## New Sandy Carl Bakery To Open Thursday, July 14th

Mr. and Mrs. Lorenzo Roy have announced that their new bakery will be open for business on Thursday, July 14th. They have completed extensive alterations and in addition to the bakery they will have a modern coffee shop and sandwich bar.

The Roys are not new to the bakery business, having had many years of experience at Auburn, Me., and Brockton, Mass. Mrs. Roy is also a full fledged baker.

The Sandy Carl Bakery will be open daily from 6 a.m. to 6 p.m. and on Sundays they will be open from 6 a.m. to 11 a.m., so that customers will have an opportunity to purchase fresh doughnuts and bakery goods after church.

The bakery will have a complete line of bakery products such as cakes, pies, muffins, cookies and will also make wedding cakes and cater to parties and special functions. Each week there will be weekly specials.

The Roys recently purchased the business and entire building from the Blanchette estate. They now reside on the second floor with their two daughters whose names appear on the new sign over the shop.

## None Injured As Fly Causes Crash

Newmarket Police report that recently Herbert R. Dayruple of New road reported to them that at about 6:55 that day, his wife and child narrowly escaped being injured when a green fly got in the car. He told police that in attempting to kill the insect, he lost control of the car which sideswiped two trees and then struck a pine tree head-on. The car was damaged extensively.

## TIGERS WIN FIRST PRIZE AT BROCKTON FAIR MUSTER

By Ronnie Griswold.

The Tigers finally accomplished what they have wanted to do. The crew pumped into first place and won the largest muster of the year as far as prizes go.

The tub left Newmarket at 7:00 a.m. and started for the fair. After arriving at the fair grounds, the men unloaded the Tiger and got her ready for the parade. The parade was beautiful with old and new firefighting equipment and many bands.

As soon as the parade was over, the boys went through the different amusements. Some of them won dolls, but what they all wanted was a first prize. They did it, but didn't know it at that time. The crew had to be back to the tub at 2:00 p.m. to get her ready for pumping. It looked as though no one

Henry Wajda, nationally famous local jockey, was in the limelight last Thursday when he miraculously saved the life of a fellow jockey at Suffolk Downs.

Tony DeSpirito today can thank his lucky stars, or more rightly one of his rival riders, for the fact that he's still alive, let alone that he's still able to don riding silks. The 1952 riding champ from Lawrence was headed for his eighth spill and serious

injury, if not death when Henry Wajda miraculously lifted him back into the saddle.

It all happened in Thursday's third race at Suffolk Downs. Tony was aboard the 2 to 1 favored Color Bearer and running well when getting caught in tight quarters along the rail. The green, 2-year-old colt appeared to suddenly prop at the sight of the rail, tossing his rider out of the saddle.

At the time this all happened, Wajda, astride Lusty Andy, was about a length behind the struggling Tony. Instinctively

Wajda sent his mount along side, reached down and scooped up Tony by the armpit, inches before he hit the ground.

"Hammerin" Hank from Newmarket, did an unbelievable job as he attempted to keep his horse next to the loose running Color Bearer while pulling DeSpirito upright. The struggle lasted better than an eight of a mile, but he finally had Tony back in the saddle.

What would have made it real bad was that Tony's left boot became entangled in his stirrup and he he couldn't free himself on the way off the horse. Had he hit the ground he would have been dragged around the oval and almost certain to have been stepped on and kicked endless number of times. Had he escaped with his life it would have been a miracle.

As it was, Tony finished the course minus both stirrups and had a difficult time pulling up his horse.

After it was all over, neither rider could remember much of the incident but were mighty happy boys it turned out the way it did. And few in the 8362 gathering could see what actually happened.

But the films of the race disclosed the whole thing.

DeSpirito went to view the pictures shortly after checking back into the jockey's quarters and was amazed at what he saw.

"That boy (Wajda) really saved my life," stated the gleeful Tony. "If it weren't for him, I'd have surely been a goner. Don't know what really happened, but it was no one's fault that I can see. But I'm sure glad Hank was there."

Wajda could shed no light on the subject or how he scooped up his rival.

"It must have been all instinct," claimed the modest hero. "Don't even recall reaching for Tony. All I was trying to do was keep my horse close to his, and that was a tussle as he was trying to get away from him."

The recently-wed Wajda has been active in racing circles for a number of years and has risen to national fame as a leading jockey.

On the basis of risking his life in saving the life of a fellow jockey, Henry has been nominated for the George Wolf Memorial Trophy which is given annually. This is the highest honor that can be given to a thoroughbred rider.

He is the son of Mrs. Anna Wajda of Packers Falls road.

## Budget Com. To Meet Tuesday

The Budget Committee will meet Tuesday, July 12th with members of the Library Board of Trustees, the parking meter officer and representatives of the sewer department. This meeting is a continuation of the recently innovated practice of the committee to meet in turn each of the appointed or elective officials responsible for the various town departments. The purpose of these meetings is to acquaint the committee with the budgetary responsibilities of the various departments so that a long range budget plan can be established.

## AWARD PLACQUE PRESENTED ST. MARY'S SCHOOL

Pictured above is Comm. Charles A. Bennett, Jr., Robert G. Durgin Post, presenting a new American Legion School Award Plaque to Sister Superior Marie Adrien (center) and Sister Marie Olivina (right) of St. Mary's Parochial School recently. The students who win the awards each year will have their names inscribed on the placque which will be displayed at the school. — Photo Courtesy of Fred L. Beale

## Personal Notes of Interest

Mr. and Mrs. John Cook, Sr. and their daughter Mrs. Dick Miller, the former Peggy Cook, and her three children of Orville, Ohio, will spend their vacation at Wallis Sands.

Mrs. Stella Cilley is taking a 6-week refresher elementary education course at the University of New Hampshire. She will teach first and second grades this fall at the Nottingham school.

