old age amendment. Our future as well as those of coming generations are involved in this program. In order to

profit from the lesson taught by the past 25 years let us make effective use of the inadequacies of the program and remedy them now.

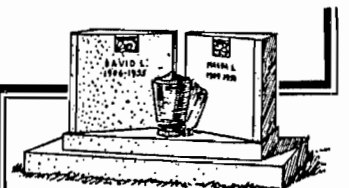

In concluding this I would like to emphasize that the need is for an "effective system of paid-up medical insurance" for retired workers and other beneficiaries financed through the Social Security program and available to all retired persons without a financial-means check.

Public attention will be focussed on the leaders of both parties this fall. We as Americans, want progress, not merely tranquilizers. Only the candidates who are willing to help the nation go forward will earn and receive the support of the voters November 8th.

It has been done before and it will be done again by expressing our intentions to our representatives and by careful and considered support of candidates who offer those abilities and qualities needed to bring progress in the areas of most need.

## Joe Dixx's Sport Corner

By Richard Schanda

The Game Commission has shifted its pheasant stocking into high gear. The birds have been divided into two lots. One lot will be released this month, and the final batch will be dropped late in September.

I hope the state boys push the corn to these birds for its hard to beat a fat roasted pheasant.

A few of the boys are going to write to Mr. Carpenter, game commissioner, and see if he will clip the wings on a few dozen birds so that old Uncle Flub and Hod Atherton can hit a few this year. Last year they both missed 12 and 13 straight shots on the wing.

There seems to be a lot of coon around this year. The hunting pressure has been very light in past years as the price of skins has dropped to rock bottom.

There are only two or three true coon hunters in town who actively hunt the coon. The increase has started to show up in ruined corn patches and raided chicken coops.

Permission can be obtained from your local game warden to hunt these masked bandits if the damage is heavy enough. The state is also required to protect and compensate you for damages caused by game animals.

Salt water fishing continues to be excellent with lots of good fish being caught. This past week end the cusk seem to

**We Carry A Complete Line of BIKES & WHEEL GOODS**  
Parts and Accessories  
**WESTERN AUTO**  
37 Water St. Exeter, N. H.  
TEL. PR 2-2731

make up the larger part of the catches.

One of the better catches of the year was hauled in the past Saturday by Dick Atherton and two friends. They picked up about 13 cusk, 10 or 12 haddock, many cod and a few pollack. They also saw a large whale and a herd of porpoise out near the Isle of Shoales.

The backers of the "stock the Lamprey with Atlantic salmon" would be tickled if you would stop into Arthur BoChaines and sign the petition which he has drawn up. We have set a minimum of 200 names so drop in at your convenience.

## Trailer Park Has New Swim Pool

Mr. and Mrs. Eddie Gilbert observed the completion of their new 50 foot swimming pool at the Sleepy Hollow Trailer Park with a splash party held last Saturday night. Sixty-five guests, including friends and tenants enjoyed swimming, a barbeque and danced to records in an area lit by two bonfires.

The pool, which can accommodate as many as 200 around its outer edge was installed by the Gilberts for the enjoyment of their tenants and guests at the trailer park.

Sleepy Hollow has been in operation for nearly two years. The owners have lived extensively in trailer parks in New Jersey and in Massachusetts during the past six years and when they returned to town, acquired the land on New road and began operation of the park which has 24 trailer sites ready and others available in the future.

### HOSPITAL PATIENTS

Newmarket patients at the Exeter Hospital include William Mitchell of 1 Beech street, Mrs. Joyce Condon of 3 Church street and Charles Smith of 10 Bay road.

## Tigers Sixth In Last Two Musters

By Ronnie Griswold

On July 30, the Tigers were entered in a muster at Southboro, Mass. As you can well remember at this time, we were having rains and heavy winds from hurricane Brenda which led to the Tigers taking a sixth position. No excuses are being made, because the weather was just about the same all day.

The Tigers did not march, but pulled their tub on the trailer behind George Griswold's car. After the parade, a ham dinner was served and most of the crew ate there.

After eating, it was found that the hose laying contest was called off. So, our Tigers had the enjoyment of practice anyway.

The muster started and the wind was terrible and the rain drenching. Once and a while the wind would switch position and go down the paper. As the day came to a close with the Tiger in sixth place with 158'5", it was still raining.

