## IMPORTANT MEETING OF LOCAL INDUSTRIAL GROUP

There will be a meeting of the proposed Industrial and Commercial Group on Thursday, Nov. 10, at 8 p.m. in the Court Room, Newmarket Town Hall.

The purpose of this meeting is to present to all interested persons the ideas and progress of the committees formed at the first meeting. This should be done in advance of calling in an attorney and actually forming the organization. It has been suggested that an initial deposit of \$10 per person be

contributed at this meeting as a show of good faith and to cover all organizational expenses.

There were about 35 persons in attendance at the first meeting. It is hoped that the Nov. 10 meeting will see these people and 35 more! It is the belief of the committees that only through cooperation and effective forward planning can the people of Newmarket share in the bountiful years to come.

Don't forget! Thursday, Nov. 10, at the Town Hall at 8 p.m.

## All Money is Recovered; No Locals Are Involved

Three unsolved robberies which had been plaguing the Newmarket Police Department for almost three weeks, were solved with the capture of two youths by the Nashua police. Chief John Valliere was called into the case last Monday when the Dover police requested his presence to possibly identify loot found in the Nashua and Dover arrests.

Accompanied by Sgt. John Marchaud of the New Hampshire State Police, who had been closely involved in the investigation, the chief identified, by serial numbers, a transistor radio taken in the Newmarket robberies, thereby linking the pair to the three robberies in town.

A full confession was given by Robert C. Smith, age 18, 15 Belknap street, Dover, including the three burglaries in Newmarket.

On Thursday, Sept. 23, Smith stated he and his juvenile friend entered #1 Maplecrest around 7 p.m. through the opened garage and took off with \$340.

Two weeks later on Oct. 7, they were back in Newmarket and travelling by car toward Exeter when they noticed that the house owned by Richard Houle was dark and no car in the garage. They found the cellar door unlocked and made entry.

Searching the house they

found a clothes closet where they took \$490 cash from budget envelopes. It was while they were making their getaway that the juvenile spotted and took the transistor radio, which was to link them with the crime.

On the same night they entered the home of Mr. Alfred Brisson, whose house was also dark and garage empty. They found a key, unlocked the door and made entry. They found money in the desk, also making away with green stamps and a box containing coins.

Chief Valliere spent Tuesday in Manchester, where in company with Capt. Frank Healy of the Manchester police and Sgt. Marchaud, he went to see the manager of Jerry's Motor Sale where the pair had paid \$2500 cash for a trailer. Upon explanation that Smith had forged his father's name to the contract and it was illegal, the manager made restitution, thus allowing Chief Valliere to recover all \$1046 in cash and

return it in full to the victims.

Also recovered were the radio, twelve books of S&H stamps and other small articles stolen.

Chief Valliere extends his grateful appreciation to the State Police and other law enforcement officers who helped solve the case and also the townspeople who assisted in the investigation.

## IGA Weekly News *Newmarket Boy Weds Louisiana Girl* *In Military Ceremony September 25th*

By Priscilla Schanda

Trick or Treat! Yes, it's that time again. Witches hats and coal black cats. All that seems to mean youngsters and real happy faces when they bring home large bags full of goodies, large bags full of goodies, empty them on the kitchen table and start to sort them out. Popcorn, candy corn, kisses, candy bars and an assortment of fruit. Don't forget them when you shop this weekend. We have a large selection to choose from.

Come and get it! Shop bargain days. Watch our Tuesday and Wednesday specials. This past week we had real bargains with TableRite chuck steak at 49c per lb. and TableRite beef liver at 39c per lb.

We all like to economise and IGA is the place to do it.

The group at the IGA wish a belated congratulation to Bob and Pat LaBranch on their 21st wedding anniversary. They entertained friends at home for the occasion. On Sunday, they visited with the Linburgh family in Worcester, Mass.

On Wednesday, last, Robert LaBranch and Robert Valliere went to a special IGA meeting held at the Statler Hotel in Boston. The object of the meeting was to introduce a new line of IGA dairy products. We may look for these in the near future.

The Service Club held their annual Ladies' Night at the Rockingham Ballroom Wednesday night. Among those present were Bob and Al LaBranch and Bob and Irene Valliere.

Kathy White, daughter of our produce manager, Kenneth White, has been studying hard on a home course in Air Line Hostessing. She has completed 12 lessons and is well on her way. She is also carrying a full time job at Sam Smiths. We think she should be congratulated on the fine job she is doing. Ambition has opened a door for her.

A2C Robert M. Cleveland, son of Mr. and Mrs. Fred Cleveland, formerly of Newmarket, was united in marriage with Carolyn Ann Cross, daughter of Mr. and Mrs. Willis Cross of Alexandria, La., at a military ceremony Sept. 25 at 2 p.m. in the England Air Force Chapel at Alexandria.