Mr. and Mrs. Robert Tegan and baby son of Medford, Long Island, N. Y., were weekend guests of Mr. and Mrs. John Mullen of Forest street.

Peter Mooney, formerly on the staff of Newmarket high school, is participating in the second summer institute for

high school science and mathematics teachers at Thiel College, Greenville, Pa. The National Science Foundation sponsors the institute annually.

Mr. and Mrs. Thomas Sullivan of the Plains road will vacation at the end of this month with their son and daughter-in-law in Bangor, Me.

Mr. and Mrs. H. J. Philbrick have returned from a short trip to the Province of Quebec and the state of Vermont.

An auction will be held Saturday, July 9th, at the Fred Wright place on Exeter road, with the dwelling and contents to be offered for sale.

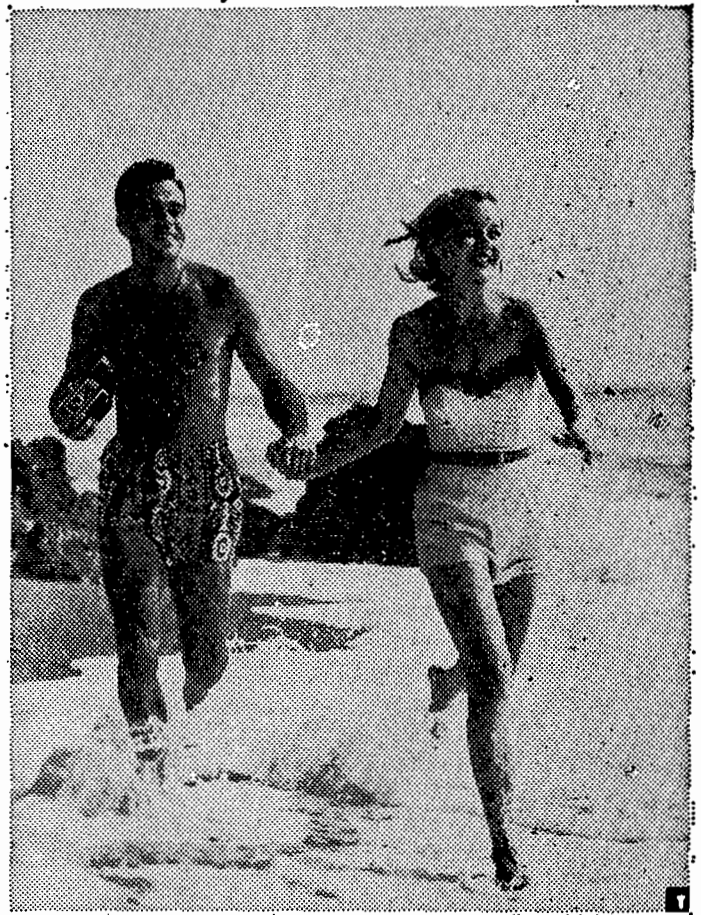

Miss Lois Kent is spending the summer at the home of her parents on South Main street.

Granite Chapter DAR of Newfields met at the cottage of Mrs. Elvin Stetson at Lake

Pictured above is Miss Dorothy Rice, who plays a leading role in "Right Bed, Wrong Husband" now playing at the Hampton Playhouse, the area's leading summer theatre.

## BOY, GIRL AND CAMERA

They make a perfect picture of summertime fun at the beach. And the fun will last long after summer's over — in the pictures he takes. Your glamour girl will look her best forever in your snapshots, color slides or color movies if you pay some attention to pose and lighting. Show her doing things, not just staring at the camera. One good lighting trick: try a shot with the sun coming from behind her, giving her hair a golden glow, and use flash to eliminate facial shadows. Remember that at the beach the bright sky and sun reflecting from sand and waves make the light very strong. Your pictures will look bleached if you don't treat beach scenes as bright, not average, photographic subjects. A shorter speed or smaller lens opening will prevent overexposed pictures.

Winnepesaukee recently. A picnic lunch was served. In the afternoon the hostess took members for a boat ride on the lake. A business meeting was held in the afternoon also. The next meeting of the chapter will be at the home of Miss Ella Schenck of Newfields, July 21st.

Mr. and Mrs. Arthur J. LaBonte are on vacation in Canada.

Mr. and Mrs. William Neal of New road have returned from a tour of the Province of Quebec, where they visited the shrine of St. Anne De Beaupre and enjoyed the Canadian countryside.

Mrs. Sandra Dodds is vacationing with her parents, Mr. road. She is currently working and Mrs. John Dodds on Epping at the Concord Hospital and will compete her nurses training soon.

## Cub Scouts To Visit Air Base Phillips Exeter To Host School Head Seminar

Members of Cub Scout Pack #201 will be guests of Pease Air Force Base Thursday, July 21st. All cub scouts should be assembled at the library at 9:15 sharp.

The scouts will be transported by private cars to the gate of the base where they will be met by base representatives and will travel by bus around the installation. The Cubs will be given an opportunity to inspect two different types of planes in use there and will have the chance to tour different points of interest. The group will return to town by the early afternoon.

A seminar sponsored by the National Council of Independent Schools and supported primarily by a grant from the Lilly Endowment, Inc., will bring some forty heads of independent schools from all over the country to the Phillips Exeter Academy, July 11-16.

The conference, under the direction of Harvard Business School faculty members John B. Matthews and John Seiler, will consist mainly of a series of case studies of typical administrative problems likely to be faced by heads of schools. The objective of the seminar will be to contribute to a clearer perspective of the tasks and responsibilities of the head of the school and to increased effectiveness in independent school administration.

President John S. Dickey of Dartmouth College and August Heckscher, director of the Twentieth Century Fund, will be guest speakers during the conference.

