**EAGLES MUSICAL-COMEDY SHOW ENDS TWO-DAY PERFORMANCE THIS EVENING**

A landslide of laughs seemed to be the keynote for the political comedy show "Running Wild" presented on Wednesday and Thursday, Sept. 21 and 22 at the High School. From the moment the teenage chorus girls dashed onto the stage shouting "Extra! "Running Wild" was presented by Lamprey Aerie No. 1934, with proceeds going to their annual Children's Christmas Party.

The cast is as follows:

Chuck, Rod MacDougal; Doc, Ralph Larrivee; Profit, Ted Allen, Jr.; Hertha, Jean Provost.

**SCHOOL BOARD HOLDS YEARS FIRST MEETING**

The Newmarket School Board held their first meeting of the year last week with Superintendent Thayer Wade announcing the following changes in the bus schedule:

Children taking the bus at Rockingham Junction will be picked up at 7:45 a.m. and taken to their schools. The bus will then proceed to Peckers Falls road, up to Shelton's Garage, on the Durham side instead of picking up near the cannon.

This year the hot lunch program will include Newmarket High school with Mrs. Isabelle Dearborn in charge of the program.

It was voted to have a safety patrol near the Central school. A plan will be worked out by Mr. Edward O'Connor, Central school principal and Police Chief John Valliere.

**NOTICE**

The Property Tax Bills will be mailed out this week. Enclosed with the bills, there will be a pamphlet showing the results of the recent re-valuation conducted by the State Tax Commission. During the discount period, ending Oct. 8, the Tax Collector will be at the Public Works Office at the Town Hall every evening from six to seven. Mrs. Jennie Loiselle, Tax Collector.

## WATER COMMISSION AUTHORIZES PURCHASE OF NEW EQUIPMENT

The Board of Water Commissioners has authorized one more step towards the eventual change over from a manual to an automatic system at the town water works. Edwin Kimball was given the go-ahead to install a new unit which will act as a gauge to determine the water level in the town's water tank.

The Board feels an automatic system will result in considerable saving in number of hours releasing water work personnel to do other work outside the plant. The Board estimates the cost can be amortized in savings in one year or less and it is hoped the change over can be initiated by Jan. 1, 1961. Under the new system, water will be pumped on a 24-hour basis instead of the regular eight hour schedule, assuring a constant water supply.

The last coat of paint has been put on the tank, completing the repair job. The contractor, Roy O. Leonard, guaranteed the job for one year, at which time he will return for an inspection. If there are any defects in workmanship, repairs will be made at no cost to the town. Supt. of Public Works, Richard Walker, praised the job done by Leonard, stating he not only met the contract's specifications but exceeded them.

During the Board's monthly meeting which was held Monday evening, Supt. Walked reported that more water was consumed this summer than ever before. In spite of the fact that some days required ten hours of pumping, the Water Works was able to meet the demand.

## CIVIL DEFENSE UNIT PLANS ACTIVITIES FOR THIS SEASON

A busy year is shaping up for Newmarket's active C. D. organization as reported at the first meeting of the season held Monday night at the fire station. Nineteen members volunteered for the Auxilliary Police School to start in Exeter next February, while ten members volunteered for a C.D. Rescue Program with emphasis on water rescue, which Director George Hauschel is interested in organizing.

An urgent need for a communication system between the fire house and police station was discussed and tabled for a month during which time the

director will investigate suggestions of a citizen band radio, field phones and intercommunication system.

It was proposed to divide the town into zones for a census which would provide a cross index file of information necessary to Civil Defense. A suggestion for scheduling an Advanced American Red Cross First Aid Course was tabled until next month. An authorization by Motor Vehicle Commissioner Clarke for C. D. members to display their stickers in the

## MISS ALICE DUDLEY APPOINTED NEW LEE CIVIL DEFENSE DIRECTOR

Miss Alice Dudley was appointed Civil Defense Director for the town of Lee by the Board of Selectmen, effective Sept. 13, to replace Staton Curtis who resigned last June. Miss Dudley was formerly serving the town as assistant director and in the interim, as acting C.D. director. It was the latter capacity that she organized the town during the recent hurricane alert.

Following the first morning weather warning, coordination between the police and fire department and volunteer workers proceeded immediately. The Jeremiah Smith Grange Hall was opened by Miss Dudley and Carl Sanders for temporary housing, all available containers filled with water by Mrs. Irene Pratte, C.D. cots were on hand, a refrigerator was moved into the Grange kitchen by Clyde Fogg where a gas stove was also available for use.

