Bus Crashes Over Wall

Driver Escapes Injury When He Falls Asleep At Wheel

A Marshall transportation bus coming from Exeter drove into Mrs. Elizabeth George's driveway, dropped over the four foot stone wall and blocked the West bound Boston and Maine railroad track for nearly three hours Wednesday morning. Leonard B. Miller, Jr., of East Kingston, driver of the bus and its only occupant, miraculously escaped injury.

The bus left Exeter at 4:30 a. m. to go through Newmarket, Durham and down Dover Point road, picking up Portsmouth Navy Yard workers along the way for the morning shift. The one regular Newfields passenger is riding in a private car this week, leaving the driver alone until he reached the main street in Newmarket.

Miller told Police Officer John Valliere who investigated the accident, that he remembers passing the Filion bus, but does not remember anything beyond that point. He believes he fell asleep, Officer Valliere reported. Miller phoned the (Continued on Page Two)

YOUNG VICTIMS OF FIRE TRAGEDY AT NEWMARKET

Four children of Mr. and Mrs. Channing Sewall, Sr., of the Ash Swamp road, Newmarket, who were burned to death in a fire that swept through their one and one-half story home Tuesday morning. Left to right, the fire victims are Marie Louise, 8, John and James, three-year-old twins, and Channing, Jr., 5. Marie Louise and Channing were led to safety by their mother but followed her back into the house when she tried to save the twins. Their bodies were found beside the bed in which the twins perished.

Red Cross Reaches Its \$1,300 Quota

Business Men Double Contributions In Last Minute Giving

FLASH!

Just as this paper was going to press, the Red Cross committee phoned to say it had reached its goal of \$1,300 in Newmarket through...

The local Red Cross committee is making a second appeal particularly to local business men for the sum of \$118 which will put the local drive over the top. The sum of \$1,182 was turned in during the specified time set aside for the drive, but fell a little short of the \$1,300 goal set for Newmarket. (Continued on Page Three)

The goal of \$1,000 for replacing the home which Channing W. Sewall and family lost in the disastrous fire which burned all his possessions and took the lives of four small children last week was within sight at the second meeting of the Citizens' committee Tuesday evening and it thought that five or six hundred dollars more will swell the fund within the next two weeks.

With this encouraging support from friends throughout the entire countryside, the committee is hiring an apartment in the home of Leroy Batchelder on Ash Swamp road for the immediate use of Mr. and Mrs. Sewall and their two re- (Continued on Page Seven)

EDITORIAL

After the disastrous Sewall fire which took the lives of four persons, every one's attention is focused on possible fire hazards in Newmarket. After talking with responsible persons and making a personal check of buildings in the business area, The News predicts that a Fire Escape salesman could do a land office business here.

The New Hampshire State Liquor commission has ruled that it will renew the license of no person selling liquor whose establishment does not meet the minimum fire precaution regulations as approved by the local Fire Chief. This ruling means that Sobie's Lunc in the long brick building which begins at the corner of Main and Creighton street will have to install fire escapes before June 1 if its license is renewed, according to a statement made by Fire Chief Fred Lavallee this week.

If the Fire law bill now in new draft passes the present House in Concord, a great many owners of public buildings will have to turn their minds to unlocked doors, doors that open out, adequate fire escapes and many other fire caution measures. The bill provides that the Selectmen shall and must write by laws to enforce this bill in each town.

The News received a signed statement this week from a prominent individual calling attention to an organization meeting place which that man considers a fire trap. In checking over the halls where nearly every local club or lodge meets, The News discovered the same situation. Small windows, one set of wooden stairs, narrow doors—all of which would make nearly every local hall a potential fire trap, so the criticism against one particular hall is withheld.

Local people will probably follow with more than usual interest the progress of this fire bill in Concord, however, and if it does pass, The News repeats its prophecy, Newmarket will have a good field for a Fire Escape salesman.

The Government is asking to loan it \$13,000,000 for the War Loan drive which the purpose of this financial Victory Fund Committee Staff will combine their efforts with the Treasury Department.

The directing of this new bill is obvious. The costs of training and equipping several million fighting men, transporting them and their gear to the overseas battle areas and maintaining them at the front are mounting to staggering sums. As the fighting increases during the coming months, the financial requirements will become even greater.

Dollars and cents alone will not win the war, of course. Our boys now at grips with the Axis across the Atlantic and the Japs on the other side of the world will win it. But dollars and cents will forge their weapons for victory, and on us is the responsibility for keeping our money on the march.

The Second War Loan, for which volunteer workers now are making preparations in every city and town in the country, will give us another opportunity to use our money to help win the war. It seems little enough to ask us to lend our money when others are giving their lives.