Among the immediate family attending the wedding were the groom's parents who are now living in North Fort Myers, Fla., having moved there from Newmarket in July, and his grandparents, Mr. and Mrs. Michael Pelczar, formerly of Newmarket.

The bride wore a short lace gown and veil with a white carnation corsage. The bride's sister, Miss Margie Cross, was

maid-of-honor and wore a beige dress with white accessories. Best man was the bride's cousin, Robert C. Adams of North Little Rock, Ark.

Following the wedding, a reception was held for close friends and relatives at the auxiliary room of the American Legion.

The couple spent their honeymoon in New Orleans. Following a month's leave, A2C Cleveland will start a two-year tour of duty in Hawaii where he expects to be joined shortly by his wife.

Mrs. Cleveland graduated from Bolton High School in Alexandria last June and is presently employed as a telephone operator. Robert graduated from Newmarket High School in 1955.

## News From St. Mary's School

### Grade One

In Grade One we have enjoyed reading stories about our First Grade Friends, Dick, Jane and Baby, in our First Pre Primer. We are now enjoying stories about friends at work and play in our second book. It was fun finding pictures of "work" and "play" and placing them on the board.

Our Catechism Lesson on the good and bad angels was a thrilling experience. We dramatized the scene of the bad

angels revolting against God. Most of the children wanted to be good angels but a few volunteered to play the bad angels who refuse to obey God. One boy pretended he was God and gave these angels their punishment. All were greatly impressed by this.

### Grade Two

Elaine Camire is a very sick little girl and she has had serious operations. We all miss her and hope she will be back with us soon.

We have had several tests in spelling, reading and number work. The result will figure on our first report cards.

### Grade Three

We have been trying to improve our speed in our arithmetic drills. Many of us have kept a perfect score in spelling.

Our reading program has kept us comparing city and country life. Our next unit will take us to story land where we will enjoy the fun of make-believe life and compare it to real life.

### Grade Four

The Fourth Graders are proud to have won the pennant of the Junior Fire Marshals. This was for the most complete returns for home inspections.

They are now eagerly awaiting judgment on their Fire Prevention Posters.

### Grade Five

The Fifth Graders are hard at work this year. To complete our study of the New England States, each boy and girl brought in a product map of New England. These maps serve as a decoration for our class.

In science, we have just completed the unit of different kinds of stone and the makeup of soil.

Social studies also captivates us. We've already traveled with Columbus, da Gama, Balboa, Cortez and many others. America's story is truly a great one. Some of our spelling champions since the beginning of the school year are Ann Langlois, Paul Zambella, Gail Anne Kruczek and Irene Levesque.

Welcome to our new classmate, Ellen Fecteau. We all hope she will enjoy her year with us.

### Grade Six

During our first month in school we started to review all the subjects of previous years. We learned new material in English, spelling, science and social studies.

All of us made a book report

from the library books in school. We have to make one every month.

The first month we chose 4 captains for teams. The winning team draws out a prize and the rest of the team would get something for being on the winning team.

We also voted for the "Citizen of the Month." Norman Cloutier was chosen for September.

### Grade Seven

At our election day, class officers were chosen and sworn into office. Reporters for THE NEWMARKET TIMES were chosen as well as captains for the class football teams. The results are as follows:

President, Alfred Poliquin; vice president, Nancy Demers; secretary, Nancy Pease; treasurer, Louis Turcotte; reporters, Diane Rousseau and Robert Loiselle; captains, John Langlois and Craig Grochmal.

The girls, not wanting to be left out of any competition, also formed teams for school yard games. They selected as captains Anne Baillargeon and Nancy Demers.

### Grade Eight

The Eighth Graders realize more and more as the year progresses, that they face a heavy schedule, demanding a heavy toll of their time if they want to earn a good rating! "Are we willing to face the sweet music of learning?"

Class officers are: president, Leslie Sargent; vice president, Jerry Eickholt; secretary, Roxanna Tourigny; treasurer, Margaret Shorey.

### Music Department

Chosen from our music class for obtaining an above 90% average for the year 1959-60 are the following eight pupils:

Eva Szacik, Marsha Jordan, Roxanne Tourigny, Alfred Poliquin, Susan Pelczar, Lauren Pelletier, Jacquelyn Varney and Louis Turcotte.

These pupils will now go into Manchester on Saturday, Nov. 19, where they will perform in a music festival. A trophy will then be awarded to the class best represented.

In December, pupils who are now in graded music program, will compete in another festival where the students will compete in scale contests and one memorized piece.

## EDITORIAL

by Victor Riesel

This is a turbulent moment in history. The general public is being spoon-fed stories of depravity, delinquency and immorality in all areas of community life. Thus it is a double pleasure to greet the young men and women who observe National Catholic Youth Week. For the story of their devotion to religious precepts and their adherence to truly spiritual principles provides the best possible answer to the shame of our times.