# Through The Years . . .

With Mary Richardson

## Carl's New Snow Plow

It has been so warm for the last few days, we have decided to give our readers a snow story.

On February 28, 1920, Newmarket was treated to the worst snow storm of the season. Carl Mathes and his folks lived in the house his father built on the hill. Carl purchased a snow plow which was a great help.

The snow was up to ones arms on the telephone posts. The Boston and Maine railroad were unable to cope with this situation. The Newmarket Manufacturing Company sent all available man power, among them, Lewis Walker.

The snow was shovelled from one man to another. Tuesday was a terribly cold day. The new snow plow did a good job although the ice froze on the cowketcher. There were generally two railroad tracks, but only one was visible. There were no trains from Saturday night until Tuesday.

Finally the hidden track commenced to appear and the West bound track was open to traffic. Elmer Kidder was station agent at Newmarket at the

time. One stormy morning at 2:30 a.m., the Mathes family were awakened by the ringing of the telephone. Carl answered it and Mr. Kidder's voice asked him if he would attempt to locate a lost train. It was such a bad storm, Carl declined to venture out. The train was discovered later this side of Dover.

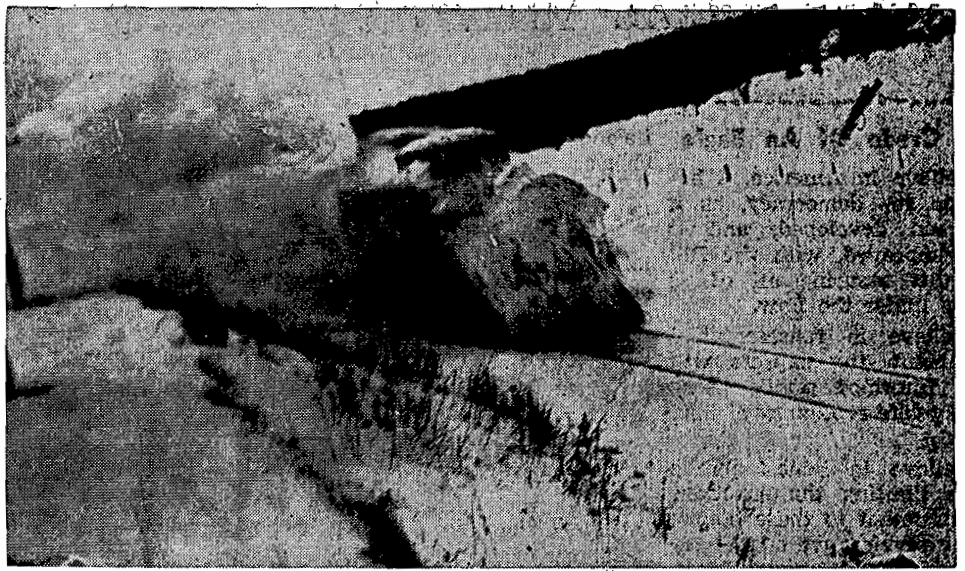

The home of Mr. and Mrs. Mathes was situated in a very charming spot.

At the junction of the Newmarket and Stratham highways on what is now known as Fowler's Hill, Captain William Hilton built a garrison in 1680. It was a log house surrounded by a palisade. In this enclosure was a barn with a sentry box at the top. In the attack of July 10, 1690, the sentry had fallen asleep while the men haying in the field were suddenly surrounded by Indians. At this time nine men were killed. They were buried in one grave on the southwest slope of the hill.

One mile nearer the settlement of Lamprey River on a hill to the east, Jeremiah Folsom built a brick garrison in 1719. This was demolished in 1874.

The Constatine B. Mathes house stands on the site of the old garrison and the new home was somewhat like it in proportions.

As a child, I loved to go into Mr. Mathes dry goods store. The store is now occupied by Albert Caswell. In those days the shelves were full of all kinds of pretty cloth, table covers, lace, ribbons and many

The above photo, taken the day after the year's worst storm of 1920, shows Carl Mathes' snow plow pushing its way down the railroad track in Newmarket.

## SEASON'S WORST SNOW STORM — 1920

## Edward F. Upham Appointed Successor To Retired Purington

other things. Mrs. Mathes acted as clerk. The twins, Maudie and Mamie would come in after school and we would have a fine time together.

Mrs. Mathes was a good housekeeper and cook. At one time she purchased a cow from Eli Edgerly of Durham Point road, for \$21.00.

The picture which you see is lent us through the courtesy of Carl Mathes of Orlando, Fla.

Edward F. Upham of Genesee, N. Y., will succeed James A. Purington of Exeter as Rockingham County Agricultural Agent effective July 1, according to Samuel W. Hoitt, director, Cooperative Extension Service, University of New Hampshire.

Purington, veteran agent of 40 years of service, retired June 30, 1960.

Upham is a native of Concord with 15 years of farming experience. He has been employed on a 200-acre dairy operation, a 15,000-layer poultry plant, on a fruit farm and was manager of two general farms of 300 and 550 acres.

The new Rockingham County

agent holds a Bachelor's Degree and a Master's Degree from the University of Massachusetts, Amherst. He's a veteran of military service, is married and has three children. Upham's major at U-Mass. was agriculture, the growing of vegetables, and plant-breeding was a minor study. Since graduation from the University he has been employed as agronomist in New York State for the American Agricultural Chemical Co.

## Fireside Forum Holds Outing

The Fireside Forum of the Newmarket Community Church held its annual outing at John Carpenter's orchard on Main street. Dr. Irving Brown presided as chef at the steak barbecue which was served.

Fifteen couples attended with special guests including Mr. and Mrs. Calvin Wright of Ward Hill, Mass., and Mr. and Mrs. Robert Marden of Nashua.