The Lee Fire Department stood by with its portable generator in case of power failure and it loaned one of its first aid kits (C.D. had none) while

Mrs. Roger Woodhead, RN, and Dr. Charles Howarth stood by for any emergency. Under the direction of Mrs. Chris Cook, president of the Lee Fire Department Auxiliary, food, clothing and bedding were available by members of the Auxiliary. In cooperation with the Road Agent, a team was set up to patrol the roads following the storm to report broken lines, remove trees and broken limbs and lend any assistance necessary.

Working on the team were Likver and Tim Kennard, Lloyd Stevens, John Knabenschuh, Bob Keniston, Jr., Ted Gooch, Arthur Pratte and Mike Menter. Assisting in the planning was Bob Keniston, Jr. Mr. and Mrs. George Nugent volunteered to house and feed up to 6 people in their home should the emergency arise.

Director Dudley expressed her sincere gratitude for the fine prompt cooperation of townspeople during the alert. In a further emergency, news of plans and activities of the Lee Civil Defense will be announced over the local radio stations, which were most cooperative during the recent exercises.

lower right hand corner of the windshield was read.

This year the Newmarket Civil Defense will strive for improvement in its efforts to coordinate its services in existing units such as the fire department, police department, auxiliary police, engineering and Red Cross and in other fields such as industry, medicine, religious organizations and welfare.

Special thanks were given to the Auxiliary Police and the fire department by C.D. assistant director Ed Tourigny and Police Chief John Valliere on the commendable job the units did during the three alerts this summer. Secretary Betty Harclerode reported 21 people attended the C.D. picnic held last July at Watson's, adding that those present paid their own individual expenses.

Six new members were admitted to the Newmarket Civil Defense unit: Ed McLean, Albert Pierce, Wayne Tilton, Warren Jenkins, Ronnie Griswold and Bruce Charest.

A short meeting of the Auxiliary Police followed to admit one new member, Albert Pierce.

Light refreshments were served during the social hour. The next regular meeting will be held on Monday, Oct. 17.

## Lee Couple Cast First Ballots After Becoming Naturalized Citizens

Lee couple, Dr. and Mrs. Brian Kay of Concord road, hit the jackpot with two firsts Tuesday morning when they voted for the first votes in the town of Lee at the Primary polls at the Town Hall.

After a wait of nearly 6 years, the Kays were awarded their citizenship last week at a ceremony in Concord. Dr. Kay, a former native of New Zealand and his wife "Scotty" Eleanor Smith Kay, formerly of Galt, Ontario, met while students at the University of Toronto. The couple came to the states and resided in New Haven, Conn., for two years while Mr. Kay did research at Yale University. During this time the Kays became acquainted with New Hampshire on fishing trips and vacations and were so charmed that they decided to live in the area if possible. Shortly thereafter, the couple accepted positions at UNH where Dr. Kay is Associate Professor in the Psychology Department and Mrs. Kay is a Psychologist in the Counseling Service.

After living in Durham for 3 years the Kays moved into their new home in Lee last year. They have on son, Bruce, aged 3½.

Dr. Kay first became interested in the United States as a

possible future home when he passed through the country while serving the Royal New Zealand Navy. During his Navy tour of duty and later in Korea where he served as a member of the combined U.S.-Canadian Research team, he met many Americans who helped him come to the decision. It was only after careful consideration and deliberation that Dr. and Mrs. Kay made the ultimate decision to change their allegiance from their birth places to America, accepting as their own responsibility its faults as well as its virtues.

It comes to the mind of this reporter that we might all better appreciate our privileges as Americans if we had to make the same decisions and pass the same rigorous tests as our new citizens.

## American Legion News

By Fred L. Beale

The Robert G. Durgin Post held its regular meeting Monday, Sept. 19th and the meeting was preceded by a Membership Committee Oyster Supper. No bowl had less than 12, yes twelve, well-developed oysters, Bay Variety, and especially good. There were seconds for those who felt the need for them. This supper was put on by the membership committee and chef for the event was Rainbow Lemieux. I don't know what he put into the supper other than oysters, but it is with great pleasure that those who attended went home with the best of ideas and thanks for the supper.

It was voted at the meeting that the Robert G. Durgin Post challenge the Somersworth Post to a membership competition. In about three weeks we have obtained about 40 per cent of our quota and we have until Nov. 6th to obtain the rest to win a "Big 10 Award" at Concord.