Often we have been told that the youth of today will guide the destinies of the nation and world of tomorrow. This is, of course, true. It is especially heartening to find so powerful an army of young people who, by their training and devotion to God and country, give all of us hope for a richer, happier and more meaningful future.

I say "happier" future advisedly, for man can improve his social lot, his cultural and physical state and even his economic status and still remain unhappy and unfulfilled unless he has, at the same time, guided himself along religious lines and anchored his life to strong spiritual motivation.

Therein lies the great forceful moral significance of this fine movement. Therein lies the invaluable contribution dedicated youth can, and are, making to all of us — today and tomorrow.

These young people deserve the gratitude and support of all of us who cherish the hope of a better world to come.

*Victor Riesel, noted labor and news columnist, is equally well known for his own unflinching sense of responsibility — which keeps him in active journalism despite his nearly complete blindness, resulting from an attack by hoodlums a few years ago. (Editor).*

Starting the week of Oct. 31, the Catholic youth of St. Mary's Parish are going to try to prove along with thousands of other youths, that the American youths can work together as a team and for a change be regarded as responsible youths instead of a nation of street gangs.

"Responsible Youth, American Strength". A perfect title for a week such as this. It brings to mind the good done in the past by our nation's youth and the good still yet to come. It brings to mind, also, our triumphs as well as our losses which we try so hard to take in stride.

Today's youth, tomorrow's adults, and very capable adults might I add. Today it seems to be the common practice to play down the good deeds of youths

and dramatize the few offenses committed by delinquents. Adults of today sometimes fail to see the good being done by the greater majority of our teenage population.

As we hope that the adults as well as teenagers will help make this week a success. The teenagers of the nation cannot become the future doctors, teachers and government officials without the help of you! So let's all put in a helping hand and make this a successful week.

Monday night, Father MacDonald, the state director, will install Marsha Jordan as a state officer. He will also install the CYO officers and new members. This will take place at the St. Mary's Church at 7 p.m. Everyone is invited.

# American Legion News

By Fred L. Beale

This week is a double header for activity. The big day is the 29th of October. In the afternoon, we will hold an auction at the Town Hall. Quite a lot of material, both old and new, will be auctioned off and any member or friend who had something that they would care to donate for the good cause can bring it down or call William Robitille, PR 2-5877, and it will be picked up.

In the evening we will hold our annual Masked Party and prizes for the best dressed and funniest dressed couples will be awarded. Also an attendance prize will be given to some lucky person. It will not be necessary for you to attend to get in on the attendance prize, as tickets will be sold and those purchasing a book of the tickets will receive a free ticket to the party.

Whether you attend or not, but own tickets and your number is called, you will win. The prize is a transistor radio, one of the better grade sets. Don't miss this party, as they are usually exceptionally funny.

Monday, Oct. 31, is the last day that you may pay your dues and make a saving on them. Remember, you must have your dues paid if you wish to attend the free supper to be held prior to the next meeting.

Our district officers will attend and it is expected that

Robert Burt of Plymouth will be present. He is the department membership chairman of the 3rd and 7th districts.

To date, we have 286 members paid up or 68% of our quota. Among these dues we have 12 new members and 26 reinstated members.

November will have two important dates, the first of which is our 42nd anniversary as an American Legion Post. We will entertain the charter members of both the Post and the Auxiliary. We will also hold a turkey and Thanksgiving raffle before Thanksgiving day. Date and time will be in a later issue of THE NEWMARKET TIMES.

## CARL de SUZE IN DURHAM NOVEMBER 16

Announcement was made this week that tickets are now available for the Carl de Suze lecture to be held in Durham on November 16 at the Oyster River school at 8 p.m.

Entitled "Africa, Giant at the Door", it brings to mind the tremendous importance of a great nation presenting herself for admission to the twentieth century. On-the-spot scenes and tape recordings of this lecture serve dramatically to show the emerging force and local color of this continent.

Tickets are one dollar per person, and may be purchased at the following locations: in Durham, at Hardware House, Town and Campus, The Wildcat, Price's Record Shop, and the U.N.H. Bookstore. In Lee at Peggy's Store; in Barrington, at Calef's; in Rochester at Ainslie's Drug; in Newmarket at LaBranch's News and Drug; in Dover, at Christensen and Jalbert and at Newman Drug.

Members of the local committee also have tickets. They are Mrs. David DeMoulied, William Olson, Carl Lundholm, Bertram Husch and Malcolm Chase.

**NEWS IN THE WORLD OF SPORTS!**

**Joe Dixx's Sport Corner**

By Richard Schanda

The northern counties will open the New Hampshire deer season on Nov. 1, one-half hour before sunrise and from all present indication the hunter can look for a good year. A mild winter and fairly dry spring produced a bumper crop of deer.