Games were played during the outing. Serving on the committee were Mrs. Mildred Cushman, Mrs. Pauline Polchlopek, John Dodds and James George.

## EAGLES SOCIAL ACTIVITIES

With Arthur J. LaBonte

### The Credo Of An Eagle

I believe in America. I believe in its' democracy, as it has been developed, and is being improved, with the Bill of Rights assuring all of us Liberty under the Law.

I believe in representative government, the express will of an informed public being the only safe repository of final power.

I believe in honest public service limiting the functions of government to those house-keeping services we cannot effectively provide ourselves.

I believe in our free way of life under which men and woman can choose an occupation, or build a business, or

belong to a labor union of their choice.

I believe in America, I believe in its voluntary organizations where ordinary folks can join in serving their community and country. I believe in its churches respecting the faiths by which men and women work and live.

I believe in its schools, public and parochial, knowing that education to be the bulwark of democratic living.

I believe in its clubs and lodges believing such free associations of individuals to be a cement that holds a free society together.

I believe in Americans, I believe in the folks from many lands, men of all creeds and races who have built this Nation of Nations, this people of peoples.

I believe in my fellow men and fellow passengers with me on this troubled planet.

I believe in partnership with all free peoples in our standing together in defense of the values we share.

I believe in fellowship on a people-to-people basis, including as allies and friends, those who are enslaved by the tyrannies of time.

I believe in national defense, for the world as it is and also international operation for the world as it will be some day.

I believe that Soviet directed World Communism represents

a military, economic and moral challenge to our civilization.

I believe that those who love Liberty and hate tyranny can muster the military, economic and moral strength to repel that challenge.

I believe that the Soviet empire contains within itself the seeds of its own destruction and that, without war, we can hasten its collapse.

I believe that war or no war, we must stand firm and united recognizing that there is nothing to fear but fear itself.

And finally, I believe that in Liberty, Truth, Equality, and Justice, these four pillars upon which the Fraternal Order of Eagles was founded in 1898.

### Maine Deer

#### Becomes N. H. Resident

On a foggy morning not long ago, the Coast Guard from the Portsmouth Life Guard Station was called out to rescue a small boat at sea. They returned to their station with not one but two survivors!

One-half mile beyond Whaleback Lighthouse, on the Maine side of the channel, headed straight out to sea, the Coast Guardsmen spotted a big doe swimming for all she was worth. She was one mile off the Maine shore and two miles from the New Hampshire shore. Evidently she had jumped into the ocean to escape from dogs which had been chasing her.

The men lassoed the doe and got her aboard, then upon reaching port they put a call for help to Conservation Officer Carl Akerley of Portsmouth. Akerley promptly answered their plea. Upon reaching the scene he found they had taken the ropes from the deer and had turned her loose in a good-

## CASTRO STILL "LIBERATING" AMERICAN PROPERTY

Statement By U. S. Senator Styles Bridges (R., N.H.) in the Senate June 30, 1960 on Castro's latest Anti-American Action

Mr. President, Fidel Castro has just liberated some more American property. An American oil refinery at Santiago, valued at \$14 million and one of the largest in Cuba was "intervened" recently by Cuban militia. "Intervened" is a nice word by Castro's action for stealing by government edict. This latest outrage brings to my mind a famous incident in American diplomatic history which occurred just 56 years ago.

The Republican Party was holding its National Convention in Chicago in June 1904.

President Theodore Roosevelt was at the convention seeking the nomination of his party. The President received a cablegram from Morocco that a naturalized American citizen named Perdicaris had been seized by a Moroccan bandit and was being held for ran-

somed. The Sultan of Morocco pleaded inability to do anything. "Teddy" Roosevelt called his Secretary of State and dictated a five-word cablegram to the Sultan with a copy to the U.S. Consul General in Morocco. It electrified America and compelled respect for the country throughout the world. I quote: "PERDICARIS ALIVE OR RAISULA DEAD."

At the same time, President Roosevelt ordered the nearest American warship with Marines to proceed to Morocco.

Raisula quickly released Perdicaris. In those long forgotten days even a bandit in the hills of Morocco knew that when Uncle Sam spoke he meant business. We are most sympathetic with the citizens of Cuba, but Mr. Castro is now leading them down the path where he might be treated as a bandit by his own people.

som. The Sultan of Morocco pleaded inability to do anything.

## East Pakistan Youth Visits New Hampshire

Bazlur Rahman Patwary has been in New Hampshire about three weeks and is very impressed with the climate, scenery and particularly with the hospitality extended him.

One of ten young people visiting the United States from East Pakistan as part of the International Farm Youth Exchange Program, in his home country, "Pat" belongs to an organization equivalent to America's 4-H clubs. When candidates for the exchange program were being selected, his activities in this organization and his qualities of leadership gained him recognition in his own area. Final selection of those to make the extended visit to the United States — from May to October — was on the basis of extensive physical and competitive examinations.

While in this country the 23 year old East Pakistanian will study farms and farming methods throughout the nation so he may take back information which will be of help to his country. In conjunction with his project, "Pat" toured Powder Mill Rearing Station in Alton, accompanied by New Hampshire's Fish and Game Director, Ralph G. Carpenter, 2nd; Bearnard Corson, Chief of Fisheries; and Robert Knowlton, Supervisor of Fish and Game Distribution.

What has fish and game to do with farming? In East Pakistan fisheries is considered an agricultural practice and fish farming is an important industry, since fish are an important food item in the open market. In East Pakistan a moud (equivalent to 80 pounds) of fish sell for 35 rupees (a rupee is worth about 20c American money) or about 10 a pound. "Pat" is himself a fish culturist and has three farms ponds. Therefore,

## MISS SANDRA MAE BASSETT WEDS JOHN D. CONNOR

Miss Sandra Mae Bassett, daughter of Mr. and Mrs. Charles A. Bassett of 30 Cedar street, Newmarket, became the bride of John D. Connor, son of Mr. and Mrs. John A. Connor of Lawrence, Mass., formerly of Newmarket, in a double ring ceremony recently at St. Mary's Church. The Rev. William D. Connor, S.J. of Montreal, Canada, uncle of the bridegroom, performed the service.