Inasmuch as we expect to win an award and are relying upon the co-operation of the entire membership, we are staging a Victory Membership Supper — to be held the Monday night following the Fall Conference. In other words — mark it down on your calendar . . . Mon., Nov. 7th — Victory Supper at the Legion Dining Hall. Tickets may be issued, so watch this column in the next weeks and be sure not to miss out on this big night.

In checking over the membership, I find that there are a few who have not paid their 1960 dues and will miss out on their Longevity Cards if they don't hurry. Dec. 31st is the absolute deadline to save your record.

Following the business meeting, Past District Commander Robert True of Durham put on a moving picture of a complete UNH-University of Mass. football game — in color. It was well received and there will be further pictures and some very inviting subjects and if you don't attend — it's your loss.

We need some more sons of the members to sign up for the National Junior Rifle Team which is being organized and if you intend to go hunting in future years, it is going to be necessary that you have this information before you may get a license. Contact either Fred Degonyoun of Pine street or Frank Toland, Elm street.

Only 15 boys in first group — so don't delay.

Time is flying and if you haven't got one of the tickets on the Corvair which the Third N. H. District is selling, you may lose out on it.

Anyone wishing to hire the Legion Hall should get in touch with Fred L. Beale, OL 9-3356. The hall is available to wedding parties, etc.

All five members of the family were taken to the Exeter Hospital in the Brisson and Kent ambulance. Catherine was most seriously injured with a broken left wrist. Although the Boulangers were badly shaken up they were released with minor bruises. The car sustained slight damage.

The accident which occurred Sunday afternoon at 3:40 was investigated by Chief Valliere.

## The Story of Dr. Charles A. Morse

Dr. Charles A. Morse, one of the most talented men Newmarket has had the privilege of knowing, was born in Salisbury, Sept. 8, 1857, the son of Charles George and Lucy Jane (Calif) Morse. When he was 3 years old his parents moved to Concord, where he was educated in the public schools and at the Penacook Normal school and Dartmouth Medical school, from which he was graduated in November, 1881. The second day of February next following, he came to this town.

Dr. Morse was a strong Democrat. He became a leader in local politics and was recognized by his opponents as well as by his friends as a man of unusual capacity for leadership and "hard to beat." He was a fine orator and when a Democratic caucus was held, generally at the Star Theatre, the doctor would "hold forth" and most of those presented would be persuaded that they should vote the Democratic ticket.

The doctor was a baseball enthusiast. The young men of the town had a baseball league, and some of our older friends may remember some of those who belonged, among them Dowd Evans, "King" Haley, Jackie Behan, John Scammon and John Cotter, a friend from Boston who later became Father Cotter of Exeter. Many of the operations of the Newmarket

Manufacturing Company joined the league. They held their games Saturday afternoon at the ball park.

The league used to play Exeter, Newfields and Epping. There was to be a big game one Saturday, and our doctor said if we won he would sweep the streets clean. We won, all right, and there was a grand celebration. The first thing on the program was a big torch light procession with the Newmarket brass band headed by Dr. Charles A. Morse, who carried a brand new broom over his shoulder "to sweep Newmarket clean."

After the parade the doctor and the boys marched down street, where they met the losers and invited them to a big supper at a restaurant.

Dr. Morse was local postmaster for a long while with his sister, Alma, as assistant. He was also superintendent of school, representative in 1887, elected to the State Senate for 1899, 1900, Selectman for 1904, 05 and 06 and for six years was moderator. He was also justice of the police court. He was past grand chancellor of the grand lodge of K. of P. of New Hampshire and has filled all the offices of Pioneer Lodge No. 1, was an active member of the Uniform Rank of the order and he held a commission therein as colonel.

Dr. Morse was married twice. He was married Sept. 5, 1883 to Annie E. Sanders, daughter of William and Mary F. Sanders of Epsom. They had one daughter, Annie L. Mrs. Morse died

Here are Mr. Ernest Randall, Sandra Julia Eason and in front of the table, Mrs. Ernest Randall and Barbara Ann Randall at the 50th wedding anniversary of Mr. and Mrs. Ernest Randall.

in 1885 and a few years later he married Gertrude M. Davis, daughter of David O. and Martha A. (deMeritt) Davis of Durham. They had two daughters.