Fecteau-Laliberte Wedding Solemnized

Miss Florence Laliberte of Elm court was the bride of Leon Fecteau, U. S. N., son of Mrs. Rose Fecteau of Spring street, at St. Mary's church recently. Rev. H. A. Benoit, D. D., officiated.

The witnesses were Raymond St. Pierre, a cousin of the bride, and Lucille Fecteau, sister of the bridegroom.

Louise Webb To Wed Major Tyler Soon

Mr. and Mrs. Walter M. Webb of South Main street announce the engagement of their daughter, Louise M. Webb, to Maj. Catlin E. Tyler, son of Mr. and Mrs. William Tyler of Richmond, Va.

The wedding will take place early this summer. Miss Webb is a graduate of the University of New Hampshire and Major Tyler of the Virginia Military Institute.

YOUNG PEOPLE'S EVENTS

By Aristotle Bouras

JUNIOR C. E.

Ten members were present at the last meeting of Junior Christian Endeavor. The boys and girls are each working on scrapbooks to be sent to Exeter hospital after their completion, and the girls are reported to have the best scrapbooks to date. They contain mainly advertisements, comics and valentines.

A party has been set for Wednesday, April 7, at 3:30 P. M. The object of this party is to secure new members for the society. Any young people from the third to the sixth grades are urged to join.

INTERMEDIATE C. E.

Miss Dorothy Patat spoke at the meeting of Intermediate Christian Endeavor last Sunday on "The Golden Rule: What It Means To Me."

GIRL SCOUTS

At the last meeting of the Girl Scouts, Troop 2, the members

pledged to contribute at least \$5 to the Channing Sewall Family fund. The girls sold cookies, candy and flowers at the Benefit Movie held last night.

BOYS' 4-H CLUB

The Happy Workers 4-H club held its 18th meeting recently. There were nine members present. It was brought to the attention of the meeting that meetings should be more educational and entertaining, and Clifton J. Thompson and Edmund Branch offered to begin this at a future meeting. Edmund P. Branch, Aristotle Bouras, and Alvin Vandermost were awarded War Stamps for having the most points.

YOUNG PEOPLE'S

Newmarket well remembers the "Pop Concert" which the Young People's sponsored last year. The society is considering the project of bringing this event to Newmarket again this year. Watch for future developments in this column.

NEWS FROM THE BOYS IN SERVICE

George Phalen, who is stationed in Mississippi, is at his Wadleigh Falls home for a short furlough.

Henry B. Haley of Newmarket, who is stationed at Camp Blanding, Florida, has recently been promoted to the rank of Corporal.

Pvt. George Bouras and Pvt. Charles B. Humphreys of Newmarket, are now stationed at Kessler Field, Biloxi, Mississippi. They arrived at Kessler Field from Fort Devens, Mass., on March 31.

Raymond LaBranche, son of Mr. and Mrs. Edward LaBranche of Newmarket, left for induction in the U. S. Army yesterday. Mr. LaBranche was formerly a shipper at the Rockingham Shoe Company.

Pvt. Henry Hogue of the U. S. Marines, was home on furlough for six days this week.

Leo Maillargeon, another good prospect is working but has offered to carry his lunch so that he can practice during the noon recess. Maurice Proix, candidate catch, has offered to take his lunch, also, to practice with Maillargeon.

Ray Bernard, who has a job and is not always available, and Hugh March who is now sick with a cold, show possibilities, but Coach Buckler says his first problem will be to develop more pitchers. A complete squad has not turned out yet so it is hard to choose.

The weather has not helped much. The boys had a good practice Monday, but because it was so cold and windy had to call off the Tuesday practice. The field, too, has not dried out enough to be good.

VOLUNTEERS TO SELL WAR BONDS APRIL 12-30

Greatest Financial Operation In All History To Be Launched

Preliminary plans for the Second War Loan drive to open April 12 are now practically complete all over New England. A total of \$13,000,000,000 will be sought throughout the country and the New England quota will be more than a billion dollars. The campaign will run three weeks and will constitute the greatest financial operation in all history.

The selling will be handled by the U. S. Treasury War Finance Committee, under which will work the Victory Fund Committee and the War Savings Staff. Both of these organizations are composed largely of volunteer workers, who will devote practically all of their time in the April 12-May 1 period to selling government securities. The Victory Fund group comprises largely volunteers from the banking fields, while the War Savings Staff is drawn from various lines, although banking is well represented.

All types of securities will be available to the public in the campaign, ranging in price from \$18.75 to \$1,000,000.

The New England quota will be well above the \$975,000,000 raised here last December in the Victory Fund campaign. To attain its set quota, New England will have to subscribe in a more liberal and more widespread manner than it has ever done before, either during this war or in the Liberty Loan drives of 25 years ago. The object of the War Finance Committee will be to sell at least one bond to each individual, and as many in excess of one as is possible.