Given in marriage by her father, the bride wore a white silk organza gown with a fitted bodice with panels of chantilly lace, a sabrina neckline with self scallops and short sleeves. Her full skirt was fashioned with a band of chantilly lace above a founce that fell into a chapel length train. Her finger length veil came from a crown of seed pearls and she carried a bouquet of white roses.

Mrs. Carla LeCoe of Newmarket, matron of honor, was gowned in pink silk taffeta. She wore a floral headpiece and carried a bouquet of mixed flowers.

Raelene Hanks, five year old niece of the bride was flower

girl. Dressed in a blue silk ankle length gown, she wore a headpiece of flowers and carried a tiny nosegay.

Under the exchange program, 4-H club members are visiting East Pakistan while the ten young people from that country are in the United States. "Pat" is currently staying in Concord at the home of Donald Burbank of the Soil Conservation Service.

Best man was Joseph Laport of Newmarket, brother-in-law of the groom. Ushers were Roland Hanks of Durham, brother of the bride, and Raymond Labranche of Barrington, brother-in-law of the bridegroom.

The mother of the bride wore a blue silk dress with white accessories. Her corsage was of pink roses.

The grooms mother wore a gown of aqua with white accessories and a corsage of pink roses.

Following the ceremony, a wedding reception was held at the Polish Hall with a buffet lunch served the guests. The 3-tier wedding cake was ornamented with minature wedding figures.

Miss Donna Hanks was in charge of the guest book.

The newlyweds departed on a wedding trip to the White Mountains and are now making their home in their trailer at 30 1/2 Cedar street.

Mr. and Mrs. Connor are both graduates of the Newmarket high school, class of 1958. Mrs. Connor is employed at a receptionist at the Kingston Manufacturing Co. Her husband will attend the University of New Hampshire this fall.

## HOW TO KEEP A SPOTLESS KITCHEN

It's been said that the kitchen is the hub of the home. Today's busy housewife will certainly agree. She can wash, iron, cook, serve meals, even talk on the telephone—all without moving more than a few steps around her well-designed kitchen. Because so much of her family's life is centered here, the modern mistress of the mansion takes particular care to keep her kitchen hygienically clean and shining bright.

Here's how she does it. After each meal, she'll wash and put away all the dishes, scrub the sink and sweep the floor. At regular intervals, she'll clean the inside of her refrigerator with a baking soda solution, and use a disinfectant in the soapy water when she mops the kitchen floor. Dishcloths and towels are always spread out to dry after use, and are laundered frequently in a good detergent.

The careful homemaker will also take steps to prevent the invasion of her kitchen by insect pests. Keeping sugar bowls, flour canisters, and all food containers tightly closed is of prime importance, as well as clearing away any crumbs or spilt food that may attract the bugs. Whenever necessary, she'll spray all cracks and crevices under the sink and along baseboards with a reliable insecticide, such as Black Flag's Ant and Roach Killer. Available in a push-button pressure pack can, this is a residual spray which contains Dieldrin and Malathion as the primary active ingredients. Its killing power lasts for weeks, and it has been proven the housewife's best defense against ants, roaches and all crawling insects.

# NEWS FROM LEE . . .

By Mrs. Lloyd Stevens

## Clinics Successful

District nurse Lois Booth termed the recent Well-Child and Polio Clinics a success. Although there will not be another area polio clinic until fall, adults or children needing any of the polio series may obtain them at the Well-Child clinics which will be held every month on the 4th Tuesday at 10 a.m.

The next clinic will be held July 26th.

The clinics are sponsored by the Lee Firemen's Auxiliary. Members working as recorders and helpers are Mrs. Hugh MacDonald, Mrs. Winston Dupre and Mrs. Lloyd Stevens. The Lee Congregational Church donates the use of the Vestry.

## Lee Hill 4-H Club

Carolyn Granger and Pamela Bruns of the Lee Hill 4-H club attended a two day pre-camp training for 4-H counselors all over the state at Bear Hill pond 4-H camp on Thursday and Friday.

## Shower Given Mrs. Peaselee

Miss Helen Johnston of Lee, who recently married Harold Peaselee, was feted at a bridal shower given by Mrs. Arnold Mennenga of Drinkwater road, Hampton Falls. Mrs. Peaselee was a former teacher at Hampton Falls. Mrs. Harold Lord, Jr., and Mrs. Lewis Creighton assisted in serving refreshments.

Attending were Mrs. Kenneth Swain, Mrs. Miriam Plimpton, Mrs. Everett, Scruton, Mrs. Lewis Creighton, Mrs. Richard Bohm, Mrs. Harold Lord, Jr., Mrs. Alphonse Lemire, Miss Georgianna Mennenga, all of Hampton Falls; Mrs. Amos Lancaster and Mrs. Charles Akerman of Exeter; Miss Ardia Emery and Mrs. Nancy Boyle of Hampton and Mrs. Laura Fleury of Lee.

Other invited guests were Mrs. Kenneth Pelton, Mrs. Richard Belcher, Mrs. John McEachern, Jr., Mrs. Bernard Mark, Miss Hazel Byers, Mrs. Howard Stiles and Mrs. Robert Weaver.

## Personals

Mrs. Myrtle Emmert flew in from Ormand Beach, Fla., last Monday to spend the summer with her son, Lloyd Stevens and family.