At this time the deer seem to be feeding on the lower slopes with wild apples, hardwood twigs and mushrooms making up their main diet. There are exceptions to this rule depending on the area you intend to hunt, but generally at this time of year the deer will be out in the 3 to 5 year cutoffs.

This is not just a local condition as the boys who scored in Maine, Canada and Nova Scotia report about the same conditions. The season opens on a Tuesday and in the old days light hunting pressure was the usual rule.

In the last few years many hunters save a little vacation time and hit the hot spots on opening day. Last year the Green Mt. road was jammed with cars from Center Ossipee to Effingham Falls and if you wanted to hear what the battle of New Orleans sounded like, you had only to roll down your car window.

There are many hunters now-a-days, but there is still plenty of woods to hunt in without too much traffic to scare the deer into the next county.

Fresh water duck hunting continues to be better than usual. With at least six new beaver ponds in our local area, a duck hunter needs only to roost for a few hours to bag his 3-duck limit.

Wood ducks will be headed south soon if the cold nights continue to make ice. Woodies and ice do not mix as they feed entirely in fresh water ponds and rivers and ice cuts off their food supply.

A local daily paper recently carried an article concerning the Fish and Game Department and how it spent the license dollars. The article pointed out that 28 per cent of the money went for the propagation of fish. Approximately 2 per cent

was allotted for the propagation of game.

These figures related to the actual raising and stocking of game birds and fish.

The approximate receipts of the Fish and Game Department runs well over a million per year so if 20 per cent is allotted to wild game this would indicate that only \$20,000 was used to restock game, which would be 9,500 pheasants.

On the other side of the page, almost \$300,000 is spent on the propagation of fish. The scale is a little out of balance.

Barney Turcotte and his son Bob, have been doing a little duck hunting down around the bay. Barney reports that Bob got his first duck last Sunday after shooting up almost all of Barney's stock of shotgun shells.

Barney figured that the duck cost him at least \$4.50 a pound but he said he enjoyed every minute of it. Now that Bob has broken the ice, he expects to down a limit next time out.

Good luck Bob, and remember, never shoot at a duck until you can count his feathers.

Bob Crittchet, who works at a local gas station, has a stray beagle. The dog is friendly and is brown, black and white.

The owner can claim this dog by giving Bob a complete identification.

Several local hunters have brought back deer from Maine and Canada.

Ed Nichols got a 4-point buck up in Stacyville, Me.

Lloyd, Duane Walker and Andy McGinty limited up on deer up in Nova Scotia, the limit begin 2 deer per hunter made quite a load to haul back to Newmarket.

Several bow and arrow hunters are after deer up in the northern counties, but at the time this story was written, no kills had been reported.

The bow and arrow season opens on Nov. 11 in the southern counties.

You still have time to join Ted Turner's deer pool up in Lee. The pool will close Nov. 1 at 6:30 a.m. The best deer will win the prize.

Ted will have a scale to weigh yours or he will except Fish and Game deer checking station weights.

The Fish and Game Department reports that the Great Bay has about 700, geese; 1000 scaup, 1000 blaks along with teal mallards and pintails.

Even if you are not a hunter, take a ride down the Bay road and look at a lot of birds. It is quite a sight to see such a concentration of birds.

**Bantam League Bowling Tournament To Be Held November 16, 17, 18**

The State Bantam Bowling League tournament will be held in Exeter on Nov. 16, 17 and 18. All bowlers now in the Newmarket league are eligible. There will be twenty trophies awarded to four age groups; boys 7 to 9, girls 7 to 9; boys 10 to 12 and girls 10 to 12.

Bowling competition will be in three strings with trophies awarded on a basis of total pin fall. Bowling shifts will be Thursday and Friday at 4 p.m. and Saturday at 9 a.m. and at 1 p.m. Bowlers are urged to register early to get desired time slot. Registration will be \$1 per bowler to cover bowling expenses.

It is hoped that a large number of bowlers will turn out for the tournament; last summer's tournament had 198 members in attendance. Trophies for the bantam league are donated by Harry F. McLane, owner of the Exeter Bowling Lanes, who also provides bantam bowlers with free use of shoes.

A banquet is given for the bowlers at the end of the season by the Exeter-Hampton Emblem Club #331 at the Elks Club picnic grounds in Exeter. The season runs for approximately 25 weeks.

**Little Leaguers To Sell Candy**

President Barney Turcotte reports that the Little League is planning a candy sale. The boys will be around to your house to take your order for candy.

It is for a good cause, so dig down and give the Little League a boost.

**Uninjured In Lee Auto Crash**

Harry E. Bryant, 77, of 83 Washington street, Rochester, was not injured in an accident Monday morning when he lost control of his car on Route 125.

State Police report he left the highway as he was driving north, skidded and struck a guard rail before bringing his car to a halt. The mishap occurred at 6:30 a.m.