The various selling committees in counties, cities, towns and villages will welcome the aid of any who care to volunteer for the drive and an effort will be made to enlist groups, such as clubs, societies, labor unions or any organization which can put a team in the field.

Mrs. Goeffrion Has Grocery Bridge

Mrs. Beatrice Goeffrion had a grocery card party for the benefit of the Channing Sewall fund on Tuesday night. The floating prize, a two-pound package of sugar, was awarded A. J. Turcotte. High score prize, a pound of coffee, went to Mrs. Joseph Guilfooy and low score prize, a can of soup, to Mr. Turcotte.

Those attending were Mr. and H. G. Philbrick, Lt. and Mrs. Joseph Guilfooy, Mr. and Mrs. Raymond Goeffrion, Mrs. L. P. Garneau and Mrs. Dora Lavole.

CARD OF THANKS

The family of Channing W. Sewall wishes to express appreciation for the many thoughtfulnesses of their friends during their recent bereavement and the loss of their home.

Mr. and Mrs. Channing W. Sewall.

Two Fires Keep Men Busy Sunday

Two fires kept the Newmarket Fire department busy over the noon hour Sunday. A call came at 11:50 for a chimney fire on Beech street, which was quickly brought under control. Less than an hour later a second call came from Charles Dearborn's home on Ash Swamp road where a grass fire gained headway but was checked before serious damage was done.

SCHANDA FARM CITE OF MODEL VICTORY GARDEN

Richard Schanda, 14-year-old son of Mr. and Mrs. Frank Schanda, Epping road, has been chosen demonstrator or club gardener, for Newmarket in the 4-H family victory garden program. A plot of land containing 10,000 square feet has been selected for the project on the Schanda farm. Ten club members from each of the counties, making a total of 50 young people, are having these model gardens and competing for worthwhile county, state, sectional and national prizes.

Richard will shortly receive plenty of free seed for his garden, a list of good garden practices with necessary instructions, a record book and harvest record card and the personal help of club agents in planning and managing the demonstration garden.

He will be required to keep all necessary records, to attend the field meeting at the demonstration garden, and to exhibit from his garden at any town or county fair which is held. The program is directed by C. B. Wadleigh and J. R. Hepler with the approval of Roy Peaslee, manager of the Merrimack Farmers' Exchange.

A member of the Extension staff will visit Richard soon to give him the necessary information and plans for planting and caring for the garden. There will be a garden tour in July and the final records will be required at the county office between October 1-10, 1943.

The awards include: County, four silver medals; state, eight \$25 war bonds; sectional, eight trips to National Club Congress at Chicago; national, eight \$100 war bonds. Each Rockingham county entry will receive a Victory Volunteer pin.

WaChaCha 4-H Club Gives to Sewall Fund

The boys and girls of the WaChaCha 4-H club pledged \$15 to the Channing Sewall fund at the meeting Sunday afternoon held at the home of the leader, Mrs. Frank Schanda.

Additional spruce trees, bringing the total to 2,050, were ordered and will be planted by six boys shortly. Three new members were received into the club, Joseph Wojnar, Arthur Provost, Eleanor Labranch, Miss Elizabeth Bourne, county leader, 15 members and four guests were present.

Following the business meeting the boys canvassed the neighborhood selling Easter lilies for the Drippled Children's fund realizing \$2.55. Miss Bourne sold peanuts among the club members realizing \$1.20. The girls made three pillow cases from material donated by Miss Bourne for the new Sewall home.

Plans were made for a whist party in May. Richard Schanda was chosen demonstrator of the family garden, and plans for the project were perfected.

Examinations For State Positions

The Merit System Council is announcing employment opportunities in the State Service through open competitive and promotional examinations. The closing dates for filing applications for these positions is April 21, 1943.

Fred Proctor Dies At Delano Home

Fred L. Proctor of Packers' Falls died March 30 at the age of 79 years, seven months, 15 days. He suffered a long illness and was confined to the Delano Home.

Mr. Proctor was a carpenter by trade and was born in Pittson, Me., on August 14, 1863. He is survived by his wife, Nellie; one daughter, Mrs. Edna Moriarty, Lee; one sister, Mrs. Iva Gould, Newfields; two brothers, William of Newmarket and Arthur of Massachusetts. Funeral services were held last Friday from the Brown and Trotter funeral parlors with Rev. R. S. Schofield officiating. Relatives were bearers and interment was in Riverside cemetery.

PRIZE SPEAKING CONTEST COMES ON APRIL 26

The annual High School Public Speaking contest which will constitute the April program of the Newmarket Parent Teachers' Association, sponsoring organization, will be held Monday night, April 26. The P. T. A. meeting and contest are being postponed to allow more time for the contestants to prepare.