Bill Allen, who has served his two year hitch in the submarine service of the USN, was discharged last week from Norfolk, Va. He and his wife, the former Penny Main, are now residing at Green Dream Farm in Lee where Bill is employed by Ralph Booth.

Mr. and Mrs. Carl Brown and sons left Saturday on a two weeks' vacation. After a trip to Canada they plan to visit Detroit, Mich., and return by way of New York City.

Mrs. Philip Harriman and daughters Betty Jean and Janet from Stockton Springs, Me., recently visited with Mrs. Harriman's mother, Mrs. Frank Walden at her home at Glenmere Village. Janet remained at the Walden's to spend the month of July with her grandmother.

Mr. and Mrs. H. K. Swift and five children from Chester, N. H., have recently purchased the home of Mr. and Mrs. Lawrence Hill on Rt. 155, near the Lee-Madbury line. Mr. Swift will operate a dairy farm.

Mr. and Mrs. Lawrence Hill have moved up to their other farm, the old Bartlett place, on Shell road. The Hill's daughter and son-in-law, Mr. and Mrs. E. J. Kelly, have moved into the apartment upstairs. Mrs. Kelly will be teaching next fall in the Portsmouth elementary school while her husband attends the Portsmouth Technological Institute.

Colonel and Mrs. Harry Morrill and three boys, Brian, Steve

and Jimmy arrived Friday night at the home of Mrs. Morrill's parents, Mr. and Mrs. Frank I. Caldwell. Colonel Morrill and Brian and Steven will stay for a week and Mrs. Morrill and Jimmy will remain for the month of July.

Mr. and Mrs. Frank I. Caldwell celebrated their 48th wedding anniversary last Saturday in a quiet manner with friends dropping by to extend their best wishes throughout the day.

The welcomed rain storm Friday night had its unfortunate aspects also. Telephones in the area went out of service and lightning struck the barn at Thompson's dairy, on Packers Falls road, knocking out the electric circuits and killing a yearling.

## Vacation Bible School

Vacation Bible School under the direction of Mrs. Hugh MacDonald, Sunday School superintendent, will be held for two weeks starting July 11 and ending July 22. All children in the neighborhood and all ages are invited to attend.

## Church Family Picnic

A church family picnic for church members, Sunday school students and neighbors of the church will be held Sunday, July 10 from 4 to 6 in the afternoon. Each family is asked to bring a picnic lunch. Grills will be available. Ice cream and beverages will be provided by the church.

## SEA-GOING BUS RIDE LURES VACATIONERS

Frolicking fringe benefit of a Trailways bus trip from Norfolk to Philadelphia or New York is a one and one-half hour ferry ride across the Chesapeake Bay. These vacationers (above left) are testing the wheel on the Pocohantas, one of five large, comfortable ferries operated by the Chesapeake Bay Ferry District Commission. Buses board the ferry at Norfolk for the 21-mile trip across blue waters to Kiptopeke while passengers relish the opportunity to snap pictures from the bridge, enjoy meals in the dining room or just plain relax in deck chairs.

## TWO ACCIDENTS REPORTED ON LEE HIGHWAYS THURSDAY

A tractor-trailer loaded with dressed poultry tipped over in a ditch early Thursday morning when the truck's lights failed, State Police reported.

The driver, Carol F. Suhr, 35, of Pleasant Hill road, Freeport Me., said he was driving from Durham to Concord when he switched to high beam to read a road sign. He said the lights failed and the unit went off the road into a shallow ditch and overturned.

Suhr was not injured.

The poultry was transferred to another truck.

Another accident occurred on Thursday when three were injured in a crash at the intersection of Rts. 155 and 155A. Taken to the Wentworth-Dover hospital were Gerald Preston of Fox Garrison road, Lee; Mrs. Douglas Eckhardt and her son David of Needham, Mass.

The two Eckhardts sustained minor injuries while Preston is still hospitalized with a concussion, multiple bruises and head injuries requiring twenty stitches.

Preston was driving a pickup truck heading towards Lee on Rt. 155 when Eckhardt's car collided head-on with the truck. Both vehicles were extensively damaged.

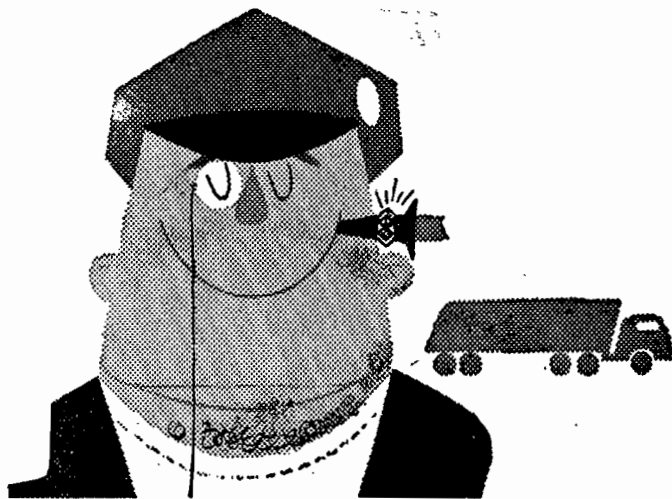

State Trooper Donald Buxton investigated the accident.

Special mention should be given to two young Army men who were in the car behind Preston's vehicle. David Landry and Robert Berry, on fur-

lough from Fort Dix, N. J., immediately stopped to assist in any way they could. After applying the rules of first aid they went to the nearest house where Mrs. Oliver Kennard called the State Police. While Berry stayed with the injured Preston, Landry went to notify Mrs. Walter Preston and brought her back to the scene of the accident. By the time they arrived, the ambulance had taken Preston away.

The young men rushed Mrs. Preston and her husband, whom they picked up in Durham where he was working unaware of the accident, to the Wentworth hospital in Dover where their son was in the emergency room.