The doctor decided he would like to travel a bit and started out one day and went to California where he remained until he passed away at a good old age. The doctor's daughter, Annie, attended Newmarket schools and graduated from Newmarket High school under Prof. Crawford, the only one in her class. After graduation, Annie taught school in New Durham where she met Ernest Randall and on June 3, 1908, she and Ernest were married in Durham and after working several years, Ernest secured employment in Newmarket. Sorrow came into their lives when their two little girls died and a short time after that, their little boy was drowned.

They decided they would move out west. They settled first in Nevada but later moved to California where they have been for three years. Mr. Randall is now retired. He was an operating engineer working for the government for the last 15 years.

The couple celebrated their 50th wedding anniversary June 3, 1958 at their home on 146 East Holt avenue, Pomona, Calif. Open house was held. Mr. and Mrs. Randall's daughters and son planned the open house and received the guests. Many friends and relatives attended. They received gifts, flowers and

cards from New Hampshire, Florida and California.

Mr. and Mrs. Randall have three children: Mrs. Owen Wilson of Rialto Calif.; Charles A. Randall of Montebello, Calif.; and Mrs. Guy Eason of Pomona, Calif. There are 6 grandchildren and 4 great grandchildren.

Assisting at the reception were two granddaughters from Pomona, Sandra Julia and Barbara Ann Eason. Mrs. James O. Williams, the old granddaughter and her two daughters, Pauldie Ann and Janice Lynn Williams of St. Petersburg, Fla., were unable to attend. A step granddaughter, Mrs. Norman Puddy and her 2 sons, James and Lonney, were on their way to Morocco to join Mrs. Puddy's husband who is stationed there with the Air Force.

Mrs. Wilson belongs to the D.A.R. She joined Granite Chapter D.A.R. of Newfields, April 15, 1950. She was member until 1954 when she was transferred to the San Bernardino D.A.R. Granite Chapter was organized Dec. 8, 1904. Mrs. Wilson joined the D.A.R. through her great aunt, Alma Morse, who became a member January 13, 1910 and who was regent for a while. Mrs. Wilson

likes to think of Granite State D.A.R. as her home chapter. She is vice-regent of San Bernardino D.A.R. and expects to be regent next year. She also does the write-ups for the San Bernardino Sunday News on the D.A.R. Mrs. Wilson is also a charter member of Roger Williams Chapter Colonial Dames of XVII Century.

Mrs. Wilson's husband is part Sioux Indian, on his mother's side. His grandfather, Chief Red Cloud of the great Sioux nation is still living and is still chief. He is very old.

## Municipal Court

Associate Justice John A. Ederly, Jr., of Newmarket heard three cases Saturday afternoon, Sept. 17, at Newmarket Municipal Court. Mrs. Georgia Elliott of 153 Main street, Newmarket, was fined \$10. on a charge of disorderly conduct and was ordered to forfeit a \$50 peace bond (issued Oct. 31, 1959 to keep the peace for one year).

Washington has announced the starting day, limits and length of season for the New Hampshire Duck season.

The season will open on Oct. 15 at noon and end for ducks on Dec. 3rd. You may hunt geese for another 10 days or until December 13th.

The bag limits is 3 ducks. There is a 2 duck limit on wood duck. You may take only one hooded merganser in your daily bag. On geese, the bag limit remains at 2 per day or 4 in possession. A little added bonus on the ducks lets you take 5 American or Red Breasted Mergansers daily. This is in addition to the 3 regular ducks.

After the first day, the shooting hours will be from one-half hour before sunrise to sunset. To be on the safe side, check the rules and regulations which are posted in the Post Office.

The pheasant population in the Newmarket area seems to be under last years. Unless the Fish and Game department begins dropping a few here and there, hunting will be a bit poorer than last year. The late stocking program makes it very hard to estimate how the hunting will be in our area but we do know that there are only a few native birds around. Late stocking of pheasants may save more birds for the bird hunter but the fields look kind of barren through the summer.

An old friend of mine, Charlie Mills, from Lee Hook road, almost fulfilled a vow he made almost ten years ago. It seems he swore he would take his sister-in-law, Jane Harvey, and guide her to her first limit of trout. Last week he took her to

a brook, jammed with nice brookies. He went up stream and she fished down stream. Jane caught nine (9) trout, on flies, and quit. Now Jane thought that 9 was the limit and left for the road. Charlie must have been a little warm under the collar because it will probably take another 10 years to line up a spot like that again.

Keep your chin up Charlie — if she had caught ten trout you would have never heard the end of it!