Ten pupils from the sophomore, junior and senior classes have been chosen which fall in two groups, serious and humorous, and are training under the direction of Miss Mercurio.

Special Lenten Service For Polish Members

Members of St. Josephs church, Claremont will preach in Polish at a special Lenten service for the Polish members of St. Josephs church on Monday, April 13, at 7 o'clock. He will remain overnight and say mass the following morning.

Mimeographed sheets on which the new air raid signals and the duties of persons at the time of each signal are graphically explained will be made up shortly by Personnel Member of Local Civilian Defense Council, William H. Malone, and distributed to every Newmarket home by the Boy Scouts under the supervision of Rev. J. D. O'Connor. It was voted at the council meeting this week.

It is hoped this will eliminate some of the misunderstandings now in the public mind so that the state-wide mobilization drill coming April 30 will be more nearly perfect.

The duties of each department head were reviewed in preparation for the approaching mobilization and it was voted that Chief Air Raid Warden Austin J. McCaffrey write the local shoe factories instructing them to take the initiative in evacuating as instructed during this coming drill. The local schools responded 100 per cent, marching their pupils to the prearranged places for the last drill, but it was felt that the local industries did not take the necessary initiative to participate.

Ralph Berry was named head of Demolition work and Rev. Fr. O'Connor, of the messengers for the local council. Mrs. Meta Branch, canteen leader who is also in charge of the control center, was present. Mr. Malone was instructed to keep a file of all air raid workers.

The advisability of organizing and training a pool of workers, air raid wardens, police, fire and first aid workers, was discussed and will be considered further at the meeting next Monday night. This plan originated in Durham and is now being used nationally.

Constitution Revised At Special Meeting

A special meeting of the Community church was held Sunday morning to vote on the revised constitution. The vote showed unanimous approval of the new constitution.

THE HOME FRONT

MEN OVER 38 WILL NOT BE DISCHARGED—The War Department on March 31 stopped the discharging of men over 38 years old. Hereafter, such individuals will be transferred to an inactive status in the enlisted reserve corps, subject to the following conditions:

A. The man must request transfer to an inactive status to enter an essential industry, including agriculture, and accompany his request by a statement from the War Manpower Commission to the effect that his release is desired.

B. The man will be recalled to active duty upon request of the War Manpower Commission.

WIVES OF SERVICE MEN TO GET MATERNITY CARE—Maternity care for wives of service men and care for their infants will be available shortly for those who apply to state health departments, according to Katherine F. Lenroot, chief of the Children's Bureau of the U. S. Department of Labor. Following appropriation by Congress of \$1,200,000 to meet estimated need to July, plans are being rushed to extend such aid to women in the 48 states, Alaska, Hawaii, Puerto Rico and the District of Columbia.

MAXIMUM PRICES FOR MEATS—Maximum prices for all retail cuts of pork went into effect throughout the United States April 1, and the OPA will issue, in the immediate future, similar schedules of maximum retail prices for beef, lamb, mutton, and veal. Price Administrator Prentiss M. Brown regards the action as a major blow against the black market in meats and a step toward simplifying retail food pricing.

TIRES FOR FARM EQUIPMENT—Tire dealers or persons selling or servicing farm equipment are now entitled to keep on hand a maximum of six rear-wheel tractor tires. Dealers who have the replenishment portions (Part B) of rationing certificates calling for truck tires may restock with tires suitable for farm equipment instead.

GAS FOR SCHOOL BUSES—School bus operators who did not receive revised certificates of war necessity before April 1 may obtain supplemental gasoline allowances, if necessary, ODT has announced. An appeal form may be obtained from the nearest district office of ODT's Division of Motor Transportation, completed and presented to the public school superintendent for his recommendation, and returned to the district office.

EXAMINATIONS FOR TUBERCULOSIS—Since the outbreak of war, the U. S. Public Health Service has given X-ray examinations for tuberculosis to nearly a quarter of a million people. Slightly more than one in every 100 persons ex-

amined have significant tuberculosis of the lungs. From 55 to 60 percent of the cases are in the early stage most amenable to treatment, usually, without, sanatorium care.

RELIEF FOR BATTERY SHORTAGE—Some relief is anticipated in the current farm radio battery shortage, the Consumers Durable Goods Division of WPB has announced. Lack of batteries has been acute in those farm areas where radio reception depends largely on battery sets.

MORE ICE-BOXES—About 400,000 household refrigerators, 148,847 electric and gas operated and the rest "ice-boxes," will be available to the general public this spring, according to the Consumers Durable Goods Division of WPB. Only those who cannot be served by other types of refrigeration are eligible to buy gas or electric refrigerators, the order provides.

LEGAL HELP FOR SOLDIERS—Free legal assistance will be available for all military personnel under a plan sponsored jointly by the American Bar Association and the War Department. Legal assistance offices will be established at each post, camp and station in the United States. A qualified commissioned officer who is also a licensed attorney is to be appointed by the commanding officer of the post as the legal assistance officer.