Mr. and Mrs. Walter Preston were deeply grateful for the kindness and consideration that these two men showed them, as total strangers.

## LUXURY DRIVING ... True Economy

### ANTI-RUMBLE GASOLENE

## Joe Dixx's Sport Corner

By Richard Schanda

Congressman Chester E. Merrow reports that a survey of the Exeter River channel has been completed by the U.S. Army Corps of Engineers and they reported that the river channel is in satisfactory condition. The Lamprey River will be checked over during 1961.

With no commercial river trade or commercial traffic, it is unlikely that a dredging operation will be suggested by the Army. The river is slowly filling in with sand and silt and each year after the spring floods and tides have calmed down and people start to use the river, they soon find that the bottom of the river has somehow risen and where the water was deep last fall, they now start to shear pins. The only real solution is a dredge. In due time, the Lamprey river will be as shallow as the Exeter river. When this happens, I hope Uncle Sam will divert one of his famous overseas millions and spend it on this side of the pond.

A tip of the hat to a Packers Falls boater who has been flagging the stumps and rocks in the upper river. If you see a red marker going upstream, keep to the river side.

Local Public Utility officer, Mike Menter, has just been assigned the Lamprey river and if you haven't got your motor registered and boat equipped, now would seem to be the time to get it over with. Better to take a trip up to see Mike for plates than to drop down to see Edgerly and pay a \$15 fine.

THE NEWMARKET TIMES must have a reader down in Orlando, Fla., for Ed Hilton, who reported the black woodchuck, received a letter which read something like this:

Dear Ed: I saw your picture of that black woodchuck and would like to know what kind of alcohol you boys brew up in

the hills. That woodchuck looked just like my pet pole cat which is a cross between a house cat and a skunk. Yours truly, Gyp.

It sounds as if he got into some good old fermented orange juice.

My old Uncle Flub spent the long weekend fishing up to Back lake and he claims that the rainbows are so thick in that lake that when a fish gets tired of swimming up the lake he flops out to the beach and turns around to swim back down the lake. The fish must be packed in pretty tight or old Flub was pretty tight. Take your pick.

This is the time of year for overnight fishing and camping trips and a word of warning to the litter bugs. Do not leave bottles or papers around, for if you are caught by the game warden, it is an automatic year suspension of your fishing license.

## Playground To Open July 11

The Newmarket Playground will open July 11th at 9:30 a.m. at the high school grounds with Jack Dow of Hampton as director and Mrs. Doris Paradise as crafts director. Opening day will be the traditional Popsicle Day. Each child in attendance will receive a popsicle during the mid-afternoon session.

As in the past, each week will offer special events, games and contests, as well as the craft items which include loop pot holders, guimpe lanyards, braided items, knitting, shell craft and other skills gauged to the talents and abilities of the youngsters attending.

## WOMEN'S GOLF ENDS 1st HALF

The Womens Golf League ended the first half of its season at the Rockingham Golf Club last week with a tie between Team 1, captained by Mrs. Doris St. Amour and Team 4, captained by Mrs. Barbara Munroe.

The second half of the playing season begins Thursday evening, July 14th, with the winning team from each half matched for the league championship.

## BANTAM BOWLING LISTS SCORES OF LAST WEEK

The Newmarket Bantam Bowling League announces the big six following last weeks games:

John Langlois of Team 1 has a score of 461 with a 76.5 average; Jeff Filmore of Team 3 with a score of 410 and a 68.1 average; Mike Pazdon of Team 2 with a score of 400 and an average of 66.4; Alan Kustra of Team 6 with 392 pins and a 65.2 average; Bruce Hodsdon of Team 5 with 381 pins and an average of 63.3; and Fred Toland of Team 10 with 378 and an average of 63.

Teams one, three and five lead with 8 games each. High single and high triple for the boys was John Langlois with 93 and 231. For the girls, it was Jane Hazeltime with a high single of 72 and Donna Gazda with a 202 score for the high triple honor.

Team 3 lead with a high single of 332 and also a high triple of 933.

Providing transportation for the 60 local youngsters parti-

cipating in the series were Toni Malek, Mrs. Lillian Langlois, Leo Boisvert, Mrs. Norma Otash, Mrs. Marlene Filion, Mrs. Tillie Gazda, Mrs. Jenny Schultz, Mrs. Nellie Anderson, Mrs. Velma Szacik, Mrs. Mary Labranche, Mrs. Lola Sewall and Mrs. Betty Philbrick.

The Bantam League will bowl again on Wednesday, July 13th.

## TIGER — Continued from Page One

ing start, which is pumping very slow at first and working up a faster pace until they reach their highest rate of pumping.

This proved to be the winning factor as the stream started ed down the paper slowly and picked up more footage as it went along. Finally reaching 175' 1", the crew had to stop. Not knowing yet of their accomplishment, they waited for a runner to come back with the score. The boys tried again and again but couldn't beat their first pump.

The competition in the second class for the first three prizes was very close. The Taggart took third, eight inches behind the Tiger, while the Union #1 took second, only three inches behind the Tiger.

The Ould Newbury tub took second prize is class A with a score of 205' 7". The Tigers had a wonderful day for themselves as they took first prize in class B and the Ould Newbury's Protection took second along with the Tiger boys winning their dolls.