The Tigers who were so loyal to their handtub on this rainy day were Harry Littlefield, Slim Littlefield, Ken Willey, Charles Littlefield, Eddie Wasiewskie, Stan Szacik, Larry Gowen, Mr. and Mrs. Robert Pratt, Wayne Clark, Charlie Clark, Louise Emond, Al Gilbert, Mr. and

## LITTLE LEAGUE NEWS

By Joe Dixx

Little League officials held their final meeting of the season at the town hall on Tuesday, August 9th.

The first order of business concerned the annual Little League outing. The outing will be held on a Sunday with the

location and date to be announced later.

The matter of picking the All-Star team came next with 15 boys making the list. Here is the All-Star team which will represent Newmarket in the district playoffs:

Gage, Hill, Littlefield, Dziezic, Nesbit, Grochmal, Arsenault, Bosinger, Lemieux, Piecuch, Brown, Turcotte, Romero and Pelletier.

These boys will play 4 All-Star games with Durham, Exeter and Epping. The times and dates will be made known as soon as the details are worked out.

Week ending August 5th:  
Leading hitters: Littlefield, .563; Brown, .507; Grochmal, .460; Hill, .409; Gage, .409 and Piecuch, .393.  
Hits: Brown, 16; Grochmal, 13 and Littlefield, 13.  
Strikeout king: Piecuch and Grochmal.

# NEWS FROM LEE . . .

By Mrs. Lloyd Stevens

## Congregational Church

The Inter-church Council met recently at the home of Mr. and Mrs. Guy Angell to plan the year's activities. Members voted to participate in the nationwide "Religion in American Life" program sponsored by the Advertising Council of America.

In union with other groups across the land special efforts will be made in the month of November to encourage regular church attendance. Special materials with this purpose in mind are being ordered by the Council.

The Council was unanimous in recommending continuance of the union services and programs so successfully begun last year. In addition, the Council will sponsor a Twelfth Night Service at Epiphany to which worshippers will be invited to bring the wreaths from their doors to be burned in a common fire while all are gathered round to sing the last carols.

The Council will also undertake to produce a Passion Play on Good Friday under the direction of the pastor, Richard T. Clark.

The Lee Church will be closed for the following Sundays: August 14, 21 and 28. Members of the Lee Church are cordially invited to attend the services of the Union Congregational Church in Madbury at 9:30 a.m. during this period.

Members of the Lee Church and the Union Church of Madbury have been invited to attend the wedding of Miss Jacqueline Stetson to their pastor, Richard T. Clark, at the North Congregational Church in Portsmouth on Saturday, August 20 at 2 p.m. Following their wedding trip the Clarks will make

their home at the Lee Church parsonage.

The Board of Trustees of the Church held a work meeting recently to work on the grounds. They were also joined by Mr. G. W. Durepo in redecorating the parsonage kitchen.

## Personals

Dr. and Mrs. John Herman and children Ricky and Gretchen of Glenridge, N. J., have been visiting for the week with Dr. and Mrs. Ronald Buchan and family at their home in South Lee.

Mr. and Mrs. Sumner Layne of Chatham were supper guests of Mr. and Mrs. Oliver Kennard and family Monday evening. The Laynes, former Lee residents, were on their way to Cape Cod.

Bill Pearco of Fox Garrison road was honored on his sixteenth birthday with a surprise party at the home of Miss Carolyn Granger, Monday evening. Other guests included Carol Underwood and Steve Hamilton, Marilyn Dewey and George Howe, Faith Richards and Burton Curley, Jr.

Fire Chief Lloyd Stevens and firemen Ralph Granger and Elliott Wellington attended the monthly meeting of the Interstate Emergency Unit which was held at the Rye fire station Monday evening.

Ralph Granger, Jr., was host to a real old-fashioned clam-bake and lobster feed at the Granger's summer camp, Saturday afternoon and evening. His guests included James Buzzell, Sam Allen, Maynard Cross, Carol Underwood, Judy Warnock, Lynne Perkins, Susan Robinson and Alma Manock.

Mr. and Mrs. Aubrey Refuse, son Howard and daughter Jane

Ann of London, Ontario, are visiting for the week with Mr. Refuse's sister, Mrs. Jean Swett at the Wheelwright Antique Shop on Wheelwright's Pond. Mrs. Carol Smith of Chicago, Ill., was a recent visitor at the home of her niece, Mrs. Gail Sanborn on Lee Hook Road.

Karen Knabenschuh is spending several weeks with her grandparents, Mr. and Mrs. Karl Knabenschuh at Guilford, Conn.