ADVANCE PAYMENT OF POINTS—Payment of points "in advance" for home deliveries of butter and cheese by dairymen or salesmen operating mobile conveyances over a regular delivery route has been authorized by OPA. For example, the housewife who on Monday wants a pound of butter left at her home the following Thursday can give the deliveryman eight currently valid stamps to cover later delivery.

CEILINGS ON VEAL—Maximum prices have been established for veal at packer and wholesale levels in all parts of the country as the government continues its nationwide campaign to protect housewives against excessive prices and black markets. Veal is outranked only by pork and beef in national meat sales.

FOOD DISTRIBUTION DISCONTINUED—Distribution of foods through state welfare departments to local communities for use in school lunch programs is being discontinued on April 30, according to the Department of Agriculture. Under a new program announced in February, schools are able to purchase foods locally for their lunch programs and receive reimbursement in part from the Food Distribution Administration.

RECLASSIFICATION OF MANPOWER—The Bureau of Selective

Service of the War Manpower Commission began promptly on April 1 to reclassify registrants in certain activities and occupations designated on Feb. 2 as "non-deferrable" regardless of dependents, WMC Chairman Paul V. McNutt has announced.

2,000 SACKS OF ARMY MAIL LOST—Through enemy action more than 2,000 sacks of United States mails carried on United Nations ships and destined for American soldiers overseas in recent weeks have been lost, the Army Postal Service reports. In making this announcement, the War Department said the loss of these mails was a striking illustration of why V-mail should be more fully utilized in communicating with soldiers overseas since 30,000,000 pieces of such mail have been handled thus far without the loss of a single letter.

CEILINGS ON USED VEHICLES—Used commercial motor vehicles have been brought under price control by the OPA. By establishing ceilings at a percentage of the value of the vehicle when new, the new regulation is expected to halt the activities of speculators which have resulted in some instances, in prices that are 200 per cent or more over the normal value of the used truck.

FARM TRAILER SHORTAGE—An increasing shortage of trailers to handle farm produce is reported by truck trailer industry advisory committee. The need for trucking facilities to transport farm products is now pressing in some sections of the country and will increase with the coming of warm weather and harvesting.

PRICE ON BAKED GOODS—Housewives who buy pastries, doughnuts, pies, cakes and sweet yeast raised goods from producers who sell direct to ultimate consumer may expect to see a printed retail ceiling price on the wrappers, the OPA said. The price is now required to be printed on the package or wrapper.

TRANSPORTATION RUMORS FALSE—Rumors now circulating to the effect that the Office of Defense Transportation intends to apply priorities to civilian train and bus travel are completely false, says Joseph B. Eastman. However, passenger transportation facilities are under severe strain, and people who have no real need to travel should stay off trains and buses.

MORE CAN OPENERS—Production of can openers for civilian purposes will be more than twice as much as previously allowed. The quota previously held to 35 per cent of the base period rate, including Army orders, has been increased to 70 per cent, not including military requirements.

THE CIRCUS IS COMING—The circus will be coming to town again this summer. The ODT has issued a general permit authorizing railroads to transport the employees and property of circuses, car-

N. H. HEALTH BOARD OFFICIAL URGES SUPPORT OF SEAL SALE

The annual Easter Seal sale, which is being conducted in New Hampshire until Easter Sunday and of which Judge Gardner S. Hall is the Rochester chairman, was endorsed this week by Dr. Mary M. Atchison, deputy secretary of the State Board of Health.

Dr. Atchinson said: "The New Hampshire Society for Crippled Children and Handicapped Persons has launched its annual Easter Seal sale for funds to carry on the wonderful work it has been doing for shut-ins and home-bound persons. It is well that we pause to give special thought to the fine service this organization is rendering daily all over the state to the handicapped.

"This organization illustrates the important place a private agency holds in a state. This agency does whatever no other organization or agency can do. Its rules are flexible enough to give service to any condition regardless of age or circumstances. A public agency, on the other hand, frequently must adhere to strict contracts and rules and regulations based on its administrative set-up.

"Some of the many things the New Hampshire Society does is to finance hospital and surgical care

of crippled persons over 21 years of age; provides home teachers for shut-ins; aids handicapped persons by arranging for the sale of articles made, so the person may have a little money; aids in the provision of happy occupation for otherwise idle hands and minds;

carries on a splendid educational program; aids persons who are hard of hearing by providing aids to hearing and lip teaching; conducts a clinic for handicapped persons in its fine quarters, and many other services too numerous to mention.

"The State Board of Health, through its crippled children's services, has worked very closely with the New Hampshire Society. They will always do those things which we find we are unable to do, so there is no overlapping in services. At times there is a cooperative plan worked out between the two agencies for the benefit of the patient, who is always the first concern.