The members representing the Newmarket hand tub were Hank Willy, George Griswold, Jennie Griswold, Fred Harclerode, Ronnie Griswold, Gail Griswold, Al Pierce and sons,

## WATER POLO CONTEST

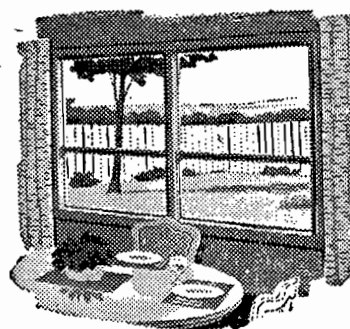

The above photo was taken at last year's Lee Firemen's Fair. It shows two teams in a Water Polo Contest during which each team attempts to score on the other by means of water pressure on a large rubber ball. The above contest was between a visiting French team and the Lee Firemen. Spectators wandering too close to the ring are getting soaked and are high-stepping to get away. — Photo by Marion Stevens

## Two Fined In Court Session

At the June 24 session of Municipal Court with Judge Russell H. McGuirk presiding, Lawrence J. Riis of Portsmouth appeared on a speeding charge. He entered a plea of nolo which was accepted by the court and was fined \$15.

Chester E. Stewart of Rochester was arraigned before Judge McGuirk on a charge of aggravated assault on a police officer. He entered a plea of guilty and was bound over without bail for the September session of Superior Court.

On July 1st, James C. Harris, who gave his address as 100 Main street, Newmarket and who was brought in on a drunkenness charge, entered a plea of guilty and was ordered to pay a fine of \$25.

# American Legion News

By Fred L. Beale

The next regular meeting of the Post will be Monday night, July 11th, (postponed from July 4th).

The committee on the welfare of the Post met on Monday, June 27th. While there were several absentees, a very formidable program was started for the present year. The proposed calendar for this year starts off with the annual Post Outing at Schanda's camp off New road on Sunday, August 7th. Tickets are \$2.00 a person and children accompanied by their parents and under 12 years of age are admitted free.

A district three convention will be held here in Legion hall in August. The date has not been set as yet.

The membership drive will be getting under way in August with the first membership supper (Oyster Stew) free to

members who have paid their 1961 dues on the 19th of Sept.

Our proposed auction will take place in September and any member or person who has articles that they would like to donate for a good cause may get in touch with any of the members. The chairman of this committee is William Robitille.

We will hold another membership supper just before the fall conference for all paid up member for 1961. This is the final date before the conference and we desire to go to the conference with 100% membership in order that we may win a Big 10 Award. A Halloween Party will be held this month and will be similar to the last two with prizes. Prizes will be listed at a later date in this column.

November is our anniversary month and several forms of

entertainment have been proposed. Also plans are being formed for a Turkey Raffle before Thanksgiving.

We will also hold a New Years Party this year and a Valentines Party in February of 1961. In March, we will celebrate the birth of the American Legion. Plans have not been made as just when the activities will be. The committee will meet again in July when each program will be brought to a more complete basis.

Past commander Fred L. Beale is heading this committee and expects a larger attendance at the next meeting. This promises to be a very active and aggressive year for the Post.

A trophy was accepted this year by the department to be awarded each year to that Post which sets up the best current history of the Post activities for this year and the Robert G. Durgin Post is going after this trophy. It was awarded the department by the only all Women's Post in the New Hampshire department and one of the active cogs in the third New Hampshire district, namely the Peg Milan Post #110 of Portsmouth in memory of one of their past commanders, Francis Jackson, who was also the district historian for three years and compiled the best history of any Post or district in the department. Yes, we should make an attempt to be the first in this district to win this trophy.

contest now going on every Tuesday night at the clug.

The Friday night socials are still largely attended and some nice dancing is being enjoyed by those who attend. The J. B. Trio from Dover are doing a fine job. Good music!

## IN THE CHURCHES

**COMMUNITY CHURCH** — Supply minister every Sunday. Sunday School 9:30; Morning Worship Service 11:00; Youth Fellowship, 6:00 p.m.

**SACRED HEART MISSION CHURCH, Newfields** — Sunday Mass at 9 a.m., Rev. Robert Bryson.

**ST. MARY'S CHURCH** — Rev. Eugene Dumas, pastor; Rev. Robert Bryson, curate; Sunday Masses, 6, 7, 8, 9 and 11 p.m. During the summer, Confessions will be heard at 7 p.m. every Saturday. There will be no Confessions heard at 3:00.

First Friday Masses will be at 7 a.m. and 5 p.m.

The Lee Congregational Church and the Union Church of Madbury have planned union services during the summer months with the following schedule:

July 3 — 9:30 a.m., Union Church, Madbury. July 10 — 9:30 a.m., Union Church, Madbury. July 17 — 9:30 a.m., Union Church, Madbury. July 24 and 30, August 7 — 11 a.m., Lee Church, Lee.

## "IN GOD WE TRUST"

Anybody got a dime? Shiny and new, or dull and old, it doesn't matter. Not for a telephone call, but as a reminder of something we're inclined to forget. If you haven't got a dime, a nickle will do. Have a look at the words.

It gives a familiar answer to an old familiar question that keeps edging up to poke us in the ribs. It's the same antique item that has been nagging at us straight through history, from Plymouth Rock right up to today's headlines. To date, no amount of slapping down has eliminated this issue and even the latest mauling failed to finish it off.

The question is blunt and to the point: Are we hanging on to all our freedoms? Notice that all of them are included. Not this particular one nor that, but the whole works. Let one of those freedoms slip and all of them start skidding.

Once more we have to give the same old answer, but this time louder and clearer than ever before. Something like: "Men were endowed by their Creator with certain unalien-

able rights, "straight out of the Declaration of Independence. And so that everyone is not likely to forget the idea, just reach into your pocket or purse and get out that nickle or dime. There it is: "In God We Trust."

That trust helped carry this nation from its founding days through its darkest times. That same faith can carry us today through every danger of a world that keeps getting upset one place or another.

And just so we can keep that faith, let's do as the Religion in American Life program urges and "worship together this week."

## NEW STAMP ISSUES LISTED BY POSTAL DEPT.

No date has been set yet for the Boys' Club of America stamp.

July 19 — 4c Pony Express, Sacramento, Calif.