The Salmon Petition is just about filled up and if you want to add your name to it before we send it to Concord, drop into Henry's Barber Shop on Central street. We have about 200 names which should have the desired effect in Concord. Many of the signers are concerned with the pollution of the lower river. The new anti-pollution laws and proposed sewerage plants should and will remove this damaging effect.

As soon as a reply is received from Concord, I will print the contents.

A former Massachusetts coon hunter, Marty Crowley, has been heard trying to teach a few coon hunting tricks to Aurel Baillargeon, who resides on New road. Trying to teach Aurel coon hunting is like teaching a fish how to swim. No doubt Aurel has treed more coons than Marty has seen in his life. So — with a big broad wink — Aurel invited Marty to attend a New Hampshire Coon Hunt. I will go along to give you readers a first hand account of the hunt. We'll try both methods to be fair.

The enjoyable day was topped off with steak dinners and card games. On Oct. 2, the same two groups will play at Arundel, Me.

## NEWMARKET FILLS QUOTA AT MONDAY BLOODMOBILE

Thirty-seven pints of blood were donated at Monday's drawing to complete Newmarket's quota set up by the Exeter Chapter of the American Red Cross. Thirty-eight Newmarket people volunteered their blood; there was one temporary reject.

The semi-annual drawing was held at St. Mary's hall Monday afternoon, according to Mrs. Clayton Bloom, local chairman of the Bloodmobile.

Local people assisting were men from the N. H. Electric company who unloaded and loaded the equipment, Dr. Irving Brown, attending physician, Mrs. Robert Loiselle, R.N., and Mrs. John Kitchin, R.N., and nurse's aide, Mrs. Herbert Philbrick.

Mrs. Henry Bosinger was in charge of the Canteen, assisted by Mrs. Robert Beauchesne, Mrs. Charles Labranche and Mrs. Henry Coesens.

Chairman Mrs. Bloom wishes to thank all who cooperated in the successful drawing, including the businesses who released their employees to participate.

## Mother Hears Son's Recorded Voice Over WHEB Community News

### IGA Weekly News

Our meat specials this week are ground beef, stewing beef and sausage rolls. Check our ad for prices. I have a recipe that is a little different and it uses two of the meats that are featured this week.

- Beef and Sausage Meat Loaf**  
 1½ lb. ground beef  
 1 lb. sausage meat  
 3 good sized potatoes (mashed)  
 2 medium onions  
 1 small can pimientos  
 1 cup thin cream or undiluted evaporated milk  
 1 tart apple (grated)  
 1½ tsp. salt  
 ½ tsp. pepper  
 1 tbsp. parsley (minced)  
 1 tbsp. chives (minced)

Combine all ingredients except cream or milk and mix well. Moisten with cream or milk. Pack in well greased loaf pan, cover with buttered paper and bake in moderate oven (350) about 2 hours, removing the paper for the last 15 minutes of baking.

Serve with any desired sauce.

Bob and Alvina LaBranch attended the IFGA Convention which was held at Wentworth-by-the-Sea.

Bob Valliere, "Red" White, Bert Lepene and Ronnie LaBranch attended a meeting and meat cutting demonstration at Salem, Mass. Monday evening. The boys were really lucky and came home with 2 out of 5 door prizes.

The IGA bowling team took 2 points last week. Come boys, lets see if we can't take them all this week.

Friday, Sept. 16 started off like any other ordinary day for Mrs. Albert Charest of Ham street until the first of many calls from her friends and neighbors changed her day into a memorable occasion.

The reason? The voice of her long absent son, Bobby, as spoken over WHEB Community News morning broadcast on a pre-recorded tape released by the U. S. Army to the local radio station. As the Charest's telephone is new and not yet listed, there was a slight delay in the news reaching Mrs. Charest so that she only caught the last of Bobby's message — but the thrill of hearing her son's voice after five years made it a never-to-be-forgotten day.

Robert, 21, is the oldest of the Charest's five children. He attended St. Mary's school in Newmarket and Exeter High school, receiving his high school diploma in the service. He has been stationed in Germany for three and a half years, where he met and married his wife, Ilse. The couple now have a 5-month old daughter.

Sgt. Charest recently graduated from the Non-Commissioned Officer Academy at Bad Tov and according to the taped interview expects to be home next February.

A pleasant P.S. transpired when Mr. Harold Segal, the new manager of WHEB Radio Station had a record made of the taped interview and delivered it to Mrs. Charest.