"The very best of good wishes are extended to the New Hampshire Society for a successful and bountiful Easter Seal sale and drive."

This handy chart on variety meats is designed to assist the housewife in solving her wartime meat prob-

lems. The variety meats are deserving of special consideration because they are high in food value and

may be prepared in many appetizing dishes to supplement the usual chops, steaks, stews and roasts.

LEE NEWS...

This community was shocked and grieved by the sudden death of Mrs. Ada P. York on April 1, at the Baker Memorial hospital in Boston to which she had been removed only a week before.

Mrs. York was born in Nottingham, August 1, 1889, the daughter of John and Eliza Jones (Watson) Perkins. Before her marriage to Fred Carl York, she taught school in Lee, Madbury and Rochester, N. H., and Natick, Mass., where she was a principal.

Although devoted to her family and home, Mrs. York always found pleasure in giving unselfingly of her time, effort and ability to church and community welfare. She had served on the Lee School Committee, was a member of the Lee Woman's club, a past president of the Newmarket Woman's club, program chairman of the Newmarket Community Guild, a member of the Elsie Cilley Chapter, D. A. R., of Nottingham and supervisor of the kindergarten class in the Newmarket Community Sunday School.

Funeral services, conducted by Rev. Russell G. Schofield, were held at the Newmarket Community church on Sunday afternoon, April 4th. The embankment of flowers across the whole front of the church spoke silently of the high esteem in which she was held by relatives and friends who filled the church to pay their final tribute.

Bearers were James B. Walker of Lee, Jasper Robinson of Nottingham, Fred J. Durell and Fred B. Philbrick of Newmarket. Committal service and burial were in the family lot in Lee Hill cemetery.

Besides her husband, Mrs. York is survived by a son, Frederick; a daughter, Jean Olive; and a brother, John Perkins of Nottingham. To them the sincere sympathy of the community is extended.

Miss Catharine Mariotti spent the week-end in Barrington where she was a guest of her sister, Mrs. Marion Dudley.

Mrs. Young of Portsmouth, a former housekeeper at the home of Messrs. David and Marvin Davis, is visiting with them at the present time.

Mrs. Marion Walker DeCato and infant daughter have returned to her home in Franklin, after spending the winter with her parents, Mr. and Mrs. James B. Walker. Mrs. DeCato's husband, who is in the U. S. Army, recently enjoyed a furlough with his family.

Mrs. Ashley and infant daughter have returned home from the Wentworth Hospital, Dover. Mr. Ashley is employed by Mr. Guy Angell.

Mr. Charles Hobbs is nearly recovered from a recent operation.

Sympathy is extended to Mr. and Mrs. Channing Sewall in the recent loss of home and children. It is hoped that many will show their sympathy in a material way and will contribute to the fund which has been organized in Newmarket for their aid.

Nothing New On Eagles' Club Break

Nothing new, has been reported on the Eagles club break last month when thieves broke into the club stealing cigarettes, liquor, defense stamps, cash and playing cards valued at \$350 and doing \$100 worth of damage.

The State Finger Print department have investigated taking finger prints back to the laboratory with them which they hope will eventually be useful in comprehending the thieves.

Margaret Hoban Woman's Club Guest Saturday

Miss Margaret Hoban, director of Physical Education at the University of New Hampshire, will address the Women's club Saturday afternoon at the Community church vestry at 3 o'clock. Members of the local Industrial Girls' club have been invited to attend. Johanne Russell, winner of the recent Amateur Night program, will sing.

Packed House For Benefit Movie

The benefit movie which the Boy Scouts and their leader, Rev. J. D. O'Connor, are running Thursday night will be over when The News reaches the news stands, coming too late for a worthwhile report this week. It will be reported next week. Over 600 tickets were reported sold Tuesday night and four acts of vaudeville planned in which local and Portsmouth talent were lined up. It looks like a packed house and a satisfied audience.

Spring Salad Supper Will Be Served Soon

The Community Guild will serve its annual Spring Salad supper in the church vestry Friday night, April 16. Committees are already at work perfecting plans.

HOME ON TUESDAY

Miss Flora Treadwell, treasurer of the Channing Sewall fund, will be at her home each Tuesday morning to receive contributions or to transact business relative to this fund.

Fire Fighters Complete Course

Fifty-three Newmarket High schools who are organized in three fire fighting squads completed their course in fire fighting this week. The boys have met with Robert Smith of Raymond and local Fire Chief J. Fred Lavallee each Thursday.

For the past two weeks the boys have gone to Moonlight bridge where water could be pumped to demonstrate the use of the truck equipment. These boys will be used when they are needed for grass, woods or building fires. They have been trained to replace the man shortage which was formerly available for fire fighting.