Mrs. Charles Bennett and family have returned to their home in New London, Conn., after having spent two weeks with Mr. and Mrs. George Bennett.

## Accident Report

A Bond bakery truck failed to negotiate the deadly curve on the Wadleigh's Falls road early Tuesday morning and tipped over near the Herbert Richmond's home.

The driver was not injured but the truck was damaged. State Police investigated the accident.

## Tax Rate Issued

Mrs. Inez E. Bennett, tax collector, reports that the tax rate for Lee has been established at \$7.40 per \$100 valuation: \$1.18 for school, \$.90 for town and \$.32 for county.

This is an increase of \$.80 per \$100 over last year. Tax bills are now being mailed.

## Grange Hobby Night

Jeremiah Smith Grange met in their hall last Tuesday night with all officers except the gatekeeper, Mrs. Eva Jennison present. The Home Economics committee held their Baking Contest with Marguerite Freethy, Mrs. Elsie Keene of the Somersworth Grange and Mrs. Gertrude Reardon of Durham as judges.

Winners were: Class A — Miss Esther Garrity, festival sweet rolls, first; Mrs. Harriet Fogg, oatmeal bread, second.

Class B — Mrs. Virginia Brady, orange chiffon cake, first; Miss Esther Garrity, yellow cake, second; and Mrs. Katherine Jones, banana nut cake, third.

Class C — Mrs. Irene Fisk, filled icebox cookies, first; Miss Donna Bruce, chocolate pin-wheel cookies, second; and Mrs. Irene Pratte, peanut butter cookies, third.

Several members brought their hobbies and Miss Alice

Dudley showed movies of last year's country fair as part of her photography hobby. Tom Brown showed slides. Deputy Frank Foster of Rochester showed his pipe collection.

Refreshments were served consisting of the baked foods.

There were 3 visitors from Grange in Strafford, 2 from Somersworth, 2 from Crown Pt. Scammel in Durham, 2 from Madbury and one from Rumford, Rhode Island. Twenty-five members were also present.

At the next meeting the general committee for the Grange and Church fair would like anyone interested in helping to attend. Each person is asked to bring his own refreshments and the kitchen will be available for anyone wishing to "cook in".

## Antique Auction Brings Big Crowd

Fair weather and the lure of the auctioneer's chant drew a record crowd of auction buffs from throughout the area to the antique auction held at the Grange Hall Saturday.

"Your Yankee Auctioneer", George Martin from Arundel, Me., presided over the festivities. He hired all local people to help him; Judy Warnock was clerk, Timmy Kennard, George MacDonald and Paul Turner were his "runners" and Oliver Kennard and Lloyd Stevens hauled the articles to the Grange.

Miss Esther Garrity and Mrs. Katherine Jones of the Jeremiah Smith Grange were in charge of a baked goods booth and Mrs. Irene Pratte and Mrs. Jacqueline Brady were in charge of the refreshment stand.

## Rumors End!

Ever since Harley's Diner moved across the Lee Traffic Circle, rumors ranging from an open air theatre to a huge truck garden on the empty corner have run the gambit. But now Nick and Mike Furina have changed the rumors to fact.

The brothers recently purchased twenty acres at the corner and have been busy

readying the roadside for a fruit and vegetable stand which is scheduled to open in the very near future. Plans include a modern multi-unit motel which we personally feel will be a great asset to the town.

## New Arrival

A son was born to Mr. and Mrs. Robert Keniston, Jr., early Saturday morning at the Exeter Hospital. Excited about their brother's arrival are the other children of Mr. and Mrs. Keniston, twins, Robin and Becky.

## Local Horsewoman Wins Honors At Horse Show

Mrs. Ralph Booth came home from the National Morgan Horse Show held last week at North Hampton, Mass., with two ribbons won by her Morgan mare and foal.

Lady Oakland placed fifth in mare and foal class and 4th in mare and produce.

## Water Ballet To Feature Swimming Season's End

Parents, friends and the general public are cordially invited to attend a water ballet presented by all of the pupils of the Lee Swimming School under the direction of Red Cross Instructor Robert Buchan on Friday afternoon, August 12 at two o'clock.

Red Cross certificates will also be presented at this time.

These events will be held at Thompson's private swimming beach off Tuttle road.

Swimming classes have been held for four weeks under the auspices of the Lee Fire Department Auxiliary.