### Our American Flag and Our American Creed

Since Flag Day of this year I have intended to write something about Our Flag and its significance, feeling that it may be of interest not only to the F.O.E. members but to all of the TIMES readers as well.

By itself, a flag is nothing. Just a piece of cloth. But, in what it symbolizes, what it stands for, it is everything. The Stars and Stripes is an emblem that commands our allegiance and stirs the hearts and patriotic fervor of all of us when we see it unfurled in the breeze.

The American flag is still changing with each addition of a new state to the union, and with that of Hawaii, there are now 50 white stars in the field of blue.

It is pleasant to believe the stirring story of Betsy Ross designing and making the first flag known during the exciting Revolutionary War. Sober-side historians generally discredit the tale but agree that belief in the story is harmless and comforting to the imagination. "Old Glory" has a most interesting history. Before the Revolution, each of the 13 British Colonies

had its own flag. On January 2, 1776, the first flag symbolizing all of the Colonies, known as the Grand Union Flag, was raised at Cambridge, Mass., by George Washington himself. The emblem had 13 alternating red and white stripes, but no stars. On June 14, 1777 (this date is now observed as Flag Day) the Continental Congress enacted a resolution that "the flag of the United States be 13 stripes, alternating red and white, and that the Union be 13 stars white in a blue field representing a new constellation. This flag spurred the Continental Army to ultimate victory over the British Army forces.

With the admission of Vermont and Kentucky to the Union in 1794, Congress voted to add two more stars and two stripes to the flag.

By the year 1818, there were 20 states in the Union and it became apparent that if a star and stripe were added with each new state the flag would soon become too big and cumbersome to handle. Congress then voted to return to the

design of 13 stripes permanently and to add only a star for each new state admitted to the Union. This practice was still continued this year with the addition of Hawaii.

The customs and rules covering the use and display of the flag have been ratified by an Act of Congress. The procedure to be followed during the ceremony of raising or lowering the flag or when the flag is passing in a parade or review, is stated in Public Law 829 which states "All persons present should face the flag, stand at attention and salute. Those present in uniform should render the military salute. When not in uniform, men should remove the head dress with the right hand, holding it at the left shoulder, the hand being over the heart. Men without hats should salute in the same manner. Aliens should stand at attention. Women should salute by placing the right hand over the heart. The salute to the flag in a moving column should be rendered the moment the flag passes."

The pledge of allegiance was made official in 1942, and reworded by a congressional resolution in 1954, which was as follows:

"I pledge allegiance to the flag of the United States of America, and to the Republic for which it stands. One nation, under God, indivisible with liberty, and justice for all."

The power a flag possesses to arouse feelings of patriotic passion was never better exemplified than in the origin of our National Anthem. During a British bombardment of Fort McHenry near Baltimore, Francis Scott Keyes glimpsed the flag bravely flying through the shell-torn night, moving him to compose the imperishable stanzas of our official song

Front row: J. Munroe, K. Willey, P. St. Pierre, E. Edgerly, R. Sklarski, R. Littlefield, J. Harclerode, J. Tatro, R. Harclerode. Second row: J. McKenna, L. Gowen, G. Griswold, S. Szacik, R. Sklarski, L. Hatch, J. Willey, E. Wasiewski, B. Dupre, J. Griswold, R. Keller. Standing: F. Harclerode, H. Littlefield, P. Gilbert, P. Pierce, R. Griswold, F. Willey, Sr., J. Norton, George Griswold, Tiger No. 1 Handtub foreman, took picture.

which is still our national Anthem today.

Our American Creed, a statement of patriotism, appropriate for this troubled era, was written in 1917 by William Tyler Page, a clerk in the U. S. House of Representatives and adopted by that body in 1918. It reads: "I believe in the United States of America as a government of the people, by the people and for the people, whose just powers are derived from the consent of the governed. A democracy in a Republic, a sovereign nation of many sovereign states. A perfect union, one and inseparable, established upon these principles of Freedom, Equality and Justice and Humanity, for which American patriots sacrificed their lives and fortunes. I, therefore believe it is my duty to my country to love it, to support its constitution, to obey its laws, to respect its flag, and to defend it against all enemies."

If every American fully understood these words, America could improve the position which she stands today. It is up to us all to stand firm on our principals and to act with integrity according to them. Let us remember that our "Flag" is a symbol of liberty as well as a silent sentinel guarding our nation, insuring the safety and happiness of our citizens.

LET'S KEEP IT THAT WAY!