Red Cross Opens Four Nights A Week

The Red Cross rooms will be open four nights a week as well as on afternoons to complete the increased quota of bandages now needed. Twenty-two women reported for Monday night, making 500 bandages. They were divided into two groups for more efficient work, one group to meet Monday and Wednesday nights and one group Tuesday and Thursday nights. The work will continue each Tuesday and Thursday afternoon.

The large quota of work allotted Newmarket is nearly completed and the local branch will request additional bandages this week.

High School News

The Senior class has sent gifts of billfolds to Marine John Reardon at Parris Island, S. C., and to Dean Gardner, seaman at Newport, R. I. They sent Elmore K. Putnam, former teacher, who is now stationed at Fort Eustis, Va., a year's subscription to Times magazine.

The Junior High school presented the Assembl program last Friday. There was Hawaiian guitar numbers by Lorraine Chennette; vocal duets by Margaret West and Rita Cinfo; a one act play by John Jordan, Forrest Kent, Douglass Webb, Mary DeAngelis; an initiation of colored people doing "Down Town Strutters Ball" by John Jordan and Henrietta Lizak accompanied by Norma Brisson.

A committee of teachers is being named to report shortly on the class which has presented the best Assembly program season and special recognition will be given the winners. The Seniors presented a one act play, the Juniors gave a shadow play, the sophomores gave a minstrel show and the Freshmen, a one act play. The Junior High school offered the program reported above.

Eleven boys took the standard U. S. Navy examination given country-wide on last Friday and will be notified individually by mail how they make out before May 20. The Navy expects that 10 per cent of those taking the examination will pass.

John Conglinton came to Newmarket this week to pick up the 20 per cent of the High school typewriters which the School Board voted to sell the army and the High school agreed to do without. This represents a real sacrifice in the middle of the term. The school was paid cash at the current market prices and it is hoped the machines will be replaced when the war is over.

A Navy Aviation Board composed of Austin J. McCaffrey, William H. Malone and Sherburne M. Buckler was named this week by Lt. Com. E. K. Plank of Boston. This board will furnish information, receive applications, interview potential candidates for the V-5 program which is open to 17 year old boys passing the physical requirements. Films furnished by the U. S. Navy showing the construction and performance of various types of aircraft were shown this week for the aeronautics class and other groups.

John Sideris, practice teacher, was ill in Durham for two days this week.

Mr. and Mrs. John Sopol and family of Manchester and Mr. and Mrs. James Sinclair and family of Salmon Falls visited Mr. and Mrs. Frank Sinclair of Packers Falls road Sunday. William Sopol, who entered the Navy recently, was enjoying his first furlough and was accompanied by his friend, Leon Stevens, an N. H. U. freshman.

Mr. and Mrs. Walter Foster and daughters, Patricia and Cynthia, have moved from Chicago to their father's home, William L. Priest on Exeter street.

Bert Edgerly of South Main street suffered a shock Tuesday morning.

Spring 1943

By ALICE K. DOUGLAS
Everyone calls him "Old Man Winter."
Perhaps you've said it, too;
But when we talk of spring,
We all think of something new.

This spring, we'll plant those flowers,
We could never raise before;
Perhaps we'll have better luck,
If we cultivate them more.

The house that's been neglected,
Because we had not time,
Will stand out in a coat of paint,
Like a "nineteen-forty three" dime.

And we'll have to do more fishing,
Than we have in years before;
Not bringing home the basket empty,
To hang behind the garage door.

The trips of bygone years,
Will take a back-seat now;
If we ride on anything,
It will probably be a plough.

As we think it over,
We nod in sweet content;
The summer will last longer,
If it is wisely spent.

A building committee including Charles H. Stevens, Rev. J. D. O'Connor, Fred J. Durell and Fred B. Philbrick was appointed to begin immediately clearing the site of the burned home and erecting a new structure. While the present Citizens' committee will have its work of raising funds for the project completed within the month, they will remain in tact until the keys of the new home are

turned over to Mr. Sewall at a fitting dedication ceremony.

In addition to the generous money gifts, furniture, bedding, dishes and clothing are being sent to Mrs. John Basset, Red Cross chairman of the project, in sufficient quantities so that it is expected the family will be moved to the new, temporary home late this week.

The sum of \$902.57 was reported by Miss Flora Treadwell, treasurer at the Citizens' committee and this did not include the money which committee members turned over to her at that meeting. There are two more large contributions expected, one from the benefit movie in charge of Rev. J. D. O'Connor and the Boy Scouts and one from committee member John Twardus who is collecting from the Somersworth Navy Yard and the American Legion and its auxiliary.

It was voted to set aside at least 90 per cent of the money received for the exclusive purpose of rebuilding and that the temporary, emergency needs will not exceed the remaining 10 per cent of the fund.

The contributions are from a large number of people. The fifth grade children who have a club they call the Fifth Grade Junior Victory club have been collecting penny dues since last September anticipating a picnic this spring. Their fund had reached four dollars, and from this they voted to give two dollars. They will still have a picnic but on a smaller scale. Two other families which have been burned out in the past few years have come forward with gifts from the parents and children alike before the fund was hardly underway.

Staff Sgt. Harold Noel dropped a five dollar check in the mail the day after he finished reading THE NEWS story of how local people were swinging behind this fund. The entire list of personal gifts which are printed this week have come to the committee unsolicited. Fliers were distributed and news stories were printed in the local paper, but the actual gifts from individuals have been made on their own initiative. Members of the committee have invited organizations to contribute with gratifying results.

she first held when the Guild was being organized. She is a past president of the Newmarket Women's club and was a member of the Civics department at the time of her death.

She has served on the Lee School board, was a member of the Lee Women's club, of Else Cilley chapter, D. A. R., of the Durham Parent Teachers' Association and the Epiphany Order of Eastern Star.

Among the "out-of-town" guests who came for the funeral were her brother, John D. Perkins and wife of Nottingham; nephew, John A. Perkins, Putnam, Conn.; Miss Gertrude Eurlay, Mr. and Mrs. Clarence Purington, Wakefield, Mass.; Lawrence Nichols, White River Junction; Mr. and Mrs. Ray Watson and son, Pittsfield; Mr. and Mrs. Smith, Brentwood.

Mrs. York is survived by her husband, Fred Carl York; one son, Frederic; one daughter, Jean Olive; one brother, John Perkins, Nottingham.

said committal prayers. The arrangements were under the direction of the Brown and Trotter Funeral Home.

Mrs. York was born in Nottingham on August 1, 1889, the daughter of John and Eliza Jane (Watson) Perkins. Her father came originally from Newmarket, the family living in the Old Perkins place on Ash Swamp road, but moving onto the state road in Nottingham for the convenience of the business. Her father was a cattle trader. Their new home was the beautiful old brick home on what was known as the Old Tuttle farm and it was here Ada Perkins York was born.

She attended Wakefield High school and Robinson seminary in Exeter, later teaching school in Lee, Madbury, Rochester and Natick, Mass., where she was principal.

Mrs. York, who was known for her cordial hospitality, needlework, cooking, antiques—all of the arts known to the homemaker—was also an active church and civic worker in three towns. At the time of her death she was kindergarten teacher in the Community Church Sunday school, a position she has held for eight years during which time she has built up a strong department.

She was program chairman of the Community Guild, a position

HOME-CANNING GOAL FOR NEW HAMPSHIRE 49,152,400 QUARTS

Estimate Is Based On Recommendations For Housewives To Put Up 100 Quarts Per Person This Year

New Hampshire's essential wartime home-canning goal for 1943 totals 49,152,400 quarts, a leading food distributor estimated today. This huge job facing the state's 132,844 housewives represents an average of 100 quarts of home-packed food per person, the amount the United States Department of Agriculture has recommended for

rural families and which it considers desirable also for urban families, explained Harvey A. Baum, vice president of the A & P Tea Company's produce-buying affiliate, the Atlantic Commission Company. Any housewife who meets this goal will assure each member of her family two cups of home-canned food daily for about seven months.

"The need for housewives to meet the goal was emphasized when Price Administrator Prentiss M. Brown reported that only 13,000,000 cases of commercially-canned fruits and vegetables would be available to civilians each month this year as compared to 30,000,000 cases a month last year," Baum said. "This means a reduction of 57 per cent, but civilians will get along on it so our armed forces and allies can get the food they need to whip the Axis."

Baum believes many American housewives will fill this gap by purchasing fresh fruits and vegetables for both immediate use and for home canning inasmuch as these perishable foods require no ration points. The War Production Board has promised adequate supplies of covers and rubber rings for home canning.

"Beginning in May our company will furnish through its stores up-to-the-minute information as to when the various fruits and vegetables are available in sufficient quantities to warrant canning," Baum said. "It is a patriotic duty this year to can fruits and vegetables in peak production periods to avoid waste."

Annual Easter Service Sunday

All members of the Catholic Order of Foresters and the Fraternal Order of Eagles are requested to be at the Eagles hall at 8:30 Sunday, April 11, to march in a body to St. Mary's church where the annual Easter communion for the members will be served.

A special hour has been set aside for men working on the two to ten o'clock shift to go to confession. Rev. H. A. Benoit will hear confessions at 11 o'clock Saturday, April 10. This is only for men unable to go at any other time.

Members are asked to wear their insignia Sunday morning.

Alfred Hale of Packers' Falls road has been confined to his home for two weeks with the grippe.
